

WARNER
PACIFIC
UNIVERSITY

2019-2020 Catalog

Welcome

Welcome to Warner Pacific University! Our Mt. Tabor campus is located in the heart of Portland, Oregon—a vibrant, progressive and beautiful city. Warner Pacific University is a Christ-centered urban liberal arts university dedicated to providing students from diverse backgrounds an education that prepares them to engage actively in a constantly changing world. Over recent years, we have come to better understand our mission statement and how it applies to the unique setting of our campus. We seek to educate students who welcome the learning that comes with living in an increasingly diverse and thriving urban environment.

Four core themes run through our mission statement and guide the holistic educational process at Warner Pacific University. First and foremost, we are Christ-centered. We use that language intentionally! We believe the life and teaching of Jesus Christ provide the best framework for a learning community. We welcome students from diverse backgrounds to come and engage in a learning experience that provides the best of community participation and strives to reflect the character of Christ.

Second, Warner Pacific University is committed to collaborating with and for our urban context. We are fortunate to be located in the City of Portland, where students can engage in learning, serving, leading, interning and working in this city. The world is becoming increasingly urban, and we believe students will be best prepared if they experience opportunities to navigate and apply their learning in an urban context. Beyond that, we believe we have a tremendous opportunity to love and serve our neighbors as we seek the flourishing of our city.

Third, we believe that a liberal arts education provides the best foundation to prepare students to engage actively in a world and economy that is constantly changing. Increasingly, students are pursuing career-focused majors. We believe our liberal arts core provides an important foundation for students to gain the essential skills for leadership and success in all of life's pursuits. The liberal arts provide a common understanding of our context, develop students' ability to learn and be adaptable throughout their lifetimes, and cultivate the ability to think critically and make good decisions. A central element of our curriculum is the Humanities Core, which equips students with the critical reading and thinking skills to help them decipher good answers through the complexities that arise in engaging real-world questions. As a result, you will be thoroughly prepared for leadership and service as you encounter life's paradoxes and the challenges of your life's calling.

Finally, we are committed to investing in the formation and success of students from diverse backgrounds. We believe a Christ-centered urban education at Warner Pacific University should be accessible and welcoming. We embrace students from diverse backgrounds as they study and live in a community that is characterized by low student to faculty ratios (small classes), intentional mentoring, and a support system that encourages intellectual, personal, spiritual and vocational development. Many new possibilities await you as you embark on your educational journey at Warner Pacific University. Make the most of each class, each friendship, and each opportunity you encounter – our desire is for you to flourish in every aspect of your life.

Sincerely,

Andrea P. Cook, Ph.D.
President

History and Accreditation

Warner Pacific University is operated under the auspices of the Church of God (Anderson, Indiana) as a place of education and service for people, regardless of their denomination, who desire a quality liberal arts education in a vital Christian community. Founded in 1937 in Spokane, Washington, it was incorporated as Pacific Bible College and prepared church leaders during its early years. A desire for a more central location in the Pacific Northwest led to a move to Portland in 1940. In 1959, the name of the institution was changed to Warner Pacific College in honor of one of the early founders of the church as well as to reflect its growing liberal arts emphasis. In 2018, the name was changed to Warner Pacific University to more accurately reflect the growth and development it has experienced in the scope of the programs offered and the scale of what its graduates are achieving. It has been accredited by the Northwest Commission on Colleges and Universities (8060 165th Ave. NE, Suite 100, Redmond, WA 98052; Telephone: 425.558.4224; FAX: 425.376.0596) since 1961. Additionally, the university is approved by the State of Oregon (www.doj.state.or.us/finfraud/) to offer degree programs and for the training of teachers in identified subject areas. Warner Pacific has also been approved to offer specific degree programs in the State of Washington (see page 236).

Proviso

Warner Pacific University is an equal opportunity employer, which seeks faculty and staff who have a personal commitment to Jesus Christ and to the educational mission of the university as a Christ-centered liberal arts institution. Warner Pacific University does not discriminate in its student admission and employment practices and provides equal opportunity for all students, applicants and employees regardless of race, color, sex, national origin, disability, age, veteran status and any other status protected by laws and regulations.

While every effort is made to ensure the accuracy of the information in this catalog, Warner Pacific University reserves the right to make changes at any time without prior notice. This catalog is not a contract between Warner Pacific University and current or prospective students. Additions to the curriculum for the ensuing year are published each fall in the master schedule. Degree requirements are effective according to the semester of matriculation to the institution, while policies and processes may change from catalog year to catalog year.

Admissions Policies and Procedures

ADMISSION

Warner Pacific University selects candidates for admission who value a Christ-centered liberal arts education and provide evidence of academic achievement, aptitude, and the ability to benefit from, and contribute to, the opportunities offered at the university.

CAMPUS VISIT

Prospective students and their families are strongly encouraged to visit Warner Pacific. This provides an opportunity to explore the campus and meet the people who make Warner Pacific University unique. The Office of Admission offers a variety of campus visitation days or will design an individual visit Monday through Friday, based on the needs and interests of the prospective student. Individual or group visits may be scheduled by contacting the Office of Admission at 1-800-804-1510 or 503-517-1020 weekdays from 8:00 a.m. to 5:00 p.m. or online at www.warnerpacific.edu. The office may also be reached by email at: admissions@warnerpacific.edu or by FAX at 503-517-1540. Directions to the campus, lodging, and restaurant information along with sites of local interest are available upon request.

WHEN TO APPLY

Warner Pacific University has an early application deadline of December 1 and a priority application deadline of February 1 for freshman applicants. For transfer students, the application deadline is March 1. Applications for admission will also continue to be accepted throughout the calendar year; students are encouraged to apply for admission at the earliest possible date. An early application for admission provides optimal opportunity for financial aid awards, course selection, and campus housing. Applications are accepted for the fall and spring semesters.

HOW TO APPLY

To obtain application materials and information, contact the Office of Admission by phone, 1-800-804-1510 or 503-517-1020; email, admissions@warnerpacific.edu; or FAX, 503-517-1540. Completed materials may be mailed to:

Office of Admission
Warner Pacific University
2219 SE 68th Avenue
Portland, Oregon 97215-4026

Prospective students may also apply on-line at the admission section of the Warner Pacific University website at www.warnerpacific.edu.

ADMISSION CRITERIA

To be considered for full admission in good standing, applicants must supply evidence of likely success as a Warner Pacific University student including:

For applicants to the freshman class:

A high school academic record indicating graduation with a minimum of a 2.50 cumulative grade point average (4.00 scale) or completion of the GED with an average score of at least 450.

Scores on the SAT or ACT will be considered in the admission process. Students who score below a 990 combined SAT (Evidence-based reading and writing + Math) or an ACT composite score of 19 may be requested to provide additional elements for their application to be considered.

It is recommended that students have taken a college preparatory curriculum including:

English – four years
 Mathematics – three years
 Laboratory Science – three years
 Social Studies – three years

For transfer students:

An official academic record indicating a minimum of a 2.00 cumulative grade point average (4.00 scale) from each college or university attended. Applicants with fewer than 12 semester college credits should also submit a high school academic record indicating a minimum of a 2.50 cumulative grade point average (4.00 scale) and SAT or ACT scores may also be requested.

For international students:

In addition to the criteria listed above for applicants to the freshman class and transfer students, international students must:

- Demonstrate English language proficiency (for students from countries where English is not the primary language) demonstrated by a minimum score 71 on the *Test of English as a Foreign Language (TOEFL)*.
- Provide evidence of adequate financial support through the Financial Support Verification Form.

For re-admission students:

Re-admission applicants must be in good standing academically, socially, and financially at Warner Pacific University to be eligible to re-enroll. They also must be clear of any Warner Pacific University registration holds.

For non-degree seeking students:

Non-degree seeking student applicants must have completed secondary school or hold a GED Test Certificate, and complete a non-degree seeking application for admission.

For graduate students:

An official academic record from each college or university attended, including confirmation of a completed baccalaureate degree from a regionally accredited college or university. The transcript(s) received must also reflect a minimum of a 2.75 cumulative grade point average (4.00 scale) for the M.Rel or MABTS programs, or a 3.0 cumulative grade point average (4.00 scale) for the MAT program.

ADMISSION DECISION - UNDERGRADUATE

Each candidate for admission is reviewed individually with careful consideration given to academic records, test scores, and the ability to benefit from and contribute to the opportunities offered at the university. Warner Pacific University complies with federal and state requirements for non-discrimination on the basis of handicap, sex, race, color, national or ethnic origin in admission and access to its programs and activities. Warner Pacific University reserves the right to deny admission to any applicant when that decision is determined to be in the best interest of the applicant or the institution. When a candidate has completed the application process, one of the following decisions will be made:

1. *Admission in Good Standing*

In some cases, students will be granted admission based on self-reported information or unofficial documents pending receipt of official documentation to complete their application file. If official documentation fails to arrive before the end of the first semester, the student will not be allowed to continue classes the next semester.

2. *Admission on Academic Warning*

First time freshman students whose high school performance demonstrates the need for additional assistance in order to meet their potential for academic success will be granted full admission on academic warning. Students admitted on academic warning will be limited to no more than 14 credits in the first semester, will meet regularly with an academic mentor, and will be required to submit an academic plan of action, which may include enrollment in specific classes. Students admitted on academic warning are expected to complete their first semester with a semester GPA of at least 2.0, and earn at least 12 credits. In cases where the student fails to meet these minimum requirements, the student will be placed on academic probation for the second semester of study.

3. *Admission on Academic Probation*

A limited number of students who demonstrate ability and motivation to achieve academic success are granted full admission on academic probation and are expected to earn a 2.00 or higher grade point average in the first semester of enrollment. Students admitted on academic probation will be required to participate in provisions to promote academic achievement as established by the Faculty. These provisions may include a reduction in course load, limitation of extra-curricular activities, and enrollment in specific classes or support programs.

3. *Denied Admission*

ADMISSION DECISION - GRADUATE

Each candidate for admission is reviewed individually with careful consideration given to academic records, test scores, application essay(s), professional references and the ability to benefit from and contribute to the opportunities offered at the university. Warner Pacific University complies with federal and state requirements for non-discrimination on the basis of handicap, sex, race, color, national or ethnic origin in admission and access to its programs and activities. Warner Pacific University reserves the right to deny admission to any applicant when that decision is determined to be in the best interest of the applicant or the institution.

When a candidate has completed the application process, one of the following decisions will be made:

1. *Admission in Good Standing*

In some cases, students will be granted admission based on self-reported information or unofficial documents pending receipt of official documentation to complete their application file. If official documentation fails to arrive before the end of the first semester, the student will not be allowed to continue classes the next semester.

2. *Admission on Academic Probation*

Graduate students may be accepted on a probationary basis if any of the following conditions apply:

- Entering the program with an unaccredited degree. The performance of the student will be evaluated after six semester credits of completed coursework to determine eligibility to continue the program.
- Entering the program with a GPA below 2.75. To continue in the program, the student's cumulative GPA at the end of the first semester must be a 3.0 or above. The student's performance will be re-evaluated at the end of the second semester.
- International students entering the program with a TOEFL score below 550 on the paper exam, 195 on the computer exam, or 71 in the internet-based exam.

3. *Denied Admission*

The appropriate graduate program director determines denial of admission to Warner Pacific University. An applicant denied admission has the right to appeal such a decision in writing to the Graduate Committee, provided the applicant can present relevant additional information indicating ability and motivation to achieve academic success.

NOTIFICATION

Candidates for admission who have completed the application process will receive written notification of their admissions status. Information on the following will be included in this communication:

A *tuition deposit* of \$200.00 is required of all students to confirm intention for enrollment. Deposits for the fall semester are refundable until May 1 and until November 15 for the spring semester. A completed *Warner Pacific University Health and Immunization Form* is required of all fulltime students prior to registration.

All students who will be living in Warner Pacific University residence halls, apartments, or houses are required to complete a *residence life application* and submit a \$250.00 *residence deposit*. *Deposits are refundable* until May 1 for the fall semester and November 15 for spring semester.

PAYMENT POLICIES

STUDENT ACCOUNTS

Charges to students for all tuition, fees and housing are recorded in an individual account based on the student identification number assigned upon initial enrollment. Grants, scholarships, and loan payments are recorded as credits against those charges as they are received. The balance due, if any, shown on the student's account statement must be paid in full by **August 1st for the fall semester and December 15th for the spring semester**, prior to moving into student housing, and upon receipt of subsequent monthly statements. Payments in excess of charges will be refunded to the student unless the student requests the funds be held on the account as pre-payment of future charges. All credit balances must be refunded to the student at the end of each academic year, regardless of student request. The student may apply the money to their student account for the next academic year charges by making a payment on their account.

If a student adds or drops courses, an official change of registration form must be submitted. Fees and charges are adjusted for adding and dropping courses within the allowed add/drop period at the full semester rate(s), with related adjustments in financial aid. Students considering a drop below full-time enrollment status are encouraged to discuss the financial impact for such a decision with Student Financial Services personnel.

Upon registering for classes, students incur charges and are responsible for payments of these charges whether or not they attend. Warner Pacific University, a non-profit institution of higher learning, in establishing any student account, extends credit to students solely for the purpose of financing their education.

BOOKS AND SUPPLIES

Warner Pacific University has recently changed the way that text books are purchased for students first enrolling at the University in the 2019-2020 school year (August/January starts). In order to provide students with maximum dependability and affordability, WPU has chosen to partner with Tree of Life Bookstores. The partnership with Tree of Life allows students to receive the correct books in time for the start of the academic year.

Continuing Traditional Semester Program Students

Students who began attendance at Warner Pacific University prior to August 2019, are provided a voucher to charge up to \$500 in books each semester to their student account in order to pay for their course materials at a later date. This voucher is emailed to the student's WPU email about 1 month prior to the start of classes each semester. Students are responsible for purchasing their own books using the voucher or other payment method on the MBS website at https://bookstore.mbsdirect.net/vbm/vb_home.php?FVCU_SNO=37928&url=warnerpacific.htm.

Students are also able to use the information provided on the MBS website to purchase textbooks from any other book seller.

Beginning in the 2020-2021 school year, all traditional semester program students (new and continuing) will automatically be enrolled in the Textbook Butler Digital/Rental program described below for incoming students fall 2019.

Incoming Traditional Semester Program Students

Students beginning attendance at Warner Pacific University for the first time in August 2019 or later, are automatically enrolled in the Textbook Butler digital/rental book

program with Tree of Life Bookstores. For a minimal fee per credit, students receive their books on-campus during the weekend before classes start each semester and are not required to purchase their course materials on their own. Information is provided on the Tree of Life Bookstores website for students to access books provided digitally.

Students access their textbook information on the Textbook Butler website at <https://warnerpacific.treeoflifebooks.com/>.

Students have the choice to opt out of this program until the payment deadline for the semester by contacting the Tree of Life Customer Service staff at 1-888-392-2930 to request the Opt Out Form.

Professional & Graduate Studies (Adult Degree Program)

In order to provide Professional & Graduate Studies (PGS) students with maximum dependability and affordable choices, WPU has chosen to partner with Tree of Life Bookstores. The partnership with Tree of Life allows for two important things: (1) students receive the correct books, on time, automatically, and (2) students may select purchasing options that allow them to better manage their financial resources.

Students in the Professional & Graduate Studies programs are automatically shipped their course materials about 2 weeks before each course starts as part of the Textbook Butler program. Course material charges are added to the student's WPU Student Account when the textbook is shipped. Students have the option of choosing whether they receive New, Used, Rental or Digital books.

Students access their textbook information on the Textbook Butler website at <https://warnerpacific.treeoflifebooks.com/>.

Students have the choice to opt out of this program by contacting their Academic Advisor who will work with them to submit an opt out request.

PAYMENT PLANS

Balances remaining after charges minus all financial aid, third party payments, and personal payments require a payment plan. Traditional Semester Student Payment Plans are computed on the academic year ending in April (typically nine months, maximum of 12 months). A pre-authorized plan is available to automatically deduct a monthly payment from a debit or credit card, or work study payroll earnings. A non-refundable enrollment fee equal to 5% of the amount financed will be charged to the student account and included in the payments upon plan approval.

THIRD-PARTY PLANS

The university participates in programs with third parties such as employers, government agencies, and embassies provided written documentation confirming enrollment in the third party's reimbursement program is submitted to the Office of Student Financial Services by the semester due date. All fees and charges not covered in the arrangement are the responsibility of the student and are due prior to the first day of classes. Delayed employer reimbursements may result in service charges to the student.

UNPAID ACCOUNT STATUS

Full payment, or an approved payment arrangement, is required prior to moving into housing or attending classes. A student is placed on unpaid status if satisfactory payment arrangements are not made by the first day of the semester. Failure to contact the Office of Student Financial Services may result in a voided registration. Unpaid balances,

including those created or increased after initial clearance, may be subject to a 1.5% monthly service charge (18% annually).

OUTSTANDING STUDENT ACCOUNT BALANCES

Failure to meet arranged payment plan terms may result in plan termination. Delinquent monthly accounts, and any deferred payment arrangements, incur service charges. Continuous nonpayment may result in an administrative withdrawal from enrollment and may prohibit the student from registering in subsequent semesters and obtaining official and unofficial transcripts until such obligations are satisfied. Prior to the end of enrollment, graduating students with balances greater than \$200 must enroll in an approved automatic payment plan to cover the balance remaining in order to participate in graduation ceremonies. Diplomas and transcripts are not released to any student until the student account balance is zero. In addition to withholding transcripts, records, or diplomas until all university expenses are satisfied, Warner Pacific reserves the right to preclude students with past due balances from representing the university in public activities or events.

Students experiencing legitimate extenuating circumstances relating to their finances are encouraged to meet with Student Financial Services personnel for counseling.

REFUND POLICY

If a student withdraws from all courses or is dismissed from the university, a pro-rated amount of tuition and fees, except applied music fees and housing related fees, will be refunded based on calendar days attended. After 60 percent of the semester has passed, no refund will be granted. Any refund may be reduced by the tuition deposit, room reservation deposit and meals consumed. Additional charges may arise from the terms and conditions of a residential lease. See the section: Return of Title IV Funds Policy.

Special Procedural Provisions

Federal Title IV student aid is disbursed to pay educational expenses while enrolled. When a student withdraws prior to the completion of 60 percent of the semester for which aid was awarded, a pro-rated portion of the aid must be returned to the federal government.

Federal regulations require a written institutional policy for the refund and repayment of federal aid received by students terminating enrollment for any reason during a semester for which payment has been received. Refund calculations to determine the refund percentage are performed using the Federal Title IV refund procedure as prescribed by the Federal Department of Education. Refer to the section in Financial Aid titled Return of Title IV Funds Policy.

The institution is responsible for the return of funds to appropriate federal sources based on the refund percentage identified. The student is responsible for repayment to the institution or the federal government for any balance owed created by the withdrawal.

Financial Aid Information

Warner Pacific University recognizes the challenge students and their families face in financing the cost of attending college and is committed to making affordable a personalized education of excellence. Although the primary responsibility for financing an education lies with the students and their families, the university recognizes financial assistance as a partnership between the student, the student's family, the federal government, and the university.

Warner Pacific University commits substantial resources to need-based institutional financial assistance, and to merit and talent award programs. Financial resources are available from federal, state, institutional, and private programs.

DETERMINING FINANCIAL NEED

Warner Pacific University uses data collected from the Free Application for Federal Student Aid (FAFSA) and the federally-calculated Expected Family Contribution (EFC), the state need grant application ORSAA or the Warner Pacific Need Application for each financial aid applicant to determine eligibility for both government and institutional aid funds. Parent and student contributions are determined by using federal formulas and institutional policies. The EFC is compared to the annual student budget at Warner Pacific, which includes tuition, fees, room, board and estimated amounts for books, personal and travel expenses. For those students with an EFC amount that is less than the student budget, financial need exists.

