

YOUR year, YOUR yearbook

Wouldn't you rather have a yearbook that has the year YOU remember? Imagine having the ability to put in your photos and memories in the yearbook. No one will have the same yearbook as you and that's the way it should be, because this is **Your Year, Your Yearbook!**

Are you an Athlete and have photos of your favorite bus ride to a game or are you a Thespian who has multiple pictures of the cast backstage? Put them in your yearbook because you are allotted two free pages to put your memories on, but don't stop there, add a few more pages for just an additional \$3.99 cost to make sure you remember the school year.

Only \$17.15 (S/H may apply), your yearbook will include each season's events and happenings and the two free personalized pages (with the option to add more at \$3.99 per two-page spread) and you can have it shipped right to your home address.

If you do not want to add any personalized pages, no problem, you don't have to; however the cost remains the same.

With all that said, let's get your yearbook started. Here is a step by step guide to help with signing up and personalizing your page for the best yearbook ever.
