

WARNER PACIFIC COLLEGE

ADP | ADULT DEGREE PROGRAM

CELEBRATING OVER 25 YEARS OF ADULT EDUCATION

Warner Pacific College provides a full range of options for course materials through our partnership with Tree of Life Bookstores (<http://www.treeoflifebooks.com/>). By partnering with Tree of Life, we offer the options to purchase new, purchase used, or rent textbooks. Tree of Life also offers a buy-back service for textbooks, as does the WPC Mt. Tabor Bookstore (<http://wpcbookstore.com/home.aspx>).

Once registered for classes with Warner Pacific ADP, Tree of Life will automatically ship course textbooks to your designated shipping address 15 days prior to the start of your next course. All you need to do is ensure that we have the address where you want your books shipped, and that you identify your preferences (new, used, or rental) on the MyWP Student Portal.

In order to ensure that books are delivered correctly, please **make sure we have an accurate shipping address**. To verify or change your textbook shipping address:

- Navigate to mywp.warnerpacific.edu
- Login to MyWP with your username and password
- Click on "User Account" on the top right of the page, under "WebAdvisor"
- Click on "Textbook Pref and Ship Addr"
- Or click on the following link and log in: Textbook Shipping Address
(<https://mywp.warnerpacific.edu/student/Pages/WebAdvisor.aspx?title=Book+Store+Shipping+Address&pid=CORE-XWECOS002>)

Your textbook shipping address can be different than your official mailing address and should be a location where you can take delivery during the workday, or a place where you feel confident that the package can be securely left during the day. If you do not enter a textbook shipping address, the shipment will be sent, by default, to the address that we have on file as your official mailing address.