The federal need analysis formula considers parental income and assets as well as such factors as size of the family, age of the parent(s) and the number of children attending college. Also considered are necessary family expenditures such as taxes and the standard cost of living. The formula does not consider discretionary expenses (e.g., consumer indebtedness) in its calculation of the parental contribution. In addition to the parental contribution, students are expected to contribute toward their university expenses from current income, savings, and any other personal resources.

APPLICATION PROCEDURES

To receive financial assistance from the university, students must be admitted as degree-seeking students to Warner Pacific University. For Federal assistance students must be U.S. citizens or eligible non-citizens, must not be in default on educational loans nor owe repayment of federal grant funds, and must be making satisfactory academic progress toward graduation (see section titled Satisfactory Academic Progress.)

All students requesting federal, state, and need-based university funding must complete the Free Application for Federal Student Aid (FAFSA) if eligible. Students should submit a completed FAFSA to the federal processor as soon after October 1 as possible each year. The FAFSA may be completed online at <https://fafsa.gov>. Students are notified of financial assistance only after being admitted to the university. Students not eligible for federal aid should submit the ORSAA to the state agency or the Warner Pacific Need Application to the Office of Student Financial Services.

Financial aid is offered annually and students must reapply beginning October 1 of each year. Applications for aid received after the March 1 priority filing date are awarded

subject to the availability of funds. Students can expect their financial aid to be renewed each year, contingent upon available funding, provided they:

1. Submit all necessary information prior to the March 1 priority filing date.
2. Demonstrate a similar level of financial need.
3. Maintain satisfactory academic progress towards graduation.

If a student's demonstrated need changes, the aid package is adjusted accordingly.

The following information may be specific to the traditional semester calendar programs at Warner Pacific University. Please refer to the Professional and Graduate Studies Bulletin for information specific to the non-term and non-standard term calendar programs.

SOURCES OF ASSISTANCE

“Financial Aid” includes resources awarded in the form of gifts (grants and scholarships) and self-help (student employment and loans). Warner Pacific University, federal and state governments, private organizations or donors, and businesses provide the funding for these resources. The majority of assistance is awarded primarily on the basis of demonstrated financial need. However, the university also offers certain select scholarships to students based on merit without consideration of financial need.

Warner Pacific University Funds

The university awards four-year scholarships and grants to students enrolled in the traditional semester program. For some awards, the student's financial need is considered. Institutional funds are only available to students pursuing their first baccalaureate degree (regardless of whether the first degree was from an accredited institution) and require fulltime enrollment except as noted on the website. All institutional aid excludes summer semester and is divided in half by semester, with the exception of students enrolled in the sourceU program, who may use institutional aid for the summer term as well. Please contact the Office of Student Financial Services for specific requirements, restrictions, and application procedures.

Federal Funds

Federal Pell Grant: Federally funded grants awarded to financially needy students meeting the program-specific requirements as determined annually by the federal government.

Federal Supplemental Educational Opportunity Grant (FSEOG): Federally funded grants awarded to students demonstrating exceptional financial need with priority given to Federal Pell Grant recipients. The amount of the grant varies depending on need and available funding.

Federal Teacher Education Assistance for College and Higher Education Grant (TEACH): Federal grant available to students with a junior or senior status intending to teach in a public or private elementary or secondary school that serves students from low-income families. A cumulative GPA of 3.25 or ACT/SAT score in the 75th percentile is required to receive this grant. Annually students must complete the TEACH Grant Agreement to Serve and counseling. Students requesting the TEACH Grant for the first time must complete a WPU TEACH Grant Application. The student GPA is reviewed at the end of each semester to determine eligibility for the grant in subsequent semesters. Students desiring additional information should contact the Office of Student Financial Services and access the website <https://studentaid.ed.gov/TEACH>.

Federal Work Study: Federally funded work program providing the opportunity for students to work part-time during the academic year. Work study positions are generally on-campus with pay rates beginning at minimum wage. Compensation is paid monthly. Eligibility for work study is based on financial need as determined by an analysis of the information provided on the FAFSA. Eligibility may change if additional resources, such as scholarships, are received. Eligibility is not a guarantee of employment.

Federal Direct Stafford Loan (Subsidized and Unsubsidized): The Subsidized loan is awarded on the basis of financial need. The federal government pays all interest on the loan until the student drops below half-time enrollment or meets the maximum eligibility cap. An Unsubsidized loan is not awarded on the basis of need. The student is charged interest from the time the loan is disbursed until it is paid in full. Repayment for the Subsidized and Unsubsidized Stafford Loans typically begins six months after the student is no longer enrolled at least half time or immediately after a cease in enrollment if the student entered repayment status on prior loans before returning to school at least half time. Amounts are based on academic credit level completed and aggregate loan limits apply. The interest rate is fixed at a maximum of 4.53% for undergraduate loans first disbursed on or after July 1, 2019. The interest rate is fixed at a maximum of 6.08% for graduate loans first disbursed on or after July 1, 2019.

Federal Direct Parent Loan for Undergraduate Students (PLUS) and Graduate PLUS: Parents of dependent students may apply for a Direct PLUS Loan to help pay their child's education expenses as long as certain eligibility requirements are met. Graduate and professional students may apply for PLUS Loans for their own educational expenses. The interest rate is fixed at 7.08% for loans first disbursed after July 1, 2019. Interest is charged from the date of the first disbursement until the loan is paid in full.

State Funds

The Oregon Office of Student Access and Completion (OSAC) administers state-funded and private awards for Oregon residents attending an Oregon college. Information contained in the FAFSA or an alternate application, the ORSAA, for an Oregon resident is automatically sent to OSAC for use in determining student eligibility for the following programs:

Oregon State Opportunity Grants: The state uses the Shared Responsibility Model to determine awards. Some of the factors in the calculation are family size, income and the number of family members attending college. More information is available at the state website oregonstudentaid.gov.

Private Awards: The Oregon Office of Student Access and Completion (OSAC) administers a number of awards funded by private donors. Though many of these awards have some restrictive eligibility requirements, most recognize outstanding academic achievement. In addition to the FAFSA, students are required to submit a separate application to OSAC by March 1. Applications are available at oregonstudentaid.gov.

Private Funds

Oregon Alliance of Independent Colleges & Universities (OAICU); local churches; service clubs such as Kiwanis, Elks, Rotary, Eastern Star, Masons and other civic clubs and employers provide student scholarships. Many reference books and internet web sites are available for use in researching private assistance programs. These can be found at libraries, high schools, the worldwide web, university websites, or college counseling offices.

Gift-aid (Grants, Awards, Scholarships)

Gift-aid funds are credited to the student account by the Office of Student Financial Services at the beginning date of each semester or, if after the academic period begins, upon notification of approval and verification of enrollment.

Veterans Affairs Benefits

Students eligible to receive Veterans Affairs (VA) educational benefits should first check with their Benefits Officer to determine the appropriate program (chapter) under which to apply. Additional information may be found at benefits.va.gov. To establish eligibility at Warner Pacific, the student should submit:

- A copy of the Certificate of Eligibility awarded by the VA
- A signed VA Education Benefit Statement of Rights and Responsibilities form (available from the WP admission counselor)

If VA educational benefits have been received at another institution prior to attending Warner Pacific, the student must submit a VA Form 22-1995, Request for Change of Program or Place of Training. Students who desire to have their military training evaluated for possible university credit should submit a form DD-214, Military Service Record. VA forms should be submitted to the WP admission counselor.

Any veteran receiving GI Bill benefits while attending Warner Pacific University is required to obtain transcripts from all previously attended schools and submit them to the university for review of prior credit.

Loans

Loan eligibility is listed on the student aid award letter and processed by the Office of Student Financial Services. The Office of Student Financial Services will process the awards in the amount stated on the award letter unless notified by the student of a reduction. If a lesser amount is desired, the student should follow the instructions given on the electronic award letter notification and indicate a reduction on MyWP. The Office of Student Financial Services is electronically notified and will review and evaluate changes made to awards on MyWP. If unable to make this adjustment electronically, contact the Office of Student Financial Services directly for assistance by calling 503.517.1091 or emailing financialaid@warnerpacific.edu.

In general, funds are received at the beginning of each semester, according to federal regulations. Typically, entrance counseling and a Master Promissory Note (MPN) must be completed prior to funds being placed on the student account if first time borrower. Most loans, including Federal Direct Stafford Loans, are received by electronic funds transfer. If hard copy checks are received, a notification is sent to the student regarding the check for endorsement and application to the student account. The Office of Student Financial Services credits loan funds to student accounts and requests refunds on overpayments.

Student Loan Advocate Disclosure for Washington State Students

Washington State residents seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit www.wsac.wa.gov/loan-advocacy or contact the Student Loan Advocate at loanadvocate@wsac.wa.gov.

Campus Employment

Students may be employed through the Federal Work Study and Institutional Student Employment programs and are paid monthly. All positions pay at least minimum wage.

Earnings are not automatically applied to student account balances; however, monthly student account payments are available through a payroll deduction plan. The Office of Student Financial Services manages the student employment programs at the university.

EXCESS FUNDS AVAILABILITY

Excess Title IV funds are available to students within two weeks of funds receipt. Excess funds are deposited directly into the student's bank account. Students may also request the excess funds be held on their student account for future charges or to have their refund check mailed to their permanent address on file in the Records Office. Proof of attendance forms may be required (usually in the first two weeks of the semester) and are available in the Office of Student Financial Services. Proof of attendance forms (if required) must be signed by at least one instructor. Warner Pacific University does not advance funds prior to receipt of the proof of attendance.

ACCOUNT ADJUSTMENTS

If a student adds or drops courses, an official change of registration must be submitted to the Registrar. Complete withdrawal from the university and all courses follows the withdrawal process outlined below. Fees and charges are appropriately adjusted at the full semester rate(s), with related adjustments in financial aid.

WITHDRAWAL PROCEDURES

The procedure for withdrawing from all courses is as follows:

1. Obtain a withdrawal form provided by the Retention and Student Success Manager.
2. Secure required signatures and complete the form.
3. Return the completed form to the Records Office.

RETURN OF TITLE IV FUNDS POLICY

Federal regulations require each educational institution to have a written policy for the refund and repayment of federal aid received by students withdrawing during a semester for which payment has been received. These policies are effective only if the student completely terminates enrollment (i.e., cancels registration, withdraws, or is dismissed) or stops attending all classes before completing more than 60 percent of the enrollment period. The Return of Title IV Funds Policy also applies to Leaves of Absence (LOA) in the traditional semester program.

Warner Pacific restores to the appropriate federal sources a proportional share of the institutional charges for which the student has been paid. A repayment by the student may be required when money has been disbursed to a student from financial aid funds in excess of the amount of aid the student earned during the semester. The law assumes that a student uses Title IV student aid to pay institutional charges: tuition, fees, room and board. The amount of Title IV aid earned is determined by multiplying the total Title IV aid (excluding FWS) for which the student qualified, by the percentage of time during the semester in which the student was enrolled. A copy of the worksheet used for this calculation may be obtained from the Office of Student Financial Services. The responsibility for returning unearned aid is allocated between the school and the student. Please refer to the Warner Pacific website under the heading of Consumer Information for examples.

In accordance with federal regulations, the return of Title IV funds is made in the following priority order:

Unsubsidized Federal Stafford Loan
Subsidized Federal Stafford Loan
Federal PLUS Loan
Federal Pell Grant
Federal SEOG
Federal TEACH Grant

STANDARDS OF ACADEMIC PROGRESS

Warner Pacific University is mandated by the U.S. Department of Education per federal regulations to qualitatively (grade-based) and quantitatively (time-related) monitor the academic progress of financial aid recipients. The standard is cumulative and includes all periods of enrollment, even those in which the student did not receive financial assistance.

The Standards of Academic Progress (SAP) calculation is performed for all matriculating students attempting credits within the term. This includes students that withdraw at any time during the term. The SAP status assigned is taken into consideration should a student re-enroll.

Standards-Undergraduate Students: Undergraduate students must maintain at least a 2.00 cumulative and term grade point average (GPA) and earn the minimum number of credits for the enrollment status:

- Full time – at least 12 credits
- $\frac{3}{4}$ time – at least nine credits
- $\frac{1}{2}$ time – at least six credits
- Less than half time – one to five credits

Standards-Graduate Students: Graduate students must maintain at least a 3.00 cumulative and term grade point average, and earn the minimum number of credits for the enrollment status:

- Full time – at least six credits
- $\frac{1}{2}$ time – at least three credits
- Less than $\frac{1}{2}$ time – one to two credits

In the event that a student's performance is found to be unsatisfactory, the university notifies the student of the current status and the impact of this unsatisfactory progress on financial aid eligibility. Financial assistance includes but is not limited to federal, state, and institutional assistance including employee remit.

Note: The policies that govern financial assistance do not have any bearing on student academic standing monitored through the Office of Academic Affairs; they are separate policies.

Qualitative Standard

The GPA is computed by multiplying the credit hours by the quality points for each letter grade received (see page 51); the quality points for all courses recorded are totaled and the number is divided by the total number of letter grade credits. For courses retaken by the student, all grades remain on the transcript, but only the highest grade is included in the GPA calculation. Financial aid can be applied toward successfully completed courses retaken to raise the grade one time only.

Quantitative Standard

Full-time undergraduate students must complete at least 12 credits per semester while attending Warner Pacific University. Full-time graduate students must complete at least six credits per semester while attending the university. The quantitative measure for less than fulltime attendance is calculated as a percentage of the fulltime standard. Periodic evaluations monitor the student's pace of progression. No-credit designations such as "W" (withdrawal), "I" (Incomplete), or "IP" (In Progress) are considered unsatisfactory completion of a course.

Maximum Time Frame

Fulltime matriculating students are eligible to receive financial aid for a maximum of 150 percent of the time required to complete a degree. In general, a baccalaureate degree program is 124 credits. The maximum number of credits for which a student may be eligible to receive federal financial aid is 186 (124 x 150%). All course work included in credits toward completion are considered in the calculation for time frame eligibility. Transfer credits accepted by Warner Pacific University toward the program are included in the calculation of attempted and completed credits in determining the total 150% timeframe. Once it becomes apparent the student is unable to complete the program within the 150% credit limit, financial aid is suspended. Students with suspended financial aid may submit an appeal for reinstatement.

Unsatisfactory Academic Progress

Satisfactory academic progress, as indicated by semester and cumulative GPA, and number of credits earned, is monitored each semester by the Office of Student Financial Services. Students failing to meet satisfactory academic progress standards are placed on financial aid warning (warning) and issued a letter alerting the student of the need to correct the deficiency. The warning status allows the student to maintain financial aid for one additional semester. At the end of the additional semester, if the student achieves satisfactory academic progress standards, the status is lifted. If the student does not achieve satisfactory academic progress standards at the end of the warning period, the student is placed on financial aid suspension (suspension) and is denied further financial aid from Warner Pacific University until the standard is met. Students whose financial aid has been suspended may appeal for reconsideration of financial aid eligibility (see appeals section).

Appeals

A student with suspended aid may appeal for reconsideration of financial aid eligibility by providing an email or physical letter in writing to the Director of Student Financial Services. The appeal must include a statement regarding the reason the student failed to make satisfactory academic progress and changes made that will allow the student to achieve satisfactory academic progress during the next evaluation period. Appeals are adjudicated by the Financial Aid Advisory Committee (FAAC). An appeal may be approved if the FAAC determines the student has addressed the issues and has created systems and support to allow satisfactory academic progress during the subsequent evaluation period. Decisions by the FAAC are final. Students will be notified in writing (posted or email) of appeal decisions. If the FAAC approves an appeal, the student is placed on financial aid probation for one semester and is eligible to receive financial aid. At the end of the probation period, if the student achieves satisfactory academic progress standards by meeting the requirements that the FAAC set forth, the status is lifted. If the student does not achieve satisfactory academic progress standards at the end of the probation period, the financial aid is suspended. Students may appeal again if aid is suspended.

Circumstances under which a student is permitted to submit an appeal letter include but are not limited to, death of a relative, injury or illness of the student, or other special circumstances.

Re-establishing Financial Aid Satisfactory Academic Progress and Financial Aid

A student with suspended aid may re-establish financial aid eligibility if an appeal is approved by the FACC or by completing credits without the benefit of financial aid from Warner Pacific. For the latter, an undergraduate student must complete 12 credits in a term with a term and cumulative GPA of 2.0. Graduate students must complete six credits in a term with a term and cumulative GPA of 3.00. Following the completion of the credits, the student may submit a written appeal to the FAAC for reinstatement of financial aid.

Professional and Graduate Studies students should refer to the PGS Bulletin for Satisfactory Academic Progress and Reinstatement process explanations.

Policies listed in this section represent a portion of the information available in *The Squire*, WPU's student handbook. In the event there is a difference in co-curricular policies listed in the catalog and student handbook, the information in *The Squire* will take precedence.

WARNER PACIFIC COMMUNITY

Warner Pacific University offers a Christ-centered, academically rigorous, leadership focused, learning community in which faculty, staff, and students come together to share, explore and solidify each individual's ideas, values and beliefs. Warner Pacific is a university that strives to develop students who are characterized by a strong personal faith, integrity, transformation, a sense of mutual responsibility, and a pursuit of personal excellence. The Warner Pacific community emphasizes seamless, holistic learning that occurs in classrooms, in residence halls, on the gym floor, in the dining hall, at worship, and at social gatherings. The Warner Pacific student population is comprised of students ranging in age from 17 to well past retirement, and originating from across the United States and many foreign countries.

COMMUNITY AGREEMENT

Warner Pacific is a university sponsored by the Church of God. Its mission, programs, and campus life are all informed by three basic traditions: Christ-centered, urban, and liberal arts.

Campus standards have grown out of the following qualities of campus life valued at Warner Pacific University:

- Love of God, self and neighbor
- Respect for others
- Honesty and integrity
- Reconciliation
- Freedom within restraint
- Health and wellness
- Spiritual growth and maturity
- The joy and abundance of life

Students coming to this university agree to conduct themselves as responsible citizens and actively contribute to the quality of social, spiritual, and intellectual life. Violation of university policies including the Community Agreement, subjects students to disciplinary action that could include warning, probation, or dismissal from the university.

A full description of the Community Agreement appears in *The Squire*, the student handbook. Abiding by the Community Agreement is a condition of students' continued enrollment at Warner Pacific University.

STUDENT HANDBOOK

The Squire is accessible on the university's website and may be viewed at <http://www.warnerpacific.edu/student-dashboard/>.

CAMPUS MINISTRIES

Campus Ministries cultivates the love of God by providing quality pastoral care, developing transformational leaders, and creating community by serving the campus and the city. Often, college is a place for students to explore their spirituality and reflect on their religious traditions. This can be an intense time of spiritual awakening which can lead to a deeper understanding of one's faith in Christ. The Campus Ministries team is committed to aiding in each student's spiritual maturing regardless of one's faith tradition. Campus Ministries is comprised of a Chapel Worship Leadership Team and a Small Groups Leaderships Team. For more information, visit the Campus Ministries Office.

As a diverse "Community of Faith" with Christ as the centerpiece, Warner Pacific is committed to finding its unity in Christ. Students, staff and faculty come from a variety of backgrounds reflecting differing worship styles, theology, and doctrines. The community employs the principle, "In essentials, unity; in non-essentials, tolerance; and in all things, charity."

Campus Ministries at the university is offered in numerous ways. First, bi-weekly chapels are designed to relevantly engage the WPU community around our mission as a Christ-centered, Urban, Diverse, and Liberal Arts environment. Second, students have the opportunity to participate in student-led chapels that provide experiences for practicing the rewarding and challenging work of spiritual disciplines such as community, prayer, and reflection. Third, small group and discipleship offerings encourage deepened community and accountability. Fourth, a thriving and challenging service program is designed to meet the physical, emotional, and spiritual needs of the Portland area residents, which includes our annual Common Day of Service and the Martin Luther King Jr. College Service Day. Fifth, Warner Pacific offers cross-cultural missions opportunities during summer, Christmas and spring breaks to challenge students to serve and grow. Lastly, periodic retreats and relaxing spiritual outings are offered over the course of the year.

Because spiritual formation is a central part of the health and development of our community, students are encouraged to be involved with chapel on the campus and service in the community. The campus ministry agreement follows:

Every residential student enrolled in 12 credits or more is required to attend a minimum of 15 chapels per semester. These community chapels are on Tuesday and Thursday in McGuire Auditorium. Fifteen credits represent roughly half of the chapels offered in the semester. In addition, every full-time residential student is required to have ten service hours. These hours can be acquired by direct service and social action off campus in the greater Portland area. The Department of Service Learning provides many opportunities for service hours.

Every commuter student enrolled in 12 credits or more will be required to have a combination of chapels and service hours that equal 25. Commuter students may get up to 20 hours in either chapel or service and must have a minimum of five credits in both categories at the end of the semester.

Information on how to petition out of chapel credits and fines for missed credits can be found in *The Squire*, the student handbook.

ASSOCIATED STUDENTS of WARNER PACIFIC UNIVERSITY (ASWPU)

Leadership Development and Student Programs exists to cultivate a community where students are engaged in relevant and diverse programming, empowered to lead, and inspired to act justly. The Associated Students of Warner Pacific University (ASWPU) is the executive body, composed of duly elected and appointed officers and representatives. ASWPU consists of six major branches: Student Government, The College Activities Board (CAB), The Student Diversity Council, Residence Life, Campus Ministries, and Service Learning.

Membership in campus interest groups and clubs is open to all fee-paying students; their activities are carried out under student leadership with the counsel and advisement of faculty and staff. The workings of student government are outlined in detail in the student handbook, *The Squire*, which is available online.

CLUBS AND ORGANIZATIONS

A variety of clubs and organizations are available to students who meet the stated requirements. In addition, several faculty and institutional committees have student membership. See *The Squire* for specific information.

STUDENT GOVERNMENT

The purpose of Student Government shall be to organize an active voice expressing student sentiment for the control of all matters of general student concern and to develop a spirit of Christian fellowship and service. They are the representative board through which the student body acts on all matters pertaining to student rights and responsibilities. Membership in Student Government (SG) is comprised of six officers who are elected or appointed for one-year terms. They operate under the guidance of the Student Government By-laws.

CAMPUS ACTIVITIES BOARD

Warner Pacific's Campus Activities Board (CAB) is a ministry and student leadership vehicle designed to build campus-wide unity through quality activities and services for the student body. It is the goal to help students get acquainted, involved and invested in the community. CAB coordinates and administers student programming on campus. Membership in CAB is comprised of five officers who are elected or appointed for one-year terms. CAB understands that social, physical, and educational activities play an important role in a students' overall experience and that they are key to developing a strong sense of community on campus. Student Activities help shape attitudes, affect one's readiness to learn, and impact the quality of the college experience. CAB is responsible for programming in intramurals, outdoor recreation, special events, and the Student Union. These activities are student-led, enabling students to be involved in the planning and leadership of campus-wide programming. wpulife.com/connect.

STUDENT DIVERSITY COUNCIL

The Student Diversity Council exists to fulfill the WPU mission by actively promoting justice on campus and in the broader Portland community. This is accomplished through inclusive events and programs that encourage awareness, education, advocacy, activism, and collaboration.

The Student Diversity Council is composed of elected and appointed student representatives. These students work throughout the year, in conjunction with the Office

of Diversity and other leadership groups, to promote the mission of the Council and the Institutional Diversity Framework consisting of these five components: Multicultural Education, Multicultural Programming, Social Justice, Community Collaborations, and Equitable Campus Culture.

STUDENT COMPLAINT PROCESS

Any student with a complaint who feels unfairly treated has the right to be heard fairly and promptly. The university recognizes that disputes may sometimes arise and expects the parties involved to resolve the conflict informally whenever possible. If resolution cannot be reached, a formal complaint process will be provided in order to assure impartial and equitable resolution for those conflicts. This complaint process may not be invoked for matters that have independent appeal processes established. Examples of these include, but are not limited to Academic Appeals, Course Policies, Campus Life Standards, FERPA, Financial Aid, Grades, Title IX, Discrimination, and Harassment.

The following matters are not grievable:

- Federal and State laws
- Administrative Procedures Act (ORS Chapter 183)
- Employment and personnel decisions
- Policies of the Board of Trustees
- Rules and procedures adopted by the State Board of Higher Education (Oregon Higher Education Coordinating Commission)

Students who have a grievance with another member of the community may file a report in the Office of Student Life:

Phone: 503.517.1007

Web reporting form: wpulife.com/report

Complaints about educational quality not satisfied by internal processes may be directed to the university's accrediting body, the Northwest Commission on Colleges and Universities (<http://www.nwccu.org/Complaints/ComplaintProcess.htm>). Consumer protection and other civil complaints can be filed with the Oregon Department of Justice Consumer Complaints (<http://www.doj.state.or.us/consumer/pages/index.aspx>).

RESIDENCE LIFE

Residence Life exists to cultivate a responsible living and learning environment where holistic growth takes place through dynamic relationships and relevant and diverse programs. A team of ten trained Resident Assistants (RAs) works to build relationships, act as a connection point and resource and to engage in community on campus. By maintaining a safe and secure living environment, Residence Life seeks to offer dynamic educational and social programming that furthers the building of community and enriches the overall student experience.

Living in residence at Warner Pacific University carries with it a distinctive set of privileges and responsibilities. Students who reside on campus live in a community with their peers and are entrusted with the responsibility to care for each other in a cooperative and communicative fashion. This environment provides students with enriching experiences, which may be an impetus for healthy interpersonal relationships. Because living on campus (in residence) can have a significant impact on one's learning process,

personal development, and faith journey, all single students under 21 years of age who are enrolled fulltime (12 or more semester credits), who have not established a permanent residence for 12 months or longer and who do not live with parents or legal guardians, are required to be a part of the residence life program. Living options consist of residence halls, one and two bedroom apartments, and houses.

Residential living is more than sleeping, studying, and enjoying friends; it provides an opportunity for students to integrate their academic, spiritual and interpersonal learning. Living in residence enables students to develop the ability to adjust their personal needs to achieve the goals of true community. Requests for permission to live off-campus must be submitted by petition to the Director of Campus Life. Questions and concerns about on-campus living are handled directly by the Office of Student Life.

SERVICE LEARNING

Service learning at WPU seeks to engage students in direct service that is rooted in social justice and meets the tangible needs of our neighbors in the city of Portland and beyond. We do this through curricular and co-curricular collaborative service opportunities and facilitated reflection specifically focused on these seven categories: Economic Equity, Ecological Justice, Racial/Ethnic Equity, Youth and Child Support, Support for the Elderly and Disabled, Gender Equity, and Interfaith Relationship.

Service at Warner Pacific University is work that is done to meet the tangible needs of our neighbors in the city of Portland and beyond. Through a variety of engaging curricular and co-curricular service learning opportunities, students will be consistently involved in experiential learning and gain the ability to apply learning beyond the classroom. At Warner Pacific, students are encouraged to engage in the university's Christ-centered identity by utilizing their skills, passions, and education to work toward social justice through consistent direct service in the community. Students will engage in many service opportunities to utilize their skills and interests for the betterment of our community. Occasional service opportunities will be hosted by Service Learning (such as Common Day of Service and MLK Day of Service) and courses with service learning components. In addition, students have access to volunteering resources through Service Learning (such as the Local Connect program) which will assist in connecting with community organizations.

ATHLETICS

Competitive athletics for men and women are an important part of the Warner Pacific University educational experience. Athletics bring excitement and a sense of pride and commitment to the overall collegiate environment. Warner Pacific's athletic program epitomizes the university's commitment to provide the total educational experience that promotes student development at all levels. Consistent with Warner Pacific's mission, the university emphasizes the integration of athletic and academic opportunities, where faith, scholarship and athletics lead to service.

Warner Pacific University fields women's teams in basketball, cross country, golf, soccer, track and field, volleyball, and wrestling. Men's teams participate in basketball, cross country, golf, soccer, track and field, and wrestling. The teams compete in the Cascade Collegiate Conference. On a national level, Warner Pacific is a member of the National Association of Intercollegiate Athletics (NAIA). For further information on the athletic programs at Warner Pacific, visit www.wpuknights.com.

INTRAMURAL PROGRAM

The purpose of the Intramural Program is to provide an opportunity for the Warner Pacific University community to participate in a variety of competitive and non-competitive sports and activities. The Intramural Program seeks to compliment the educational endeavors of the university and is oriented toward every population on campus.

STUDENT SERVICES

UNIVERSITY COUNSELING CENTER

A variety of services are available to the Warner Pacific community at the Counseling Center. Located in the Caldwell House between the Gotham Science building and the Tabor Terrace Apartments, the center is not only a comfortable place to relax in-between or after classes.

Counseling services focus on engaging individuals in the assessment of their own strengths and in using these strengths to address obstacles that arise as they progress towards graduation. Communication strategies, strengthening relationships, time management, stress reduction, identity development, and healthy living are just some of the areas of personal growth that are typically encountered by university students. Should life stressors become overwhelming to any student, counselors at the Counseling Center are prepared to support students in crisis situations. While attending to the need to protect confidentiality, counselors actively work with an individual's support network and community resources in order to provide the care necessary to weather personal emergencies.

More information about the University Counseling Center and how to schedule an appointment may be found at wpulife.com/get-support.

STUDENT MEDICAL INSURANCE

All students are encouraged to carry their own personal health insurance, while Accident Insurance is automatically provided for students enrolled in six or more credits as a part of their general fees. Information on several good health insurance plans is available as needed from the Office of Student Financial Services.

Oregon State Law requires that all full-time students show proof of receiving a second dose of measles-containing vaccine. Students are also asked to provide record of receiving all immunizations mandated by the Oregon Department of Health Services for all public and private schools. For more information, see: <http://oregon.gov/DHS/ph/imm/school/index.shtml>. In addition, all students are required to provide a completed Health Information form. Completed forms should be submitted at registration, are kept on file in the Records Office. All Health History information is kept confidential and requires student permission for any further distribution. International students have additional requirements, as follows:

1. Oregon law prohibits foreign students with non-immigrant visas and no measles immunizations from starting classes (or even coming on campus) until they have at least their first measles immunization; they must then get the second measles immunization within a month after school starts or they cannot continue.
2. They must provide proof of tuberculosis Screening (PPD/Mantoux) within six months of entering college.

STUDENT VEHICLES

All students with vehicles on campus must register their vehicles to comply with campus regulations. A parking permit may be purchased for \$65.00 per semester. To obtain on-campus parking privileges, the following information must be provided: the vehicle make, model, license number and student's name, student ID number and phone number. Parking regulations are strictly enforced (see *The Squire* for automobile and parking regulations). A fine of \$20 will be imposed for each violation on all improperly parked vehicles, with the exception of official university guests. In addition, improperly parked, unregistered student vehicles may be assessed motor vehicle search costs from DMV plus the cost of a parking permit.

Undergraduate Academic Policies, Procedures and Standards

Warner Pacific University abides by the Family Educational Rights and Privacy Act of 1974, Sec. 438, PUB. L90-247, as amended, which sets forth requirements for the protection of students' rights to privacy in their educational records and gives them the right to inspect such records to seek correction of errors. This statement serves as notice to all students of their rights under the law.

CONFIDENTIALITY OF STUDENT RECORDS

Warner Pacific University adheres to a policy of protecting students' rights to restrict release of personal information within their university records. All student academic files, supporting documents, and other records shall be maintained by Warner Pacific University staff employed for that purpose. The Registrar maintains transcripts of educational records, containing information only about academic status, in the Records Office. Every student is guaranteed access to his or her records. The Registrar or a designee will advise a student of procedures for handling a request for correcting errors in the records. Disclosure of a student's records to faculty and administrative officers shall be for internal educational purposes, routine administrative and statistical purposes or legitimate inquiries made by instructors to guide the student in a specific academic area.

In general, information from a student's record will not be released to anyone outside the institution except with the prior written consent of the student or upon presentation of a court order or subpoena. As of January 3, 2012, the U.S. Department of Education's FERPA regulations expanded the circumstances under which academic records and personally identifiable information (PII) contained in such records — including Social Security Numbers, grades, or other private information — may be accessed without student consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to individual records and PII without student consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to academic records and PII without student consent to researchers performing certain types of studies, in certain cases even when the university objects to or does not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive the PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without student consent PII from academic records, and they may track student participation in education and other programs by linking such PII to other personal information about students that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

Grade reports will be made available to parents of a student when written permission is received from the student. Confidential release forms are available at the Records Office. These forms require the student's signature.

Students who have questions about their grade records or any of the registration procedures may inquire at the Records Office. To maintain confidentiality of student records, only authorized persons presenting identification may review students' files.

DIRECTORY INFORMATION

The university considers the following items to be student directory information and may be released to anyone upon request: name, campus email address, date of birth, photograph, status as fulltime or part-time, major field of study, participation in recognized activities and sports, dates of attendance, degrees and awards received, educational institutions previously attended, hometown and current city of residence. Height and weight of student athletes may be released for appropriate purposes.

Students who do not wish to have directory information released by the university must file that request in the Records Office and must re-file the request annually.

STATEMENT OF COMPLIANCE

Warner Pacific University does not discriminate in its student admission and employment practices and provides equal opportunity for all student applicants and employees regardless of race, color, sex, national origin, disability, age, veteran status, and any other status protected by laws and regulations.

STATUTE OF LIMITATIONS

Because of the changing nature of certain areas of study, Warner Pacific has set specific limitations on the age of courses completed in identified subjects: courses older than ten years are not acceptable to satisfy the General Education Core Health requirements; courses older than 20 years are not acceptable to satisfy the General Education Core Social Science requirement; courses older than 20 years must be reviewed by the Natural Sciences and Health Division faculty to determine acceptability to satisfy the General Education Core Science requirement. Courses deemed to fall outside of the Statute of Limitations may be applied toward elective degree requirements. In addition, most academic divisions have established specific statute limitations on courses applied toward major and minor requirements. Those statutes are specified in the individual academic division sections, beginning on page 64. All statutes of limitations are specific to the student's catalog of entry, so long as continuous enrollment is maintained.

TRANSFER CREDITS

ACCREDITED COLLEGES AND UNIVERSITIES

Warner Pacific evaluates credits from regionally accredited colleges and universities for applicability toward General Education Core, major or elective requirements. In addition, Warner Pacific University evaluates coursework from schools and colleges which are accredited by other agencies, provided the institution is listed in Accredited Institutions of Postsecondary Education, published by the American Council on Education (ACE). No more than 40 semester credits may be accepted from vocational-technical fields of study, and these credits will be considered as electives. Credits from non-regionally accredited institutions will be evaluated on a case-by-case basis for transfer. Courses completed with an earned grade of "C-" or higher, may be evaluated by faculty in the appropriate academic division for General Education Core application. Credits in the field of cosmetology will not be accepted.

Lower division courses taken at four-year institutions and all courses taken at two-year colleges will be counted only as lower-division credit (i.e., 100 or 200 level). Upper division and graduate courses taken at four-year institutions may be used to satisfy upper division (i.e., 300 or 400 level) requirements. In all cases, courses must be transferred from an appropriately accredited institution. A grade of “D” cannot be transferred to satisfy any course in the major, minor or core. In the transcript evaluation process, quarter credits will be converted to semester credits. The formula used is: 1 quarter credit = .67 semester credit. Credit for college-level work from accredited community, junior or vocational/technical colleges is allowed to a cumulative maximum of 72 semester credits.

BLOCK TRANSFER

The university accepts the Associate of Arts Transfer Degree from Oregon community colleges and the A.A.-D.T.A. degree from Clark College in Vancouver, Washington as fulfillment of the General Education Core Requirements, with the exception of two core requirements that must be taken in residence at Warner Pacific University: One approved religion course (REL 220 or 320) and one approved humanities course (HUM 310 or 410) (See also “Associate Degrees in Transfer,” page 39.)

In addition, Warner Pacific University honors specific articulated agreements with Chemeketa Community College, Clackamas Community College, Clark College, Everest College, Mt. Hood Community College, Linfield College, Multnomah University, , Pioneer Pacific College, Portland Bible College, Portland Community College, Portland State University, University of Portland and University of Western States. The university maintains a teacher education cooperative agreement with The University of Portland and cross-registration opportunities with members of the Oregon Alliance of Independent Colleges and Universities.

UNACCREDITED INSTITUTIONS

Credit earned at an unaccredited college or university may be submitted for evaluation at the time of transfer. Credit which has been awarded a grade of “C-” or higher may be transferable upon appropriate faculty evaluation and recommendation, on a course-by-course basis. Credits receiving recommendation are provisionally accepted until the student has satisfactorily completed 15 semester credits at Warner Pacific.

FOREIGN INSTITUTIONS

Credit earned at a foreign institution may be submitted for evaluation at the time of transfer. If the institution is listed in the ACE-published Accredited Institutions of Postsecondary Education, the credits will be evaluated as the university evaluates similar U.S. institutions. If the institution is not listed in the ACE guide, the student must provide acceptable documentation of its academic equivalency in the United States. Warner Pacific University advises the use of the following international credential evaluation service:

World Education Services, Inc. (WES)
P.O. Box 745, Old Chelsea Station
New York, NY 10113-0745
Telephone: 212-966-6311
Fax: 212-739-6100
Web: www.wes.org
Email: info@wes.org

COLLEGE COURSES COMPLETED BEFORE HIGH SCHOOL GRADUATION

College courses taken before a high school diploma is received are accepted in transfer provided the student receives grades of “C-” or above in the courses.

ASSOCIATE DEGREES IN TRANSFER

Warner Pacific accepts the completed Associate of Arts Transfer Degree from Oregon community colleges and the Associate of Arts D.T.A. degree from Clark College in Vancouver, Washington as having fulfilled the General Education Core requirements except as described below. Other accredited college associate degrees are transferable and qualify a student for junior status; these will be evaluated for applicability toward General Education Core, major, or electives. The associate degree being transferred must be completed prior to entry at Warner Pacific. Students enter the university at junior status with a minimum of 60, but no more than 72 semester credits. If coursework in progress at another institution at the time of transfer would complete the associate degree and/or qualify for junior status at the end of that term, the student may request the Registrar in writing to postpone evaluation of the official transcript until the end of the current term, upon receipt of the official transcript. Student must present evidence that coursework is in progress and that satisfactory completion of those courses will result in completion of the Transfer Degree. Any academic advising provided by the university prior to official transcript evaluation is not official and may change based on the official evaluation.

Students with a two-year degree are not exempt from mathematics and English competency requirements of the university as determined by appropriate course work or test scores. Remediation may be necessary if deficiencies are determined. Students with an acceptable transfer degree must complete the following additional General Education Core requirements:

- HUM 310 Faith, Living and Learning (3) or HUM 410 Senior Humanities Seminar (3)
- REL 220 Christian Spiritual Formation (3) or REL 320 Spirituality, Character, and Service (3) (See page 59.)

ALTERNATIVE CREDIT

Several alternative credit programs are available to the Warner Pacific applicant of exceptional ability. Non-graded credits will be limited to a total of 30.

PRIOR LEARNING EXPERIENCE

Prior Learning Experience (PLE) credit may be awarded for liberal arts college-level learning acquired from non-traditional sources, such as work experience, professional training, military training, etc. There are three ways in which students can demonstrate that they have achieved college-level learning through prior experience: a) by successful completion of proficiency examinations. b) by submission of professional certification obtained through non-college instruction. c) by writing papers which document learning that has occurred through life experience. Such credit awards shall be made under protocol designed to ensure that reliable and valid measures of learning outcomes are or have been applied. All policies and procedures will follow guidelines set by the Council for Adult and Experiential Learning (CAEL) and the Northwest Commission on Colleges and Universities.

ADVANCED PLACEMENT PROGRAM OF THE COLLEGE ENTRANCE EXAMINATION BOARD (AP)

The Advanced Placement process begins in high school when students of high academic ability, proven achievement and/or ones who are highly motivated enroll in college-level courses offered by their institutions. Warner Pacific grants credit to students who receive qualifying scores, as indicated in the Table below. Letter grades will not be assigned.

INTERNATIONAL BACCALAUREATE (IB)

Warner Pacific grants credit for the IB Diploma Program. Letter grades will not be assigned. Credit will be granted for scores of “5” or above on higher-level examinations, up to a maximum of 30 semester credits. A score of “4” may grant waiver of certain core requirements or prerequisites. No credit will be granted for standard level examinations.

AGENCY-SPONSORED LEARNING (MILITARY/CERTIFICATES)

A maximum of 30 semester credits may be awarded for some types of military services and certificated courses on the college level as listed in, or comparable to, guidelines provided by the American Council on Education (ACE). No credit is awarded for general military service. Official documentation of course completion is required. (Coursework completed through the Community College of the Air Force is not included in the alternative credit category and is limited, as with other credit earned at two-year institutions, to 72 semester credits.)

CREDIT BY EXAMINATION

Students may earn credit by examination through tests developed and sponsored by Warner Pacific University or through standardized tests sponsored both by CLEP and DSST as described below.

College Level Examination Program (CLEP)

Developed and administered by the College Entrance Examination Board, the CLEP evaluates what a person has learned through non-traditional or independent study. Warner Pacific considers the ACE (American Council on Education) recommended guidelines to determine passing scores and number of credits for CLEP exams.

Defense Activity for Non-Traditional Educational Support (DSST)

Originally developed for the voluntary education programs of the U.S. Armed Forces, the DSST standardized exams are now available for civilian use. The civilian tests are administered by the Chauncey Group International, a wholly-owned subsidiary of the Educational Testing Service. Warner Pacific considers the ACE-recommended guidelines to determine passing scores and number of credits awarded for DSST exams. The university is registered as an official DSST test site.

Proficiency Examination

Students may earn credit for a course by examination. The student must submit a Proficiency Examination form with the signatures of the faculty of the course for which the exam is being taken, and the division/program chair for the course, and pay a Proficiency Examination fee prior to taking the exam. A minimum score of 70% (“C” or better) is required to pass the exam. The fee is due regardless of the outcome of the exam (see the Fees section of this catalog). The Proficiency Examination form is available in the Records Office.

REGISTRATION PROCESS

ACADEMIC ADVISING

All students registered for six or more credits are assigned an academic advisor or faculty advisor, depending on class standing. The advisor’s responsibility is to assist the student to set, plan and reach his/her own personal educational goals. In order for a good advising relationship to function, each person involved needs to know what is expected. THE FINAL RESPONSIBILITY FOR MEETING ALL ACADEMIC AND GRADUATION REQUIREMENTS RESTS WITH THE INDIVIDUAL STUDENT.

To achieve educational goals, the student must take the initial responsibility for setting advising appointments, creating an Educational Plan in MyWP before meeting with the advisor, and undertaking some long-range planning for the completion of studies. Students should track their progress toward completing degree requirements by reviewing their Program Evaluations regularly. A minimum of six months prior to graduation, the student should file an Application for Graduation with the Registrar.

Students who have earned fewer than 45 credits toward their degrees will work with an academic advisor to register for classes. When preparing to register for their junior year classes, the students shift to a faculty advisor in their major area of study, who assist the students in more intentionally focusing on long-range planning, including reviewing the graduation application and the student's academic major and vocational plans.

Students who change majors after being assigned to a faculty advisor will likely need to request a change of advisor to align with the new major. Students have the right to request such a change for other reasons as well. Major/Minor Update forms are available in the Records Office.

REGISTRATION FOR CLASSES

Pre-registration for new students is available at several summer pre-registration events or during new student welcome weekend. Students matriculating during the fall semester are eligible to register for the fall and subsequent spring semesters. Returning students may begin registering for fall and spring semester classes on the published dates during the previous spring semester (see Academic Calendar on page 244, or course schedule for specific dates).

CHANGES IN REGISTRATION

Adherence to the printed schedule of dates regarding additions, drops and withdrawals is expected, since the dates have been established in light of teaching and learning needs and expectations. The Academic Calendar is published in the current catalog (see page 244), and on each semester's schedule of classes.

WITHDRAWALS

Withdrawal from a course must be initiated by the student. A student may withdraw with no record on the transcript up to the end of the third week of the semester (called a "drop"). After the third week, a "W" will be entered on the student's transcript.

A student withdrawing within the first week is required to have the signature of his/her advisor. If withdrawal occurs after the first week, signatures from the advisor and the course instructor are required.

A student who fails to officially withdraw from a course but has not attended class sessions or submitted assignments will be assigned an "X" grade for transcript record. The student is responsible to complete the paperwork for withdrawals. Add/Drop forms are available in the Records Office.

ENROLLMENT

ENROLLMENT STATUS

A fulltime student is one who has met all entrance requirements and carries a minimum of 12 credits per semester. A part-time student is one who has met all entrance requirements and carries a minimum of six semester credits, a maximum of 11 semester credits, and is working on a degree program. A non-degree seeking student is one who is enrolled in five

or fewer semester credits and is not working on a degree. Non-degree seeking students who have accumulated 15 credits at Warner are required to complete the full application for admission process before registering for additional courses. The non-degree seeking student is subject to the current tuition and other academic charges.

Such students are entitled to all privileges of the classes for which they are enrolled, but they do not have full student government or activity privileges or rights unless they elect to pay the Student Body Fee. (See “Tuition and Fees,” page 14).

CLASS STANDING

All full and part-time students who have applied for admission to the college and are working on a degree program are assigned class status:

- Freshman, students who have earned fewer than 30 semester credits
- Sophomore, students with 30 to 59.99 credits
- Junior, students with 60 to 89.99 credits, and at least 120 cumulative grade points
- Senior, those with 90 or more credits and at least 180 cumulative grade points
- Post-Baccalaureate, those who have earned a baccalaureate degree, and are pursuing a second degree, advanced licensure or certification
- Graduate, those who have earned a baccalaureate degree, and have been accepted into one of the graduate programs

AUDITING A COURSE

The purpose of an audit is to allow the student an opportunity to experience a particular discipline in an effort to make future degree/program decisions. Audited courses do not satisfy prerequisites for other courses. Only earned credits may count toward degree / program requirements or prerequisite fulfillment. A student may register for any course without credit by declaring that intention at the time of registration. A student may change a credit class to an audit no later than the last day to add classes. Admittance is contingent upon available space in the class. Audits may change to regular registration by paying the regular tuition, using the standard registration change procedures, and meeting the deadline of the last day to add classes.

Students electing to audit a Warner Pacific course must attend/participate (in) 75% of the classes for the audit to appear on the transcript; if the required attendance/participation level is not reached, the audit will be removed from the transcript, but no fees will be refunded.

CREDIT FOR COURSES

Credit for study at Warner Pacific University is based on the amount of time a class meets per week for a semester. One credit per semester ordinarily represents three hours of the student’s time each week: one hour in the class and two hours in outside preparation.

REPETITION OF COURSES

When a course is repeated, only the highest grade is included in the computation of the total number of credits and GPA required for graduation. All courses will remain on the student’s permanent record.

COURSE NUMBERING SYSTEM

Courses numbered 1-99 are preparatory courses. A maximum of six credits at the 90-level taken at Warner Pacific may be applied toward the graduation total of 124. No 90-level credits may be used to satisfy requirements in the major or minor.

100-199	Lower-division courses, primarily for freshmen
200-299	Lower-division courses, primarily for sophomores
300-399	Upper-division courses, primarily for juniors
400-499	Upper-division courses, primarily for seniors
160-169	Reserved for FYLC courses
179/279/379/479	Reserved for special topics in any subject area
205/305/405	Reserved for independent study courses in any subject area

COURSES IDENTIFIED BY “X”

Courses which are identified by an “X” after the course number are classified as experimental courses. They may be used to satisfy requirements in appropriate categories.

INTERNSHIPS, STUDENT TEACHING AND FIELD EXPERIENCES

Internships are courses having number, title, units and outcomes stated in filed syllabi. University sponsored on-site coursework is supervised by site personnel identified by the university supervisor, site supervisor and student prior to commencement of the internship. International students are required by law to complete INS forms prior to beginning an internship. These forms are available in the Office of Multicultural Services.

Credit is assigned prior to the internship with regard to the length and breadth of exposure necessary to successfully accomplish stated outcomes. Length/breadth/depth requirements for each internship course are identified by the academic division and documented in division files.

A **Field Experience** or **Practicum** is an introductory exposure to a professional environment for a few hours per week. Student involvement may range from observation to directed participation in assigned components of the working environment. In a field experience, the student is not responsible for any development or change in the clients of the school, agency, etc.

Student Teaching is the final stage of the Preliminary Teaching Licensure program, leading to entry level competencies as a classroom teacher. Consent of the Dean of Education is required. See the Teacher Education Handbook for further information.

INDEPENDENT AND DIRECTED STUDIES

An **Independent Study** is a particular course that is designed specifically for an individual student. Listed below are the conditions under which an Independent Study may occur:

1. Such study is intended to allow students to explore academic areas of special interest not ordinarily provided by the existing curriculum.
2. Independent Study is carried out under the guidance of a qualified member of the faculty and must include regular contact with the faculty member.
3. Independent Study must have prior approval of the Division/Program Chair.
4. Independent Study is normally available to junior and senior students. It is not available to students who are not regularly enrolled students of the university.
5. No more than 12 credits of Independent Study may count toward graduation. In unusual cases, students who do not meet these criteria may be permitted to undertake Independent Study providing that the appropriate instructor submits, along with the student’s petition, a letter which, in the judgment of the Division/Program Chair, adequately justifies the proposed study.

A completed Independent Study form (available in the Records Office) must be filed as part of the registration process. A per credit fee will be assessed for Independent Studies. The fee is in addition to tuition and any applicable class fees.

Directed Study is an existing course. Students may register for an approved Warner course either at a time other than normally scheduled or when fewer than the minimum number of required students have enrolled for a regularly scheduled course. Directed Study will be approved only in instances where the course is required for student's degree program, and circumstances prevent the student from enrolling in the course at the next regularly scheduled time.

A completed Directed Study form (available in the Records Office) must be filed as part of the registration process. A per credit fee will **NOT** be assessed for Directed Study if the course is scheduled but canceled due to low enrollment, **AND** there is no approved substitute course. In all other cases, there will be a fee charged. This fee is in addition to tuition and any applicable class fees.

ACADEMIC INTEGRITY

Students are expected to adhere to the highest standards of honorable conduct in academic matters. If students and faculty are to build a learning community, it is essential that students present their own work in their classes. The following situations constitute a breach in academic integrity:

1. Cheating (*the use or attempted use of unauthorized materials, information, or study aids*)
2. Fabrication/falsification (*intentional falsification or invention of information, including false sign-in*)
3. Plagiarism (*the use of another's ideas, words, data, or product, including tables and figures, without proper acknowledgment*)
4. Identical work (*submitting work for multiple purposes without permission or submitting work that closely parallels another student's submission when collaboration is not allowed*)
5. Assisting in dishonesty (*helping or attempting to help another commit an act of academic dishonesty, tampering with evaluation materials, distributing unauthorized questions or answers related to an examination/test*)
6. Misuse of electronic resources (*the use of unauthorized electronic resources to complete an assignment*)

All incidents of willful dishonesty or plagiarism will be reported in writing to the Chief Academic Officer. Possible actions that may be taken by a faculty member who suspects a student of academic dishonesty (after conversation with the student in order to determine the student's awareness of the problem) are listed below. In order to protect both student and faculty involved, either the appropriate Division Chair/Dean or the Chief Academic Officer must be present during any action taken beyond the oral reprimand/counseling stage:

1. Oral reprimand (by faculty member)
2. Requirement to resubmit work or retake an examination/test (by faculty member)
3. Reduction of grade or failing grade on assignment/exam (by faculty member with Division Chair/Dean or CAO)
4. Reduction of grade for the course (by faculty member with Division Chair/Dean or CAO)

5. Failing grade for the course (by faculty member with Division Chair/Dean or CAO)

If a satisfactory resolution is not reached after these actions have been taken, either faculty or student may refer the matter to the Academic Policies Committee for resolution, which will address the issue using the regularly established procedures for academic appeals.

At the discretion of the CAO, repeat offenses may result in suspension or administrative dismissal from the university.

All of the above procedures must be carried out in accordance with the Warner Pacific University Education Records Policy in compliance with the Family Education Rights and Privacy Act (Public Law 93-380).

EXAMINATION POLICIES

FINAL EXAMINATIONS

The schedule for final examinations is published by the Records Office. In instances where the schedule requires a student to take more than two exams per day, or in cases where the schedule conflicts with university sponsored activities, the student may request to reschedule a final exam at no extra charge. The request to reschedule the exam should be made at least one week before the scheduled test date. Other requests to reschedule a final exam for a time other than the published hour require the student to pay a special exam fee (see page 16). Travel and other arrangements must be planned ahead in accordance with the schedule, since exemptions due to travel arrangements will not be granted.

MAKE UP EXAMINATIONS

Students are expected to take examinations when scheduled. If circumstances prevent them from doing so, they may request that the professor administer the exam at a mutually convenient time. The professor may choose not to grant the request, but in cases where the request is granted, students must pay a special exam fee. (See “Tuition Fees and Expenses,” page 14). A request for waiver of the fee must be made to the Registrar and must include reasons for the request.

ACADEMIC PERFORMANCE

CLASS ATTENDANCE

Students are assumed to be attending all classes for which they are registered. Students are responsible for course assignments regardless of the reason for an absence.

CIVIL BEHAVIOR AND CONSIDERATION OF OTHERS IN THE CLASSROOM

Most Warner Pacific courses include a considerable expectation of participation and active learning during the class period. Interruption caused by one student to the orderly flow of the class session may not only inhibit the learning process but also disrupt and distract others engaged in the class. Therefore, the following guidelines have been established for use during class sessions:

- All cell phones should be silenced during class time. Students may not text message, receive or make calls during class.
- The use of electronic devices during class is permitted for the purpose of enhancing the educational outcomes of the course. Use of electronic devices to check one's

email, cruise the Internet, play games, work on projects not related to the course, or other uses not related to the course outcomes is NOT permitted. Persistent violation of this guideline may result in the loss of computer use privileges during the class.

- Individual use of earbuds and personal listening or viewing devices such as iPods is not permitted during class.

In order to assure a safe and supportive environment for all students, the following behaviors are strictly prohibited in classes:

- Verbal threats of physical harm directed towards professor and/ or other students or physical violence or intimidation
- Verbally aggressive taunts, threats or abusive language directed toward students or professors, which may include the use of profanities
- Showing up intoxicated/under the influence of alcohol or drugs
- Sleeping in class
- Disruptive and uncooperative behavior and actions that results in the breakdown of order in the classroom, or obstruction of class goals
- Defying specific instructions from the instructor pertaining to classroom conduct or behavior
- Being openly critical and negative towards the professor and other students
- Instigation/Provoking – the face-to-face use of personally abusive epithets that, when addressed to any person, are inherently likely to provoke immediate violent reaction whether or not the reaction occurs
- Using hate speech including but not limited to racist, demeaning, inflammatory, and or vulgar language in classroom conversation, communication, blogs or assignments.
- Participating in or promoting practices that are in direct contradiction to the Bible e.g., occult practices
- Inappropriate dress (hoods during class or exams)
- Inappropriate taking of photos/videos/audio recordings
- Excessive tardiness or leaving class early

Students who demonstrate any of these behaviors may be asked to cease the behavior or leave the classroom; in the case of repeat offenses, the student may face censure through the student judicial process.

INSTITUTIONAL REVIEW BOARD

The Institutional Review Board at Warner Pacific University ensures that all research involving human subjects conforms to standards committed to the ethical treatment and adequate protection of the rights and welfare of all human subjects. Prior to the implementation of any studies involving human subjects, including recruitment and screening activities, research projects must be reviewed and approved by the WPU Institutional Review Board. More information regarding WPU policies can be requested at irb@warnerpacific.edu.

VISITOR POLICY

After the last day to add classes, only students who are registered for a class may attend said class. Students may not bring family members, guests, or animals to class without the prior consent of the instructor. Consent for children under the age of 12 to attend class will be granted only in extreme situations, and it should be understood that if the child(ren) are distracting to the professor or other students, they should be removed from the classroom. Children under the age of 12 may not be on campus unattended.

Individuals who are approved for ADA accommodation (including service animals) are exempt from this policy.

COURSE LOAD

Students who expect to complete degree requirements in four years should register for at least 16 credits per semester. The Registrar must approve any course load that exceeds 18 credits prior to registration. An additional per credit overload fee will apply to student schedules above 18 credits.

Courses taken concurrently at another institution, by correspondence, by extension, as well as non-credit courses, count as part of the academic load and should be discussed with the student's advisor to assure transferability.

GRADING AND GRADE POINTS

Faculty measure the quality of academic work through letter grades, which equate to numerical point values, creating a "grade point average." Letter grades may be adjusted by use of the plus (+) and minus (-) modifiers. Beyond completion of reading, writing, performance or lab assignments and class participation, the following statements broadly suggest the meaning of the letter grades. Instructors may contextualize these statements according to the particularities of their courses.

Letter grade definitions:

- A** = superior performance (4 grade points). The student's work exceeds the course learning outcomes by formulating new knowledge or unique evaluations of existing knowledge, upholding the highest standards of scholarship, exhibiting unusual creativity, and/or including profound application to personal experience.
- B** = very good performance (3 grade points). The student's work meets all of the course learning outcomes by exhibiting a thorough understanding of the subject matter, employing competent scholarship, contributing well-reasoned conclusions and syntheses on course subjects, and/or reflecting on implications for personal perspectives.
- C** = satisfactory performance (2 grade points). The student's work meets most of the course learning outcomes by representing an acceptable understanding of the subject matter with relatively few errors in reasoning, demonstrating adequate awareness of scholarly expectations, and/or applying the subject of the course to personal experience.
- D** = inferior performance (1 grade point). The student's work does not meet several of the course learning outcomes by revealing significant gaps in understanding of the subject matter, lack of consistent use of scholarly conventions, and/or little personal application.
- F** = unacceptable performance (0 grade points) The student's work fails to meet the course learning outcomes by demonstrating insufficient understanding of the subject matter, poor use of scholarly conventions, and/or inability to connect the subject matter to personal experience.

Plus or minus grades may be specified on the transcript but will not affect calculation of the grade point average.

INCOMPLETE GRADES

An Incomplete (“I”) may be granted only when: 1) completion of remaining requirements is not possible because of factors beyond the control of the student; 2) the student has been in regular contact with instructor regarding course completion; and 3) the student was earning a course grade of at least “C-” at the date of occurrence or request.

The “I” may be granted only after a completed and approved Request for Incomplete form has been filed in the Records Office, including a contract for completing the work signed by the student and the instructor. Requests for incompletes must be filed before finals begin. An Incomplete taken in the fall semester must be completed by the end of the following spring semester; an Incomplete taken in the spring or summer semester must be completed by the end of the following fall semester. If the incomplete work is not completed within the stated timeframe, the Registrar will automatically change the “I” to an “F.”

IN PROGRESS GRADES

In Progress (“IP”) is offered only for research or thesis courses, internships, study trips, Independent Study, and summer semester courses. In order to issue an “IP” grade the Registrar must receive a contract for completing the work signed by the student and the instructor. An In Progress taken in the fall semester must be completed by the end of the following spring semester; an In Progress taken in the spring or summer semester must be completed by the end of the following fall semester. If the in progress work is not completed within the stated timeframe, the Registrar will automatically change the “IP” to an “F.” An extension may not exceed the stated period without approval of the Academic Policies Committee.

PASS/NO PASS POLICY

Courses at Warner Pacific University may be taken for a Pass/No Pass (P/NP) under the following stipulations:

- To earn a “P” the student must complete the requirements of the course with at least the equivalent of a “C” letter grade.
- No more than a total of 12 credits, and no more than six credits in any one term (except internships and student teaching), may be taken P/NP to apply toward graduation.
- Courses in the student’s major or minor (except internships and student teaching) may not be P/NP.
- Other courses which may not be taken for a P/NP include FYLC courses, EN 101, EN 200 and BI 151. (Any exceptions to this list must be approved by the division/program offering the course.)
- Students choosing to exercise the P/NP option in a course must process a P/NP form. This form must be completed and on file in the Records Office by the Friday of the tenth week of classes. (This form is available in the Records Office.)
- Once the P/NP option has been elected, it is not possible to request a letter grade at a later date.
- Any exceptions to the above policy must be approved by the Academic Policies Committee.

GRADE CHANGES

Once recorded, a grade of “A” through “F” can be changed only in the case of clerical or computational error. It is the student’s responsibility to bring to the attention of the instructor any error in grades received within one semester following the issued grade. The instructor will submit the grade change to the Registrar. The instructor who assigned the grade should be involved in any appeal procedure concerning grade changes.

ACADEMIC PETITIONS AND APPEALS

Occasionally it may be necessary to institute a petition for a waiver of established policies and procedures, or an appeal for a redress of grievances. Written appeals of policy are processed through the Records Office. Academic appeals fall into two general categories: 1) petitions regarding application of specific policies or 2) appeals of final grades or other academic matters related to a particular course.

Petitions Regarding Application of Academic Policy

Petitions relating to academic concerns must be in writing. All petitions must include the signature of the student’s advisor. This signature does not necessarily mean that the advisor agrees with or supports the petition, but that the advisor is aware of the petitioner’s request. Petitions are submitted to the Registrar. Typical petitions include waiver of a particular graduation requirement, acceptance of transfer credits to meet a specific graduation requirement, or other similar types of policy appeals.

Appeals Regarding Final Grades or Other Academic Matters Related to a Particular Course

Resolution of appeals is handled at the lowest possible level. The student must discuss the situation with the professor involved. Should discussion with the professor not resolve the issue and the student decide to appeal further, the following procedure must be followed:

1. A written statement describing the situation is submitted to the appropriate Division Chair/Dean.
2. The Division Chair/Dean will meet with both the student and the professor to resolve the issue. Should the issue not be resolved at this level and the student or the professor wish to appeal further, step 3 is followed.
3. The student or the professor files an appeal with the Chief Academic Officer. The Chief Academic Officer will request pertinent information from all parties involved and make a recommendation for resolution. Should the issue remain unresolved, the student or the professor may appeal to the Academic Policies Committee (step 4).
4. A petition in writing is submitted by the student or professor to the Academic Policies Committee. The petition will describe the issue involved and the steps taken toward resolution. The Committee will request appropriate documents from the parties involved in steps 1-3. The Committee will hold a hearing on the petition. Parties to the dispute will be granted an opportunity to present their cases and to questioning. After receiving such evidence, the Committee will render a decision. The decision of the Committee is final. No further avenue of appeal is available. The decision of the Committee will be in writing and will remain on file in the office of the Chief Academic Officer and in the student’s academic file.

HONORS

Dean’s Lists are published each semester in recognition of undergraduate students enrolled for 12 or more letter grade credits and receiving a minimum grade point average of 3.5 in all courses attempted that semester. Credits taken P/NP are eliminated from

this calculation. Thus, a person taking 12 credits of which three are P/NP, would not be eligible for Dean's List consideration.

Baccalaureate degree candidates with qualifying GPAs who have completed at least 43 semester credits at Warner Pacific receive confirmation of honors at graduation. The "career" (cumulative) GPA appears on the student's transcript and is used to calculate the minimum GPA for graduation (see page 60) and qualification for honors at graduation. The career GPA is based on all courses attempted (both in residence and transfer) which are applicable toward graduation at Warner Pacific. Honors are conferred for the first baccalaureate degree only. Undergraduate honors at graduation and class rank are determined solely on the cumulative GPA earned:

Cum Laude	3.50-3.74
Magna Cum Laude	3.75-3.84
Summa Cum Laude	3.85-4.00

SETTING ASIDE PAST RECORD

Warner Pacific students may petition only one time to have their entire academic record prior to a specified date, including earned credits and GPA, set aside and to start a new baseline. Petitions are submitted in writing to the Registrar. The set aside credits may not be applied toward graduation requirements nor will they be applied in calculating academic standing or honors. Thus, a student setting aside 12 credits of "C" and "D" grades, for example, needs to take 12 credits to replace those since the set aside credits may not be counted toward the required 124 credits. Transfer students, similarly, may petition to have Warner Pacific "disregard" a previous academic record, including earned credits and GPA, and to start a new baseline. The Registrar and the student's academic advisor, in consultation with the student, will determine the new baseline date. Warner students and transfer students must meet the same qualifications. Qualification for federal financial aid may be affected.

NOTE: Determining the method of computing the GPA is the prerogative of each institution. Although Warner makes provision for setting aside past records, students should not assume that schools to which they may transfer will compute their GPA using only the new record. (See also "Repetition of Courses," page 115.)

SATISFACTORY PROGRESS

Students are expected to make satisfactory progress toward their degree by maintaining a minimum GPA of 2.0, by enrolling in courses that meet the requirements for a specific degree program, and the completion of the following:

- 24 credits per academic year if classified as a fulltime student
- 18 credits per academic year if classified as a 3/4-time student
- 12 credits per academic year if classified as a 1/2-time student

Students will be placed on Academic Probation at the close of any semester in which their GPA for that semester falls below a 2.0. If the GPA earned the subsequent semester is not a minimum of 2.0, a student may be dismissed. Students are required to earn a cumulative career GPA of 2.0 to be eligible for graduation.

Students who enter with probationary status must earn at least a 2.0 GPA their first semester or be dismissed at the end of that semester. First-time freshmen admitted on academic probation who achieve a GPA of 2.0 or higher in their first semester will move to good standing; those who earn a GPA from 1.0 to 1.999 will remain on probation and

be required to participate in an academic support course as well as continue to meet with an academic mentor in their second semester; those who earn a GPA of 0.999 or below will be academically dismissed.

Students placed on academic probation at the conclusion of any one semester **MUST** adhere to the following requirements:

1. Report to the Associate Dean of Students during the first week of the semester to develop a plan that identifies and provides a remedy for the current academic difficulties.
2. Meet with the advisor no later than the first week of the semester to review the student's class schedule and make any necessary adjustments. Students are limited to 13 credits during the semester of probationary status.
3. Enroll in Critical Thinking and Study Skills (CLS 110) unless credit for the course has already been earned.
4. Students may appeal probationary status decisions in writing to the Registrar for a review with the Academic Policies Committee and may ask their advisor to be present during the review.

A probationary student in a Warner Pacific Student Leadership position may continue in the position only after an academic plan of action has been approved by the Associate Dean of Students .

A probationary student interested in athletics may participate only if an academic plan of action has been approved by the Athletic Director and the appropriate coach. Other limitations may be required by the athletic department.

A probationary student interested in participating in other extracurricular activities that may take time away from the student's regular daily academic schedule (e.g. traveling groups), may participate in those activities only if an academic plan of action has been approved by the Associate Dean of Students.

A student wishing an exception to any of the above policies must complete an APC petition no later than the end of the first week of the semester.

Students placed on probation must successfully complete all of the credits in which they are enrolled (including CLS 110). Students who complete fewer than 12 credits with a GPA of 2.0 or higher will remain on probation for the subsequent semester. Students who complete the probationary semester with a semester GPA lower than 2.0 are subject to academic dismissal.

GRADUATION PROCEDURES

APPLICATION FOR GRADUATION

When students are approximately 45 credits from graduation they begin the application for graduation process with the assistance of the faculty advisor. The Application for Graduation and Program Evaluation Review form (available in the Records Office) must be filed with the Registrar no later than six months before the student intends to graduate (June 15 for the December Commencement, or November 15 for the May Commencement). The Registrar and academic advisor will review the Application for Graduation to ensure that all requirements for graduation will be met and to notify students in writing of deficiencies. Students may track their progress toward degree completion through Program Evaluation on MyWP, and should discuss any questions or discrepancies with the faculty advisor.

The student will graduate under the requirements listed in the catalog in effect at the time he or she first enrolls at Warner Pacific University. Students who do not maintain continuous enrollment will graduate under the requirements listed in the catalog in effect at the time of re-entry. Students must complete their degree requirements within five years of exiting the university. If the requirements are not completed within that period of time, the student must re-apply for admission, and complete the catalog requirements in effect at the time of re-admission.

Students may elect to graduate under a more recent catalog than the one in effect at the time of their entry but they must declare the new catalog in writing to the Registrar, along with their advisor's approval. The student is subject to ALL requirements of the catalog listed (major/minor as well as General Education Core).

To be eligible to participate in graduation ceremonies, students must plan to complete all academic requirements prior to the date of the graduation ceremonies with the following exception: A maximum of 6 credits may be planned for the term directly subsequent to the graduation ceremonies. All graduation requirements must be met before the degree will be posted and financial obligations to the university must be met before the diploma is awarded to the student. Any credit by examination testing must be completed at least 30 days prior to the intended commencement date.

GRADUATION CEREMONIES

Because graduation is the culmination of one's academic career and provides an opportunity for the recognition of academic achievement, all graduating students are encouraged to plan their schedules in order to participate in graduation ceremonies. Students who are not able to participate cannot expect to receive their diplomas before graduation ceremonies.

EXITING THE UNIVERSITY

LEAVE OF ABSENCE

Some students need or want to leave the university for a time. This is referred to as "Leave of Absence." A leave of absence is defined as an interruption in attendance at Warner Pacific for a period of one semester for acceptable reasons. Re-entry to the university is automatic at the expiration of the leave period provided all other specified deadlines have been met. A student may request a leave of absence by filling out a Request for Leave of Absence form, which is available in the Office of Enrollment.

EXIT INTERVIEW

Each student leaving Warner Pacific is required to file a Withdrawal Form with the Office of Enrollment and have an Exit Interview with the Retention Manager. Students who are exiting permanently must be cleared by each office listed on the form. An interview with a representative of the Office of Student Financial Services is required for all exiting students. The completed exit form is then filed in the Records Office.

TRANSFERRING TO OTHER INSTITUTIONS

Warner Pacific transcripts may be requested by supplying specific personally-identifying information and a signed release to the Records Office. Warner Pacific credits are generally accepted by other regionally-accredited institutions, but their transferability is determined by the receiving institution.

Undergraduate Degrees

ASSOCIATE DEGREES

The university offers two-year programs in the form of Associate of Arts (A.A.) and Associate of Science (A.S.) degrees. The areas of study for the two-year degrees are limited to the following:

- A.A. General Studies
- A.S. Business Administration
- A.S. Cybersecurity (sourceU)
- A.S. Life Sciences
- A.S. Health Sciences
- A.S. Social Science
- A.S. Web Development (sourceU)

An A.A. in Organizational Dynamics and an A.S. in Accounting are also offered through the Professional and Graduate Studies program (see page 235).

BACHELOR DEGREES

Bachelor Degrees offered by the university include the Bachelor of Arts (B.A.), the Bachelor of Science (B.S.), the Bachelor of Science in Nursing (B.S.N.), and the Bachelor of Social Work (B.S.W.). The Professional and Graduate Studies program with non-traditional course design and schedules offers qualified students the opportunity to complete their degrees; offerings include the Bachelor of Business Administration (B.B.A.), the Bachelor of Health Care Administration (B.H.C.A.), and the Bachelor of Science (B.S.) with multiple majors and areas of study (see page 236).

GRADUATE DEGREES

The university offers eight graduate degrees: Master of Arts in Biblical and Theological Studies (M.A.B.T.S.), Master of Religion (M.Rel), and Master of Arts in Teaching

(M.A.T.) degrees are offered through the traditional program; the Master of Business Administration (M.B.A.), Master of Science in Accounting (M.S.A.C.), Master of Science in Management (M.S.M.), Master of Arts in Human Services (M.A.H.S.), Master of Arts in Teaching (M.A.T.), and Master of Education (M.Ed) degree programs are offered through the Professional and Graduate Studies program (see page 236).

MAJORS/MINORS

MAJORS

Majors offer students the opportunity to concentrate their learning in a particular discipline of study, its theory and practice. Completing all specified courses and number of credits for a major is required to earn either the associate or bachelor degree. Specific courses and credit requirements for the majors listed on the following pages appear in the appropriate division descriptions later in this section. Majors in some programs include the possibility of completing additional courses for a special emphasis.

DECLARING A MAJOR

Students are required to make an official declaration of their major no later than the second semester of their sophomore year. Although they may declare a major earlier, they are not required to do so and, in fact, are encouraged to explore subject areas of interest to them as they fulfill General Education Core requirements.

STUDENTS WITH A DOUBLE MAJOR

The advising process is the same for students with a double major as it is for those with a single major. Students first must declare the intent to work toward a double major to the appropriate Division/Program Chair. The advisor in the first declared major is the responsible advisor, who must ensure that the student has secured a list of requirements and are meeting those requirements in the schedule. Students completing a double major will earn a single baccalaureate degree; the specific degree granted will be the degree associated with the “Major 1” as identified by the student on the Application for Graduation and Program Evaluation Review form.

INDIVIDUALIZED MAJOR

Students may work with a faculty member to plan an Individualized Major. Such a major is usually interdisciplinary (i.e. including courses from different disciplines) and provides an opportunity for the student to focus learning in a specialized field not available through the university’s regular programs. The faculty advisor and student plan classes and electives in the major area(s), indicating both courses and credits required. This plan is recorded on an Educational Contract for Individualized Major for a baccalaureate degree. On approval by the faculty Curriculum Committee, the contract is filed in the Records Office and with the faculty advisor.

1. Secure a petition for an Individualized Program from the Records Office. In consultation with the advisor, a petition is completed. Incomplete petitions will not be considered.
2. The completed petition is submitted to the Registrar who will forward it to the Curriculum Committee for consideration. The Curriculum Committee may refer the petition to the appropriate division/program(s) for review as deemed necessary.
3. All petitions for Individualized Major must be submitted prior to beginning the last 30 credits of residency and the petition approved prior to beginning the last semester of study for the degree.
4. At least 30 semester credits with a cumulative GPA of 2.75 must be completed prior to submission of the petition. Students entering the university with 30-59 credits accepted in transfer must complete at least one semester of fulltime study at Warner Pacific before petitioning for an Individualized Major; students who will enter WPU with 60 or more accepted transfer credits must be accepted for admittance and pre-registered for classes before petitioning for an Individualized Major.
5. Proposed majors must include the following minimum requirements: 45 credits: 15 credits in residence, 30 credits upper division

MINORS

Minors offer students an opportunity to focus their electives on an academic area of study, but without the depth and breadth of a major. Students are not required to choose a minor for graduation. Available minors include:

Accounting
 American Studies
 Biblical and Theological Studies
 Biology
 Business Administration
 Chemistry
 Coaching
 Communications
 Early Childhood Education
 English
 Fine Arts
 Health
 History
 Human Development
 Mathematics
 Ministry for Community Engagement
 Music
 Peace Studies
 Philosophy
 Physical Education
 Political Science
 Psychology
 Social Entrepreneurship
 Sociology
 Trauma Intervention
 Urban Studies

INDIVIDUALIZED MINOR

Students may work with a faculty member to plan an Individualized Minor. Such a minor provides an opportunity for the student to focus in a specialized field not available through the university's regular programs. The advisor and student plan requirements and electives indicating course titles, numbers and credits. The plan is recorded on an Educational Contract for Individualized Minor and submitted to the Curriculum Committee for approval.

Specific steps in the petition process and degree stipulations:

1. Secure a petition for an Individualized Program from the Records Office. Complete the petition in consultation with the advisor and submit it to the appropriate academic division/program for deliberation. Incomplete petitions will not be considered.
2. If the petition is endorsed by the division/program, submit the completed petition to the Registrar who will forward it to the Curriculum Committee for consideration.
3. All petitions for Individualized Minors must be submitted prior to the beginning of the last 30 credits of residency and the petition approved prior to beginning the last semester of study for the degree.
4. Student must have completed a minimum of 30 semester credits and have attained a cumulative GPA of at least 2.75 at the time of submission of the petition. Students transferring fewer than 60 semester credits into Warner Pacific, must complete at least one semester before petitioning for an Individualize Minor. Students transferring in 60 or more semester credits must be accepted for admission and pre-registered for classes before petitioning for an Individualized Minor.
5. At a minimum, proposed Individualized Minors must include the following: 21 semester credits; 12 credits in residence; 9 semester credits upper division course work.
6. No credits used to satisfy a student's major or another minor may be used to satisfy a student's Individualized Minor.
7. Only one Individualized Minor is permitted per student.

GENERAL EDUCATION CORE

According to its Mission Statement, Warner Pacific University is a Christ-centered, urban, liberal arts university dedicated to providing students from diverse backgrounds an education that prepares them to engage actively in a constantly changing world. The General Education Core Curriculum at Warner Pacific University supports this Mission Statement by providing students with a broad-based education in an urban Christian context. Below are definitions of the challenges students face and the objectives that students will be able to achieve upon completing the General Education Core Curriculum at Warner Pacific University.

STUDENT OUTCOMES FOR THE GENERAL EDUCATION CORE CURRICULUM

In order to gain a foundation that will encourage them to address General Education Core expectations, students at Warner Pacific University will take required courses which will give them the opportunity to demonstrate the following Core Theme areas.

Christ-Centered: This Core Theme demonstrates an intentional movement from a religion-driven approach to the more active commitment to "be Christ" to those around us. Christ demonstrates what it means to love one another (Luke 10:25-37), how to truly

serve others (Matthew 25:35-45), and the importance of reaching out with His message of truth (Matthew 28:19-20). It is this model that Warner Pacific strives to emulate.

Diverse: Rather than focusing on just one marker, diversity at Warner Pacific is encompasses several areas, including Multicultural Programs, Social Justice and Activism, Community Collaborations, Multicultural Education, and creating an Equitable Campus Culture.

Urban: The geographic location of Warner Pacific University provides a unique opportunity to embrace, engage, and study the urban environment of a major metropolitan area in the Pacific Northwest. This opportunity has informed Warner Pacific's intention to be "in the city, for the city" by preparing students to be leaders in business, education, social services, politics, religion, the arts, science, and all manner of related vocations. This core theme calls the Warner Pacific community to apply talents, not for personal gratification, but for the improvement of life in the city.

Liberal Arts: Warner Pacific identifies closely with a study conducted by the American Association of Colleges and Universities ("College Learning for the New Global Century," AACU, 2007), which described the critical role of American colleges in meeting the world's "very high expectations for knowledge and skill." These areas of skill and knowledge include technology, economic development, environmental concerns, urban growth, scientific and medical innovation, global interdependence, cross-cultural encounters, "waves of dislocating change," and the expected volatility in the public and private lives of citizens. Warner Pacific graduates gain those skills, knowledge, positive behaviors, and attitudes needed to equip them for success in future education, life-long learning, employment, citizenship, community involvement, and family life.

Cultivating a Christ-Centered Learning Community

- C1. Articulate their own spiritual journey as related to an understanding of God and a connection with others.
- C2. Explain foundational beliefs and practices of Christian faith.
- C3. Articulate and apply the holistic benefits of a healthy lifestyle.
- C4. Demonstrate an ethical and respectful worldview that promotes stewardship and care for others.

Investing in the Formation and Success of Students from Diverse Backgrounds

- D1. Articulate the value of diverse voices and perspectives.
- D2. Explain the impact of global interdependency on social and cultural systems.

Collaborating With and For Our Urban Environment

- U1. Articulate how human behavior interacts with social organizations and cultural patterns.

FIRST-YEAR LEARNING COMMUNITY PROGRAM (FYLC)

The FYLC program is a set of three linked courses which focus on issues relevant to incoming first-year freshmen students including: transitioning to college, social support, study skills, and community building. Using the city as their classroom, FYLCs explore topics relevant to Portland, immersing students in interdisciplinary, collaborative, hands-on learning. With this context in mind, the hallmarks of the FYLCs are: 1) cultivating curiosity by approaching relevant real-world issues as co-learners and problem-solvers; 2) using the city as our classroom and teacher; 3) building community that encourages mutual academic, social, emotional, and spiritual support; and 4) connecting otherwise separated aspects of university life by intentionally bringing social, spiritual, and personal growth into the curricular learning context within the framework of the university's mission and values of being Christ-centered, urban, liberal arts, and diverse. The students in each FYLC course will be in at least one other General Education Core class together in the fall semester of their freshman year, as well as a thematically-linked

General Education Core class in the spring semester. Dedicated faculty and upper-class peer mentors provide a strong framework of support and connection. The specific FYLC course subjects vary from year to year, based on student and faculty interest. Regardless of the subject area, after participating in the FYLC program students will have:

- developed a sense of belonging among diverse cohort members
- developed hope in relation to their academic potential and future outlook
- increased curiosity through the lens of a particular academic discipline that engages a real world issue in the city and beyond
- improved reading and writing skills to a level that helps prepare them to engage upper-division courses
- experienced intentional academic support
- developed spiritually as part of a community and through intentional mentorship
- developed a greater sense of purpose regarding their education at WPU and as a human being in the world
- transformed their orientation toward academic work and faculty

FAITH AND SERVICE CREDITS

Students enrolled for twelve or more academic credits must accrue at least 25 non-academic Faith and Service Credits per semester. For further explanation, please see *The Squire* student handbook.

DEGREE REQUIREMENTS

At Warner Pacific University, students' progress toward meeting their academic goals has the highest priority. The policies, procedures, and standards described in this catalog provide the guidelines for achieving those goals. The university makes every effort to assist students in planning course schedules in order to meet academic and graduation requirements. However, the final responsibility for meeting the requirements rests with the individual student.

REQUIREMENTS FOR THE BACCALAUREATE DEGREES

- For the B.A., B.S., B.B.A., B.H.C.A., B.A.C., B.S.W., or B.S.N. degree, complete a total of 124 semester credits with a cumulative grade point average of at least 2.0 in all courses taken in residence and accepted in transfer.

DIVISION OF NATURAL SCIENCES AND HEALTH

The mission of the Division of Natural Sciences and Health is to help students gain a solid foundation in math, the sciences, and health in order to help them achieve their goals in their selected field of service and to confront the technological, social, moral, and spiritual challenges to be faced in the future.

Courses of Study: Biological Science (emphases in General Biology and Human Biology), Exercise Science, Health, Mathematics, Physical Education, Physical Science (Chemistry and Physics), Sports Medicine, Sports and Recreation Management (emphases in Administrative and Coaching)

Majors: Biological Science, Exercise Science, Health and Wellness, Physical Science, Sports Medicine, Sports and Recreation Management

Minors: Biology, Chemistry, Coaching, Health, Mathematics, Physical Education

Associate of Science: Health Sciences, Life Sciences

Major/Minor Statute of Limitations: Courses applied toward Biological Science, Exercise Science and Physical Science majors/minors must have been completed within five years; courses applied toward the Sports Medicine, Sports and Recreation Management and the Health and Wellness majors, and the Coaching and Physical Education minors must have been completed within ten years.

Duplication of Credit: Courses may be double counted for two majors or for a major and minor only if at least 12 unique upper division credits have been completed for each major, except where noted.

Requirements for Majors: Checklists for the majors are available from the appropriate subject matter advisor.

B.S. in BIOLOGICAL SCIENCE: GENERAL BIOLOGY EMPHASIS**Major Requirements**

This degree supports a core of general biological knowledge and skills and is designed to provide background necessary to facilitate careers in the major areas of biology. It is intended to support the needs of students who are seeking to pursue graduate school or are interested in secondary biology education.

52 credits: 15 credits in residence, 25 credits upper division.

Core Requirements:

<input type="checkbox"/>	BIO 211	General Biology I	4
<input type="checkbox"/>	BIO 212	General Biology II	4
<input type="checkbox"/>	BIO 245	Evolution	3
<input type="checkbox"/>	BIO 250	Genetics	4

<input type="checkbox"/>	BIO/PHS 412	Biochemistry	4

**TEACHER LICENSURE, BIOLOGICAL SCIENCE (ML and/or HS)
or BASIC**

Program checklists are available in the Teacher Education office. Students wishing to pursue teaching licensure in Biology or Advanced Math may apply to the Master of Arts in Teaching program (see page 120, 123).

B.S. in BIOLOGICAL SCIENCE: HUMAN BIOLOGY EMPHASIS**Major Requirements**

This degree supports a core of general biological knowledge and skills and is designed to provide background necessary to facilitate careers in the health sciences and allied

fields. It is intended to support the needs of students who are seeking careers in medicine, dentistry, pharmacy, and veterinary medicine.

52 credits: 15 credits in residence, 25 credits upper division.

Core Requirements:

<input type="checkbox"/>	BIO 211	General Biology I	4

<input type="checkbox"/>	BIO/PHS 412	Biochemistry	4

*Students seeking admission to medical, dental or pharmacy schools will need the following courses in addition to the regular program:

<input type="checkbox"/>	MA 251	Calculus I	4
<input type="checkbox"/>	PHS 221	General Physics I	4
<input type="checkbox"/>	PHS 222	General Physics II	4
<input type="checkbox"/>	PHS 302	Organic Chemistry II	4
<input type="checkbox"/>	BIO/PHS 412	Biochemistry	4

Upon successful completion of the major in Biological Science, graduates will be able to:

- Demonstrate a comprehension of the fundamental concepts, theories, language and historical context of the biological sciences.
- Demonstrate the ability to integrate the disciplines within the sciences and mathematics in order to critically approach and evaluate theories, quantitatively analyze data, and solve problems.
- Understand and apply scientific methodologies through the formulation of hypotheses, use of current research technologies and statistical applications, and the evaluation and presentation of results.
- Effectively communicate their approach to data analysis and problem solving in both written and oral form.

- Demonstrate the use of basic technical skills related to the practice of biology.
- Articulate their worldview of the integral relationship science and faith have in relation to the ethical, moral and spiritual issues of our society.

B.S. in EXERCISE SCIENCE Major Requirements

This major supports a core of general science and human kinetics knowledge and skills and is designed to provide background necessary to facilitate careers in physical therapy or occupational therapy, and to prepare those who are seeking to pursue graduate school in exercise science, kinesiology, or related fields. It can also prepare students interested in K-12 physical education, if followed by 4.5 MAT.

49-50 credits: 15 credits in residence, 19 credits upper division. Required:

<input type="checkbox"/> BIO 211	General Biology I	4
OR BIO 212	General Biology II	4

Select at least 3 credits of the following:

<input type="checkbox"/> BIO 421	Elements of Gross Anatomy	4
<input type="checkbox"/> EXSC 350	Care and Prevention of Athletic Injuries	3
<input type="checkbox"/> HE 310	Exercise Prescription	2
<input type="checkbox"/> HE 410	Fitness and Chronic Disease	3

*For students seeking admission to Doctor of Physical Therapy programs, these additional courses are recommended. Select courses based on intended program, in consultation with your academic advisor:

<input type="checkbox"/> BIO 250	Genetics	4
<input type="checkbox"/> BIO 330	Cell Biology	4
<input type="checkbox"/> BIO 370	Microbiology	4

<input type="checkbox"/> PHS 222	General Physics II	4
<input type="checkbox"/> PHS 301	Organic Chemistry I	4
<input type="checkbox"/> BIO/PHS 412	Biochemistry	4

Upon successful completion of the major in Exercise Science, graduates will be able to:

- Demonstrate an awareness of the basic concepts, theories, models, language, major issues, current trends and historical developments related to human health and exercise science.

- Effectively communicate their approach to planning and problem solving both in written and oral form as it relates to exercise science.
- Demonstrate the ability to integrate the disciplines within health and the sciences in order to critically approach and evaluate theories, create plans for and assess progress of clients, and solve problems.
- Critically evaluate and apply current research and data in the field of exercise science.
- Identify and explore the moral and ethical challenges related to exercise science.
- Demonstrate skills necessary for professional service in exercise science.
- Develop an awareness of the value of membership and participation in professional organizations (certification).

TEACHER LICENSURE, PHYSICAL EDUCATION (ECE/ELEM OR ML/HS)

Program checklists are available in the Teacher Education office. Students wishing to pursue teaching licensure in Physical Education may apply to the Master of Arts in Teaching program (see page 120, 123).

B.S. in HEALTH AND WELLNESS Major Requirements

This major supports a core of convictions, knowledge and skills related to the six dimensions of wellness, including physical health. It is designed to provide background necessary to facilitate careers in personal training or at health and wellness companies. It can also prepare students interested in K-12 physical education, if followed by 4.5 MAT.

47 credits: 15 credits in residence, 27 credits upper division. Required:

<input type="checkbox"/> HE 330	Sports Nutrition	3
<input type="checkbox"/> HE 410	Fitness and Chronic Disease	3
<input type="checkbox"/> HE 494	Health and Fitness Internship	3

Upon successful completion of the major in Health and Wellness, graduates will be able to:

- Demonstrate a comprehension of the fundamental concepts, theories, language, major issues, current trends and historical developments related to human health and wellness.
- Effectively communicate their approach to planning and problem solving both in written and oral form as it relates to health and wellness.
- Demonstrate the ability to integrate the disciplines within health and the sciences in order to critically approach and evaluate theories, create plans for and assess progress of clients, and solve problems.

- Understand, apply and demonstrate methodologies used in health and fitness.
- Assess quality of information and sources, and incorporate new health and fitness concepts from current research into practice.
- Articulate their worldview of the integral relationships health and wellness have with faith in relation to the ethical, moral and spiritual issues of our society.
- Develop an awareness of the value of membership and participation in professional organizations (certification).

B.S. in PHYSICAL SCIENCE Major Requirements

This degree supports a core of general knowledge and skills in the physical sciences. It is intended to support the needs of students who are seeking careers in chemistry, the physical sciences or secondary chemistry or physical science education.

42 credits: 15 credits in residence, 18 credits upper division. Required:

<input type="checkbox"/>	MA 251	Calculus I	4
<input type="checkbox"/>	MA 252	Calculus II	4
<input type="checkbox"/>	Upper division Physical Science or Math electives		18

Upon successful completion of the major in Physical Science, graduates will be able to:

- Demonstrate a comprehension of the fundamental concepts, theories and models necessary to the understanding of the physical sciences and mathematics.
- Demonstrate the ability to integrate the disciplines within the sciences and mathematics in order to critically approach and evaluate theories, analyze data, and solve problems.
- Understand and apply scientific methodologies through the formulation of hypotheses, use of current research technologies and statistical applications, and the evaluation and presentation of results.
- Effectively communicate their approach to data analysis and problem solving both in written and oral form.
- Demonstrate a comprehension of the historical context and development of the physical sciences over the years.
- Explore science, faith and their integral relationship with the ethical, moral and spiritual issues of our society.

B.S. in SPORTS AND RECREATION MANAGEMENT: ADMINISTRATIVE EMPHASIS Major Requirements

This degree provides students with the planning, administration, and leadership skills needed to contribute to the success of organizations that focus on sports and recreation activities, sports products, or sports services. Graduates will be prepared to work in interscholastic athletic departments, sports related companies, or fitness centers in the areas of administration, sales, marketing, or management.

50 credits: 24 credits in residence, 24 credits upper division.

Core Requirements:

<input type="checkbox"/>	SRM 450	Sports Law	3
<input type="checkbox"/>	SRM 460	Sports Marketing	3
<input type="checkbox"/>	SRM 494	Administrative Internship II	3

Upon successful completion of the major in Sports and Recreation Management with Administrative emphasis, graduates will be able to:

- Identify fundamental theories, concepts, and terminology relevant to the field of sports management.
- Understand and apply financial principles and accounting, finance, marketing and data analysis in the world of sport.
- Illustrate the diverse ethical and legal issues that are likely to be encountered in the sports industry.
- Demonstrate an understanding of how cultural traditions, social values, and lived experiences of society display themselves in sport.
- Demonstrate information literacy and oral, written, and group communication skills.
- Use organizational and administrative skills to plan a sporting event.
- Apply sports management concepts in a professional setting.

**B.S. in SPORTS AND RECREATION MANAGEMENT: COACHING
EMPHASIS Major Requirements**

This degree will provide students with the knowledge and skills necessary for careers in coaching. There is a strong emphasis in body mechanics and the physical aspects of coaching, as well as training for the psychological and social components. Graduates will be well prepared for lifetime careers in coaching at the recreational, high school, or college levels, as well as for careers working in fitness and athletic training.

50 credits: 24 in residence, 22 credits upper division

Core requirements:

<input type="checkbox"/>	EXSC 230	Introduction to Health and Exercise Science	3
<input type="checkbox"/>	EXSC 360	Organization and Administration of Sports	3
<input type="checkbox"/>	BUS 101	Business Economics	2

☐ HE 240	Nutrition	3
OR HE 330	Sports Nutrition	3
☐ SRM 240	Fundamentals of Coaching	3
☐ SRM 340	Sports Psychology	3
☐ SRM 495	Coaching Internship	3

Upon successful completion of the major in Sports and Recreation Management with Coaching emphasis, graduates will be able to:

- Identify fundamental theories, concepts, and terminology relevant to the field of sports management.
- Demonstrate an understanding of how cultural traditions, social values, and lived experiences of society display themselves in sport.
- Demonstrate an understanding of how the human body functions and how to care for and prevent athletic injuries.
- Explain how athletes can learn, understand, and create functional and safe movement patterns.
- Design physical training, nutritional and mental training skills programs that can enhance athletic performance to help athletes reach their performance potential.
- Demonstrate information literacy and oral, written, and group communication skills.
- Use organizational and administrative skills to plan a sporting event.
- Apply sports management concepts in a professional setting.

B.S. in SPORTS MEDICINE Major Requirements

This degree is designed for students who wish to pursue graduate school to become a certified athletic trainer or who wish to pursue similar occupations.

47 credits: 15 credits in residence, 30 credits upper division. Required:

☐ BIO 221	Human Anatomy & Physiology I	4
☐ BIO 222	Human Anatomy & Physiology II	4
☐ EXSC 325	Kinesiology	3
☐ EXSC 460	Tests, Measurements and Evaluation in Exercise Science	3
OR MA 342	Statistical Methods	3-4
☐ EXSC 475	Exercise Physiology	4
☐ HE 240	Nutrition	3
OR HE 330	Sports Nutrition	3

☐ SM 312	Clinical Evaluation and Rehabilitation of Athletic Injuries – Upper Body	3
☐ SM 393	Research Methods in Sports Medicine	3
☐ SM 410	Therapeutic Modalities in Athletic Training	3
☐ SM 420	Therapeutic Exercise and Rehabilitation in Athletic Training	3
☐ SM 490	Senior Seminar	1
☐ SM 494	Sports Medicine Internship	4
☐ SRM/PHIL 250	Sports Ethics	3
OR PHIL 300	Ethics	3

Upon successful completion of the major in Sports Medicine, graduates will be able to:

- Demonstrate a comprehension of the fundamental concepts, theories, language, major issues, current trends and historical developments related to sports medicine.
- Use qualitative and quantitative approaches to analyzing data related to athlete performance.
- Demonstrate the ability to promote prevention of and to assess and treat injuries commonly encountered in athletic training.
- Develop a cohesive plan and effectively communicate their approach to assessment and treatment of injuries.
- Critically evaluate and apply current research and data in the field of sports medicine.
- Explore issues of faith, morality and ethics related to the practice of sports medicine.

Requirements for Minors: Checklists for minors are available from the appropriate subject matter advisor.

NURSING PROGRAM (see also pages 185, 229.)

Warner Pacific University's Nursing Programs exist to educate and prepare students with diverse backgrounds to flourish as professional nurses advocating for recipients of care. As offerings of a Christ-centered, urban, liberal arts university, the Nursing Programs engage diverse students in an innovative, formational learning community. Faculty and students co-develop and nurture self-aware and culturally intelligent nurses. Students demonstrate professional skill, ethical practice, compassionate care, a collaborative spirit, and a commitment to lifelong learning and nursing excellence.

Prelicensure BSN Degree Program: For the traditional or transfer student who seeks a BSN Degree Program that prepares graduates to take the NCLEX-RN, obtain a State-issued license to practice, and pursue employment as an RN.

Major: Nursing

Initial Licensure: Generalist BSN-prepared graduates are eligible to take the NCLEX-RN. Upon passing, the selected State Board of Nursing reviews applications and issues licenses.

Major Statute of Limitations: Prerequisite science courses must have been completed within seven years. Courses in the upper division Nursing Cohort must be completed within five years of matriculation.

Core Courses: EN 200, HUM 310, and REL 320 are included in the Nursing Cohort schedule for students who need them to meet core requirements.

BSN Degree Program Outcomes: Graduates of the Warner Pacific University prelicensure BSN Degree Program will:

1. Provide professional nursing care informed by a deep and broad exposure to the liberal arts, sound critical thought, and a synthesis of ethical, legal, and moral standards.
2. Exhibit a person-centered approach to managing care that is balanced with attention to the needs of all, with compassion for those who are underserved, a commitment to justice and mercy, and respect for difference that flows from a grounded self-awareness.
3. Demonstrate sound self-management that enables perseverance, adaptability, successful functioning in the midst of ambiguity and paradox, and the ability to address priorities appropriately.
4. Communicate effectively with diverse patients, families, healthcare providers, and community members.
5. Work both independently and collaboratively in interdisciplinary teams to provide effective patient-centered care.
6. Understand and apply current evidence to inform population-based care in nursing practice and healthcare leadership roles.
7. Incorporate health promotion and disease and injury prevention, based on current evidence, into nursing practice with individuals, families, groups, communities, and populations.
8. Participate in planning, implementing, and evaluating healthcare technology to facilitate safe, effective, ethical, and cost-effective patient care.
9. Utilize leadership and communication skills to contribute to the ongoing improvement of nursing and healthcare practices and policies affecting patients and communities locally, nationally, and globally.
10. Continuously cultivate leadership skills and systemic thinking to ensure effective navigation of complex systems and rapidly changing regulatory environments.
11. Plan, implement, and evaluate person-centered, goal-directed nursing care based on a holistic assessment of diverse individuals, families, groups, communities, and populations across the lifespan, including compassionate end of life care.

SOCIAL WORK PROGRAM

The mission of the Social Work Program is to “equip students for ethical and competent generalist practice based on a liberal arts education within the context of a Christ-centered, urban, and diverse community to positively impact the world”.

The WPU Social Work Program goals are to provide graduates to the community, region, and beyond who:

1. *Demonstrate mastery of the knowledge, theory, and historical context of the profession of social work within a liberal arts base to be able to consider a myriad of social problems and act to prevent or intervene;*

2. *Integrate this interdisciplinary knowledge with the values and ethics of social work to focus on promoting justice and common good;*
3. *Consistently show strengths-based practice behaviors and skills that are congruent with ethical, competent, and creative practice; and*
4. *Apply the knowledge values and skills of social work to multi-level systems to enhance quality of life and instill hope for the future.*

Graduate Procedures, Standards and Programs

Warner Pacific University abides by the Family Educational Rights and Privacy Act of 1974, Sec. 438, PUB. L90-247, as amended, which sets forth requirements for the protection of students' rights to privacy in their educational records and gives them the right to inspect such records to seek correction of errors. This statement serves as notice to all students of their rights under the law.

CONFIDENTIALITY OF STUDENT RECORDS

Warner Pacific University adheres to a policy of protecting students' rights to restrict release of personal information within their university records. All student academic files, supporting documents, and other records shall be maintained by Warner Pacific University staff employed for that purpose. The Registrar maintains transcripts of educational records, containing information only about academic status, in the Records Office in Egtvedt Hall. Every student is guaranteed access to his or her records. The Registrar or a designee will advise a student of procedures for handling a request for correcting errors in the records. Disclosure of a student's records to faculty and administrative officers shall be for internal educational purposes, routine administrative and statistical purposes or legitimate inquiries made by instructors to guide the student in a specific academic area. Information from a student's record will not be released to anyone outside the institution except with the prior written consent of the student or upon presentation of a court order or subpoena.

Students who have questions about their grade records or any of the registration procedures may inquire at the Records Office. To maintain confidentiality of student records, only authorized persons presenting identification may review students' files

DIRECTORY INFORMATION

The university considers the following items to be student directory information and may be released to anyone upon request: name, campus email address, date of birth, photograph, status as fulltime or part-time, major field of study, participation in recognized activities and sports, dates of attendance, degrees and awards received, educational institutions previously attended, hometown and current city of residence. Height and weight of student athletes may be released for appropriate purposes.

Students who do not wish to have directory information released by the university must file that request in the Records Office and must re-file the request annually.

STATUTE OF LIMITATIONS

Courses older than ten years are not acceptable to satisfy the Religion and Christian Ministries graduate program requirements. Courses older than five years are not acceptable to satisfy the Master of Arts in Teaching program requirements.

STATEMENT OF COMPLIANCE

Warner Pacific University does not discriminate in its student admission and employment practices and provides equal opportunity for all student applicants and employees regardless of race, color, sex, national origin, disability, age, veteran status, and any other status protected by laws and regulations.

TRANSFER CREDITS

ACCREDITED COLLEGES AND UNIVERSITIES

Warner Pacific evaluates credits from regionally accredited colleges and universities for applicability toward graduate degree and program requirements. Courses from regionally accredited institutions in which the student earned a grade of “B” or higher, may be evaluated by faculty for use in graduate degree requirements. No more than nine (9) semester credits may be accepted in transfer for the RCM programs; six (6) semester credits may be accepted in transfer for the MAT program.

In cases where the credit is being transferred from institutions operating on the quarter system, the formula used is: 1 quarter credit = .67 semester credits.

FOREIGN INSTITUTIONS

Credit earned at a foreign institution may be submitted for evaluation at the time of transfer. If the institution is listed in the ACE-published Accredited Institutions of Postsecondary Education, the credits will be evaluated as the university evaluates similar U.S. institutions. If the institution is not listed in the ACE guide, the student must provide acceptable documentation of its academic equivalency in the United States. Warner Pacific University advises the use of the following international credential evaluation service:

World Education Services, Inc. (WES)
 P.O. Box 745, Old Chelsea Station
 New York, NY 10113-0745

REGISTRATION PROCESS

ACADEMIC ADVISING

All students are assigned a graduate academic advisor. The director of the student’s graduate program will serve as the student’s first advisor. The advisor’s responsibility is to assist the student to set, plan and reach his/her own personal educational goals. In order for a good advising relationship to function, each person involved needs to know what is expected. **THE FINAL RESPONSIBILITY FOR MEETING ALL ACADEMIC AND GRADUATION REQUIREMENTS RESTS WITH THE INDIVIDUAL STUDENT.**

To achieve educational goals, the student must take the initial responsibility for setting advising appointments, meeting with the advisor, and undertaking some long-range planning for the completion of studies. A minimum of six months prior to graduation, the student should file an Application for Graduation with the Registrar. Prior to the capstone or thesis class, another faculty advisor may be assigned to assist in completion of all requirements.

It is the responsibility of the advisor to meet with the student for the purpose of reviewing long-range plans, completing registration for the coming semester, reviewing the graduation application and, in general, advising the student with respect to the chosen degree and vocational plans.

CHANGE OF ADVISOR

Faculty Advisors are assigned upon admission to the graduate degree program. Should a student wish to request an advisor other than the one assigned, Change of Academic Advisor forms are available in the Records Office.

REGISTRATION FOR CLASSES

Formal Academic advising and registration for classes begin in the preceding semester. (See Academic Calendar on page 244 or the Warner Pacific University website).

CHANGES IN REGISTRATION

Adherence to the printed schedule of dates regarding additions, drops and withdrawals is expected, since the dates have been established in light of teaching and learning needs and expectations. The academic calendar is published in the current catalog (see page 230).

WITHDRAWALS

Withdrawal from a course must be initiated by the student by completing an Add/Drop form (available in the Records Office). A student may withdraw with no record on the transcript by the date indicated on the course syllabus (called a “drop”). After the drop date, a “W” will be entered on the student’s transcript.

A student withdrawing within the first week of the semester is required to have the signature of the advisor. If withdrawal occurs after the first week, signatures from both the advisor and the course instructor are required.

A student who fails to officially withdraw from a course but has not attended class sessions or submitted assignments will be assigned an “X” grade for transcript record.

ENROLLMENT

ENROLLMENT STATUS

A fulltime student is one who has met all entrance requirements and carries a minimum of six (6) graduate credits per semester. A part-time student is one who has met all entrance requirements and carries a minimum of three (3) graduate credits per semester. A non-degree seeking student is one who is enrolled in two or fewer semester credits and is not working on a degree. Non-degree seeking students who have accumulated nine (9) credits at Warner Pacific are required to complete the full application for admission process before registering for additional courses. The non-degree seeking student is subject to the current tuition and other academic charges. Such students are entitled to all privileges of the classes for which they are enrolled. (See “Tuition and Fees,” page 14.) Only students accepted into the Master of Arts in Teaching program will be eligible to attend MAT classes.

ORIENTATION

At the beginning of the Fall Semester, Warner offers an orientation course, CM 500 or REL 500, for new RCM graduate students. These orientations are also intended to inform the new students of various issues pertinent to the success of their studies. The first course in the MAT program, ED 551, Foundations of Education, serves as the orientation course for that program.

AUDITING A COURSE

The purpose of an audit is to allow the student an opportunity to experience a particular discipline in an effort to make future degree/program decisions. Audited courses do not satisfy prerequisites for other courses. Only earned credits may count toward degree / program requirements or prerequisite fulfillment. A student may register for any course without credit by obtaining instructor consent and declaring that intention at the time of registration. A student may change a credit class to an audit no later than the last day to add classes. Admittance is contingent upon available space in the class. Audits may change to regular registration by paying the regular tuition, using the standard registration change procedures, and meeting the deadline of the last day to add classes.

Students electing to audit a Warner Pacific course must attend/participate (in) 75% of the classes for the audit to appear on the transcript; if the required attendance/participation level is not reached, the audit will be removed from the transcript, but no fees will be refunded.

CREDIT FOR COURSES

Credit for study at Warner Pacific University is based on the amount of time a class meets per week for a semester. One hour of graduate credit per semester ordinarily represents four hours of the student's time each week: one hour in the class and three hours in outside preparation.

REPETITION OF COURSES

When a course is repeated, only the highest grade is included in the computation of the total number of credit hours and GPA required for graduation. All courses will remain on the student's permanent record.

GRADUATE COURSE NUMBERING SYSTEM

500-699	Graduate-level courses
505	Reserved for independent study courses in any subject area
579	Reserved for special topics in any subject area

COURSES IDENTIFIED BY “X”

Courses which are identified by an “X” after the course number are classified as experimental courses. They may be used to satisfy requirements in appropriate categories.

INTERNSHIPS, TEACHING AND FIELD EXPERIENCES

Internships are courses having number, title, units and outcomes stated in filed syllabi. University sponsored on-site coursework is supervised by site personnel identified by the university supervisor, site supervisor and student prior to commencement of the internship. International students are required by law to complete INS forms prior to beginning an internship. These forms are available in the Office of Enrollment Services.

Credit is assigned prior to the internship with regard to the length and breadth of exposure necessary to successfully accomplish stated outcomes. Length/breadth/depth requirements for each internship course are identified by the academic department and documented in department files.

A **Field Experience** or **Practicum** is an introductory exposure to a professional environment a few hours per week. Student involvement may range from observation to directed participation in assigned components of the working environment. In a field experience, the student is not responsible for any development or change in the clients of the school, agency, etc.

INDEPENDENT AND DIRECTED STUDIES

An Independent Study is a particular course that is designed specifically for an individual student. The conditions under which an Independent Study may occur are listed below:

1. Such study is intended to allow students to explore academic areas of special interest not ordinarily provided by the existing curriculum.
2. Independent Study is carried out under the guidance of a qualified member of the faculty and must include regular contact with the faculty member.
3. Independent Study must have prior approval of the Program Director.
4. Independent Study is not available to students who are not regularly enrolled students of a graduate program.
5. No more than nine (9) credits of Independent Study may count toward graduation. In unusual cases, students who do not meet these criteria may be permitted to undertake Independent Study providing that the appropriate instructor submits, along with the student's petition, a letter which, in the judgment of the Program Director, adequately justifies the proposed study.

A completed Independent Study form (available in the Records Office) must be filed as part of the registration process. A per credit fee may be assessed for Independent Studies. The fee is in addition to tuition and any applicable class fees (see page 14).

Directed Study is an existing course. Students may register for an approved Warner course either at a time other than normally scheduled or when fewer than the minimum number of required students have enrolled for a regularly scheduled course. Directed Study will be approved only in instances where the course is required for student's degree program, and circumstances prevent the student from enrolling in the course at the next regularly scheduled time.

A completed Directed Study form (available in the Records Office) must be filed as part of the registration process. A per credit fee will NOT be assessed for Directed Study if the course is scheduled but canceled due to low enrollment, AND there is no approved substitute course. In all other cases, there will be a fee charged. This fee is in addition to tuition and any applicable class fees.

ACADEMIC INTEGRITY

Students are expected to adhere to the highest standards of honorable conduct in academic matters. If students and faculty are to build a learning community, it is essential that students present their own work in their classes. The following situations constitute a breach in academic integrity:

1. Cheating (*the use or attempted use of unauthorized materials, information, or study aids*)
2. Fabrication/falsification (*intentional falsification or invention of information, including false sign-in*)
3. Plagiarism (*the use of another's ideas, words, data, or product, including tables and figures, without proper acknowledgment*)
4. Identical work (*submitting work for multiple purposes without permission or submitting work that closely parallels another student's submission when collaboration is not allowed*)
5. Assisting in dishonesty (*helping or attempting to help another commit an act of academic dishonesty, tampering with evaluation materials, distributing unauthorized questions or answers related to an examination/test*)

6. Misuse of electronic resources (*the use of unauthorized electronic resources to complete an assignment*)

All incidents of willful dishonesty or plagiarism will be reported in writing to the Chief Academic Officer. Possible actions that may be taken by a faculty member who suspects a student of academic dishonesty (after conversation with the student in order to determine the student's awareness of the problem) are listed below. In order to protect both student and faculty involved, either the appropriate Division Chair/Dean or the Chief Academic Officer must be present during any action taken beyond the oral reprimand/counseling stage:

1. Oral reprimand (by faculty member)
2. Requirement to resubmit work or retake an examination/test (by faculty member)
3. Reduction of grade or failing grade on assignment/exam (by faculty member with Division Chair/Dean or CAO)
4. Reduction of grade for the course (by faculty member with Division Chair/Dean or CAO)
5. Failing grade for the course (by faculty member with Division Chair/Dean or CAO)

If a satisfactory resolution is not reached after these actions have been taken, either faculty or student may refer the matter to the Chief Academic Officer for resolution, which will address the issue using the regularly established procedures for academic appeals. At the discretion of the CAO, repeat offenses may result in suspension or administrative dismissal from the university.

All of the above procedures must be carried out in accordance with the Warner Pacific University Education Records Policy in compliance with the Family Education Rights and Privacy Act (Public Law 93-380).

ASSESSMENT AND EXAMINATION POLICIES

FINAL ASSESSMENT

All graduate courses will include final examination or assessment. Requests to reschedule a final exam for a time other than the scheduled time require the student to pay a special exam fee (see page 16). Travel and other arrangements must be planned ahead in accordance with the schedule, since exemptions due to travel arrangements will not be granted.

MAKE UP EXAMINATIONS

In cases where the request is granted, the student must pay a special exam fee (see "Tuition, Fees and Expenses," page 14). A request for waiver of the fee must be made to the Chief Academic Officer and must include reasons for the request.

ACADEMIC PERFORMANCE

CLASS ATTENDANCE

Missing more than two class sessions of a three credit (eight week) course will result in failure of the class. Specific attendance expectations and policies are described in each course syllabus. Students with significant extenuating circumstances may petition the graduate program director for a waiver of this policy.

COURSE LOAD

Students who expect to complete degree requirements according to the program calendar must remain in the Community of Scholars or cohort of a graduate program. Cohort study relies upon participation of all members throughout the course of study. It is to the advantage of the individual student, and to the cohort as a whole, to maintain the integrity of the cohort throughout the entire degree program.

Courses taken concurrently at another institution, by correspondence, by extension, as well as non-credit courses, count as part of the academic load and should be discussed with the student's advisor to assure transferability.

GRADING AND GRADE POINTS

The quality of academic work is measured in terms of letter grades and numerical grade points.

A	Superior	4 grade points
B	Excellent	3 grade points
C	Satisfactory/Average	2 grade points
D	Minimum Competence	1 grade point
F	Failure	0 grade points
P	Pass	
P+	Pass with Distinction	
NP	No Pass	
I	Incomplete	
IP	In Progress	
R	Registrar received no grade	
W	Withdraw	
X	No Basis for Grade	
AU	Audit	

Plus or minus grades may be specified on the transcript but will not affect calculation of the grade point average.

INCOMPLETE GRADES

An Incomplete ("I") may be granted only when: 1) completion of remaining requirements is not possible because of factors beyond the control of the student; 2) the student has been in regular contact with instructor regarding course completion; and 3) the student was earning a course grade of at least "C-" at the date of occurrence or request.

The "I" may be granted only after a completed and approved Request for Incomplete form has been filed in the Records Office. Incompletes must be filed before the last session of a class begins. An Incomplete must be completed within 12 weeks of the end of the course. If the incomplete work is not completed within the stated timeframe, the instructor will change the "I" to an "F."

IN PROGRESS GRADES

In Progress ("IP") is offered only for research or thesis courses, internships, study trips, Independent Study or summer semester courses. In order to issue an "IP" grade the Registrar must receive a contract for completing the work signed by the student and the instructor. An In Progress taken in the fall semester must be completed by the end of the following spring semester; an In Progress taken in the spring or summer semester must be completed by the end of the following fall semester. If the in progress work is not completed within the stated timeframe, the Registrar will automatically change the "IP" to an "F." An extension may not exceed the stated period without approval of the Graduate Committee.

PASS/NO PASS POLICY

Graduate courses at Warner Pacific University may be taken for a Pass/No Pass (P/NP) under the following stipulations:

- To earn a “P” the student must complete the requirements of the course with at least the equivalent of a “B” letter grade.
- Only courses designated as P/NP in the degree Course of Study may be taken as Pass/No Pass.
- Once the P/NP option has been elected, it is not possible to request a letter grade at a later date.
- Any exceptions to the above policy must be approved by the Graduate Committee.

GRADE CHANGES

Once recorded, a grade of “A” through “F” can be changed only in the case of clerical or computational error. It is the student’s responsibility to bring to the attention of the instructor any error in grades received within one semester following the issued grade. The instructor will submit the grade change to the Registrar. The instructor who assigned the grade should be involved in any appeal procedure concerning grade changes.

STATUTE OF LIMITATION FOR DEGREE COMPLETION

Graduate students in RCM programs have six years to complete all academic work for the degrees. The MAT is a cohort-based program in which students are expected to complete program requirements in the prescribed eight month period; in cases where a stop-out is necessary, the student may join the next cohort of MAT students in the following academic year. MAT coursework must be completed within two years of beginning the program. If a student is unable to finish the program in the time allotted, the student must reapply for admission, at which time all previously earned credits will be re-evaluated for current relevance.

ACADEMIC APPEALS AND PETITIONS

Occasionally it may be necessary to institute a petition for a waiver of established policies and procedures, or an appeal for a redress of grievances. Written appeals of policy are processed through the Records Office. Academic appeals fall into two general categories: 1) appeals of grades, or 2) petitions regarding application of specific policies.

Grade Appeals

Resolution of grade appeals is handled at the lowest possible level. The student must discuss the situation with the professor involved. Should discussion with the professor not resolve the issue and the student decide to appeal further, the following procedure must be followed:

1. A written statement describing the situation is submitted to the appropriate Program Director.
2. The Program Director will meet with both the student and the professor to resolve the issue. Should the issue not be resolved at this level and the student or the professor wish to appeal further, step 3 is followed.
3. The student or the professor files a grade appeal with the Chief Academic Officer. The Chief Academic Officer will request pertinent information from all parties involved and make a recommendation for resolution. Should the issue remain unresolved, the student or the professor may appeal to the Graduate Committee (step 4).

4. A petition in writing is submitted by the student or professor to the Graduate Committee. The petition will describe the issue involved and the steps taken toward resolution. The Committee will request appropriate documents from the parties involved in steps 1-3. The Committee will hold a hearing on the petition. Parties to the dispute will be granted an opportunity to present their cases and to questioning. After receiving such evidence, the Committee will render a decision. The decision of the Committee is final. No further avenue of appeal is available. The decision of the Committee will be in writing and will remain on file in the office of the Chief Academic Officer and in the student's academic file.

Petitions Regarding Application of Academic Policy

Petitions relating to academic concerns must be in writing. All petitions must include the signature of the student's advisor. This signature does not necessarily mean that the advisor agrees with or supports the petition, but that the advisor is aware of the petitioner's request. Petitions are submitted to the Registrar. Typical petitions include: waiver of requirements, acceptance of transfer credits, etc.

Continuing Enrollment

A graduate student must maintain a cumulative GPA of 3.0 to maintain Regular Student status. If a graduate student's cumulative GPA falls below 3.0, the graduate student will be placed on Academic Probation until the GPA returns to at least 3.0. If a graduate student is on Academic Probation for three consecutive courses (in a cohort-based program), or two consecutive semesters, the student is subject to dismissal.

GENERAL GRADUATION REQUIREMENTS

MASTER OF ARTS IN BIBLICAL AND THEOLOGICAL STUDIES

In order to graduate from Warner Pacific University, a Master of Arts in Biblical and Theological Studies student must accomplish the following:

- Complete the total number of hours required for the degree (42 credits, 30 credit hours in residence).
- Complete all coursework with a minimum cumulative GPA of 3.0. No course grade less than a C- will be applied to the degree requirements.
- Successfully defend a Master thesis to a majority of the RCM faculty and one outside referee.
- Present three (3) error-free copies of the thesis to the Director of the RCM program.
- Be recommended by the Arts and Letters Division to the general faculty for approval.
- Pay all fees in full to the institution.

MASTER OF ARTS IN TEACHING

In order to graduate from Warner Pacific University, a Master of Arts in Teaching student must accomplish the following:

- Complete a minimum of 35 credits.
- Passing scores on required exams
- Cleared background check
- Complete the approved Master of Arts in Teaching program coursework.
- Achieve a minimum cumulative grade point average of 3.0 with no individual course grade lower than "C-".

- Successfully complete a minimum of 16 weeks of student teaching with an edTPA and an integrated unit.
- Pay all fees in full to the institution.

MASTER OF RELIGION

In order to graduate from Warner Pacific University, a Master of Religion student must accomplish the following:

- Complete the total number of credits required for the M.Rel degree (37 credits, 28 credits hours in residence).
- Complete all coursework with a minimum cumulative GPA of 2.5.
- Successfully defend a Master Thesis or Project to three RCM faculty and one outside referee.
- Attend and participate in a minimum of six graduate colloquium sessions.
- Be recommended by the Arts and Letters Division to the general faculty for approval.
- Pay all fees in full to the institution.

APPLICATION FOR GRADUATION

When students are approximately nine credits from graduation they begin the application for graduation process with the assistance of the academic advisor. The Application for Graduation and Grad Check (available in the Records Office) must be filed with the Registrar no later than six months before the student intends to graduate (June 15 for the Mid-Winter Commencement, February 15 for the Summer Commencement, or November 15 for the Spring Commencement).

The registrar and academic advisor will review the Application for Graduation to ensure that all requirements for graduation will be met and to notify students in writing of deficiencies. Students may track their progress toward degree completion through Program Evaluation on MyWP, and should discuss any questions or discrepancies with the faculty advisor.

The student will graduate under the requirements listed in the catalog in effect at the time of enrollment. Students who do not maintain continuous enrollment will graduate under the requirements listed in the catalog in effect at the time of re-entry. Students may elect to graduate under a more recent catalog than the one in use at the time of their entry but they must declare the new catalog in writing to the registrar, along with their advisor's approval. The student is subject to ALL requirements of the catalog listed.

A graduation fee is charged to all graduates. This fee is mandatory. **STUDENTS WHO HAVE NOT MET ALL ACADEMIC REQUIREMENTS WILL NOT BE ALLOWED TO PARTICIPATE IN GRADUATION CEREMONIES.** (Students will not be allowed to "walk.") All graduation requirements (including financial obligations to Warner) must be met **PRIOR** to graduation.

GRADUATION CEREMONIES

Because graduation is the culmination of one's academic career and provides an opportunity for the recognition of academic achievement, all graduating students are encouraged to plan their schedules in order to participate in graduation ceremonies. Students who do not participate cannot expect to receive their diplomas before graduation ceremonies.

EXITING THE UNIVERSITY

LEAVE OF ABSENCE

Some students need or want to leave Warner for a time. This is referred to as “Leave of Absence.” A leave of absence is defined as an interruption in attendance at Warner for a period of one semester for acceptable reasons. Re-entry to the university is automatic at the expiration of the leave period provided all other specified deadlines have been met. A student may request a leave of absence by filling out a Request for Leave of Absence form, which is available in the Office of Enrollment.

EXIT INTERVIEW

Each student leaving Warner Pacific is required to file a Withdrawal form and have an Exit Interview with the Director of Enrollment Management. (The form is available from the Office of Enrollment.) Students who are exiting permanently must be cleared by each office listed on the form. An interview with a representative of the Student Financial Services is required for all exiting students. The completed exit form is then filed in the Records Office.

PROGRAM REQUIREMENTS

MASTER OF ARTS IN BIBLICAL AND THEOLOGICAL STUDY

The Master of Arts in Biblical and Theological Studies MA-BTS is designed for the following individuals:

- 1) *A student seeking further training in biblical and theological studies.*
- 2) *A student wanting to prepare for further graduate education in biblical or theological studies*
- 3) *A student who desires biblical and theological training on a night school schedule*

42 credits: 30 credit hours in residence. Required (not necessarily in this order):

MASTER OF ARTS IN TEACHING

The Master of Arts in Teaching program for middle/high school licensure is designed for traditional students completing a bachelor degree at Warner Pacific University and wishing to pursue ML/HS and K-12 Licensure. Course and program requirements are dependent upon state teacher licensure rules (OAR 584). Teacher candidates must complete the requirements in effect at the time of licensure.

Students will begin the admission process during their junior year, completing all prerequisite courses, exams, and application materials prior to graduation. The MAT program begins in the May immediately following graduation and is completed by December. A graduate level Capstone paper is required, along with successful completion of 16 weeks of student teaching, an edTPA and an integrated unit.

Prerequisites: ED 260, ED 515(U), ED 535(U) and admission to the Teacher Education program (see Program Handbook for requirements). ED 260, ED 515(U) and ED 535(U) apply as electives for the undergraduate degree, as well as fulfilling requirements in the M.A.T.

35 credits: 29 credits in residence. Required:

<input type="checkbox"/> ED 551	Foundations of Education	1
<input type="checkbox"/> ED 661	Educational Research	3
<input type="checkbox"/> ED 535(U)	Curriculum Planning and Instruction	3
<input type="checkbox"/> ED 515(U)	Classroom Management	2

<input type="checkbox"/> ED 690	Student Teaching I with Seminar	3
<input type="checkbox"/> ED 691	Student Teaching IIa with Seminar	3
<input type="checkbox"/> ED 692	Student Teaching IIb with Seminar	4

NOTE: Oregon teacher licensure is dependent upon the graduate completing all Teacher Standards and Practices requirements in effect at the time of licensure application (OAR 584).

MASTER OF RELIGION

The Master of Religion Program (M.Rel.) at Warner Pacific University is designed for the following individuals:

1. *A pastor seeking a renewal in ministry.*
2. *A student seeking further training in biblical studies, historical theology, Christian ethics, or ministry.*
3. *A professional needing educational advancement in one of our concentrations.*
4. *A student wanting to prepare for further graduate education.*

The Program offers four concentrations: Biblical Studies, Theology, Pastoral Ministries, and Religion and Ethics. Students will be matched with an RCM advisor who specializes in one of these four concentrations. If an advisor is not available in a particular concentration before coursework is completed, a student will need to select a concentration from the remaining concentrations. Students interested in other areas of concentration may apply to tailor the M.Rel. degree in conjunction with other Warner professors or one of two seminaries in the Portland area.

In addition to the four concentrations currently available, an M.Rel. student may apply to the program for an Independent Concentration. In such cases, core M.Rel. requirements are retained. An Independent Concentration requires 12 credits of concentrated study (six credits in residence) in a specific area of study that relates to religion. All projects and major papers from graduate level courses taught by adjunct graduate faculty must be available for review by the RCM faculty. These submissions must demonstrate significant content in the field of religion as defined by the RCM faculty.

Independent Concentration Application Procedure

1. *Submit written proposal for an Independent Concentration to the M.Rel. director.*
2. *Submit written approval from any non-RCM professor who agrees to serve as Independent Concentration advisor. All Independent Concentration advisors must hold a terminal degree in their field of study. The RCM faculty must authorize all Independent Concentration advisors.*
3. *Complete the Independent Concentration application. This application will require a proposed course listing with complete course descriptions. Tentative syllabi of any proposed non-RCM courses are preferred. The RCM faculty must approve all non-RCM instructors.*
4. *The application must be reviewed and approved by the RCM faculty.*

37 credits; 28 credits in residence. Required:

<input type="checkbox"/> CM 500	Methods of Research in Religion and Ministry	1 credit
<input type="checkbox"/> Bible		6 credits
<input type="checkbox"/> Theology		6 credits
<input type="checkbox"/> Pastoral Ministries		6 credits
<input type="checkbox"/> Religion and Ethics		6 credits
<input type="checkbox"/> Electives		9 credits
<input type="checkbox"/> CM 571	Master Thesis or Project	3 credits

If a student is granted an “In Progress” grade at the end of CM 571, the student must register for CM572, Master Thesis Extension (1 credit) per semester until the student has completed the thesis. Failure to register in an extension course when the thesis has not been approved will be a termination of the program. The student must petition the Director of the Master of Religion Program for reinstatement. Earning an “In Progress” in CM 572 requires the student to enroll in the next extension course the following semester. Summer semesters do not require a thesis extension.

Five additional graduate degrees are available through the Professional and Graduate Studies program: Master of Arts in Human Services (M.A.H.S.), Master of Arts in Teaching (M.A.T.), Master of Business Administration (M.B.A.), Master of Education (M.Ed), and Master of Science in Management (M.S.M.) (see page 236).

ART

(Fine Arts minor described on page 70.)

ART 100

Basic Studio Art

(2 credits)

An exploration of basic, visual elements, including line, value, shape, texture, color, and their effect on particular visual situations from a theoretical and practical standpoint. Additional fees are charged for this class.

ART 115/116

Calligraphy

(2, 2 credits)

A study and practice of the art of italic calligraphy and other letter forms. Designed to build skills in fine lettering, layout and design. Course is performance oriented and will culminate in a display of projects at the end of each semester. Available on a Pass/No Pass basis. May be repeated. Additional fees are charged for this class.

ART 120

Introduction to Photography (Non-Darkroom)

(2 credits)

Introduction of compositional techniques used to enhance photographic subjects. Basic camera operation is also covered. Must own or have access to a 35mm film or digital camera, though some point-and-shoot cameras may be used. Additional Fees: Photo processing is at the expense of each student.

ART 250/350

History of Art

(3 credits)

A study of the artistic and historical aspects of various art forms, especially painting, architecture, and sculpture. Emphasis is on visual aids, including museum field trip, architectural tour, slides, etc. Art projects will explore an idea of technique from each historical period or artistic movement. Prerequisite: EN 200.

This course involves an examination of the history of interpretation of the New Testament and interpretive methods for exegeting the books of the New Testament, with an emphasis on teaching the New Testament.

BIOLOGY

(Science majors begin on page 124.)

BIO 121**Introduction to Anatomy and Physiology****(4 credits)**

An introductory survey of the structure and function of the human organism, where students will learn about the important systems of the human body. Those systems include the skeletal, muscular, nervous, endocrine, cardiovascular, respiratory, digestive, urinary, and reproductive systems. Meets General Education Core Studies Outcome L7. Prerequisite: EN 95 or placement in EN 101. Lab fee required.

BIO 211**General Biology I****(4 credits)**

An introduction to the biological principles and inter-relationships of living organisms. Ecology, basic genetic principles and evolution are covered. BIO 212 of this sequence may be taken independent from BIO 211. Lecture and laboratory experiences are integral parts of this course. Meets General Education Core Studies Outcome L7. Prerequisite: EN 95 or placement in EN 101. Lab fee required.

BIO 212**General Biology II****(4 credits)**

An introduction to the biological principles and inter-relationships of living organisms. This course examines organismal diversity and the structural organization and functions of cells, tissues and body systems. BIO 212 of this sequence may be taken independently from BIO 211. Lecture and laboratory experiences are integral parts of this course. Meets the core requirements for Science. Meets General Education Core Studies Outcome L7. Prerequisite: EN 95 or placement in EN 101. Lab fee required.

BIO 215/315**Malheur Natural History Studies****(3 credits)**

Subjects relating to ecology, geology, botany, zoology (particularly ornithology) and the history of the Malheur area will be studied. The course includes on-site study at the Malheur Field Station located in SE Oregon. BIO 315 is restricted to biology majors or the consent of the instructor. Meets General Education Core Studies Outcome L7. Prerequisites: EN 101; sophomore class standing or consent of instructor. Additional fees are charged for this class; see page 14.

BIO 216**Urban Ecology and Ecosystem Services****(4 credits)**

(Alternate years 2019-2020)

A survey course for the non-science major to enhance understanding of the ecological principles and processes as they relate to urban living. The course includes an introduction to the ecology in an urban setting to gain an understanding of ecosystems services. There is an emphasis of land use in urban areas (parks, open spaces, conservation easements, wildlife refuges, etc.). Meets General Education Core Studies Outcome L7. Prerequisites: EN 101, sophomore class standing or consent of instructor. Lab fee required.

BIO 221**Human Anatomy and Physiology I****(4 credits)**

A survey of the structure and function of the human organism; encompasses cells to organ systems with focus on the skeletal, muscular and nervous systems. Lecture and laboratory. Meets General Education Core Studies Outcome L7. Prerequisite: EN 95 or placement in EN 101. Lab fee required.

BIO 222**Human Anatomy and Physiology II****(4 credits)**

A survey of the structure and function of the human organism with attention on the endocrine, cardiovascular, respiratory, digestive, urinary, and reproductive systems. An introduction to immune and inheritance process are also included. Lecture and laboratory. Prerequisites: BIO 221 or consent of instructor; EN 101. Lab fee required.

BIO 245**Evolution****(3 credits)**

A survey of the history and development of ideas relative to the origin of species. Lecture only. Prerequisites: BIO 211, 212 or consent of instructor; EN 101.

BIO 250**Genetics****(4 credits)**

A study of the laws and principles of heredity. Emphasis is given to Mendelian genetics, cell replication and gamete formation, DNA structure/replication/modification, gene regulation and expression, and selected topics in current genetic research. Lecture and laboratory. Prerequisites: BIO 211, 212 or BIO 221, 222; EN 101. Lab fee required.

BIO 301**Botany****(4 credits)**

(Alternate years 2020-2021)

Selected topics chosen by the instructor and students from the areas of plant morphology, physiology and systematics. Lecture and laboratory. Prerequisites: BIO 211, 212, EN 101. Lab fee required.

BIO 310**Immunology****(4 credits)**

(Alternate years 2019-2020)

A study of the immune response and its involvement in health and disease. Topics include cells, organs and microenvironments of the immune system, receptors and signaling, innate immunity, and functions of immune cells and molecules in clinical settings such as infection, inflammation, autoimmunity, hypersensitivity, transplantation, and cancer. Lecture and laboratory. Prerequisites: BIO 211, 212; or BIO 221, 222. Lab fee required.

BIO 330**Cell Biology****(4 credits)**

(Alternate years 2020-2021)

A study of eukaryotic cell morphology and physiology. Topics include membrane structure and function, bioenergetics, intracellular compartments, cell communication, the cytoskeleton, cell division, and cell cycle control. Lecture and laboratory. Prerequisites: BIO 211, 212, PHS 211, 212, EN 101. Lab fee required.

BIO 360**Ecology****(4 credits)**

(Alternate years 2020-2021)

Relationships of plants and animals to one another and to the total environment. Particular emphasis given to modern problems such as pollution. Lecture, laboratory and field trips. Prerequisites: BIO 211, 212, EN 200; MA 342 recommended. Lab fee required.

BIO 370**Microbiology****(4 credits)**

Topics of study include the taxonomy, morphology, physiology, pathogenicity and industrial uses of microorganisms. Emphasis will be placed on bacteria with some discussion of fungi, protists and viruses. Includes lecture and laboratory. Prerequisites: PHS 111 or 211, 212 and BIO 211, 212 or 221, 222; EN 101. Lab fee required.

BIO 380**Invertebrate Zoology****(4 credits)**

(Alternative years 2019-2020)

Phylogenetic relationship, development, structure, and function of the invertebrate animals. Lecture and laboratory. Prerequisites: BIO 211, 212, EN 101. Lab fee required.

BIO 393**Practicum in Laboratory Science Instruction****(1 credit)**

This course is designed for students pursuing careers in science education. It provides hands-on experience teaching in an introductory laboratory setting with particular emphasis on laboratory preparation, student interactions, and pedagogical content knowledge. Repeatable for a maximum of 2 credits. Prerequisites: BIO 211, 212 or BIO 221, 222 or PHS 211, 212; EN 101; and consent of instructor.

BIO 401**Scientific Writing****(2 credits)**

(As needed)

This course is designed to develop effective writing skills for the scientific community including: problem solving identification, organization and interpretation of data, reasoning, presentation of results, and writing clarity. Analysis of primary literature, poster presentations, and ethics are also addressed. Prerequisites: EN 200, BIO 245 or BIO 250, junior class standing.

BIO/PHS 412**Biochemistry I****(4 credits)**

(Alternate years 2019-2020)

BIO/PHS 412 examines the structure and function of proteins, carbohydrates and lipids. Enzyme kinetics and structure are studied and metabolic pathways are examined. Lecture and laboratory. Prerequisites: BIO 212, PHS 301, 302. Lab fee required.

BIO 420

Mammalian Physiology

(4 credits)

(Alternate years 2019-2020)

Study of cellular and organismic functions of mammals with special emphasis on human nervous, endocrine, cardiovascular, respiratory, urinary and reproductive systems. Lecture and laboratory. Prerequisites: BIO 211, 212, PHS 211, 212, and EN 200. Lab fee required.

BIO 421

Elements of Human Gross Anatomy

(4 credits)

(Alternate years 2020-2021)

Detailed study of the gross anatomy of the human body using a regional rather than a systematic approach. Emphasis on the following areas: lower and upper extremities including the neck and back, anterior thorax and anterior abdominal wall. Involves extensive dissection of the cadaver. Prerequisites: BIO 211, 212 or BIO 221, 222, and EN 101. Lab fee required.

BIO 490

Senior Seminar in Biology

(1 credit)

Course encompasses a survey of research, literature, bioethical considerations and career opportunities in biological areas. Students will complete professional development activities such as writing a resume, preparing a research poster and presentation. Prerequisites: EN 200, senior standing.

BIO 491, 492

Senior Thesis

(2, 2 credits)

Original research, thesis completion and oral presentation of selected topic chosen in consultation with major advisor. Prerequisites: EN 101, senior standing and consent of science faculty advisor. Offered as Pass/No Pass only.

BUSINESS

(Major/Minor/A.S. described on pages 92-101.)

HR Finance & Budgeting (3 credits)

Basics of finance and budgeting through the HR lens, providing practical application of various finance tasks and techniques. Some basic statistics included so that students will be able to retrieve, interpret and write about applicable data in the Human Resource area including compilation of reports, quarterly stats on employment trends, etc.

BUS 465

International Finance

(3 credits)

This course is a study in international finance and trade. Some of the topics covered include the balance of payments, exchange risk, international financing, and understanding investments on a global scale. Studies will also entail change management, risk and incentive management with regards to the financing and outsourcing of operations. Prerequisite: BUS 364 and BUS 370.

BUS 479**Selected Topics****(1-3 credits)**

(As needed)

Content of course depends upon between student and faculty. Prerequisite: Junior class standing.

BUS 480**Employer Relations****(3 credits)**

Examine the current legal and social issues that impact the employee-employer relationship, and the practical actions in order to address them. Using a contemporary and practical framework for the employee-relations discipline, you take a dynamic investigation of issues across the employee lifecycle. Learn how some HR Departments establish new employer contacts and strengthen current employer contacts through outreach activities such as cold calls, mass mailings, and individual employer visits, schedule and conduct employer visits to determine hiring needs, maintain, update, and expand electronic employer database.

BUS 483**Commercial Banking****(3 credits)**

An analysis of the role of commercial institutions in the financial process. This course will examine the banking and financial services and identify current issues and future challenges. Monetary supply and monetary policy will also be examined with a macroeconomic lens. Prerequisite: BUS 364 and BUS 370.

BUS 490**Accounting Topics****(1-3 credits)**

(As needed)

Special topics of current concern to faculty and students. Offered only when faculty is available and student interest is sufficient. Class is announced in advance of scheduled offerings. This will be a student(s)/faculty-selected project that enables the student(s) to research a specialized area of accounting that is currently being discussed in the profession. The objective is to critically examine the problem areas with emphasizes on investigating the "whys" behind today's generally accepted accounting principles and exploring alternative approaches to the study and development of accounting theory. Additionally the objective is to have the student form a well-reasoned position on the matter. Prerequisite: Must have completed BUS 212.

BUS 495 / BUS 495M**Internship****(3-6 credits)**

Student works and learns under supervision in an approved internship with a firm or agency. Activities may include both day-to-day operational experiences as well as corporate research activities. Specific expectations of the internship experience will be determined by the company representative/supervisor of the student, the internship coordinator, and the student participating in the hands-on experience. Prerequisites: Business majors only, Junior class standing, 2.5 GPA, and application to the Business Department. Pass/No pass grade. Not acceptable toward residency. Students must apply for internships the semester prior to registering.

BUS 496**HR Internship****(3 credits)**

Internships and job shadows are sponsored by Warner Pacific University for students to gain field experience in the workplace. This course supports placement in an internship or job shadow for the semester (15 weeks) with a local business/organization

that conducts responsibilities and tasks in human resources. Student will be able to demonstrate their human resource knowledge in practice on the job. Due to the nature of HR work, job shadows may be substituted for internships, depending on the organization and circumstance. Experience can go toward human resource certification requirements. (Optional for PGS students)

BUS 497

HR Capstone

(3 credits)

Prepare to sit for the Human Resource certification (SHRM-CP/SCP or HRCI aPHR exam). This course will cover the human resource knowledge domains and behavioral competencies as emphasized within the HRCI and SHRM guidelines.

CHRISTIAN MINISTRIES

(Minor described on page 71.)

CM 250

Ministry Field Ed.: Ministry of Care

(3 credits)

In this course, students will learn basic skills for listening deeply to others with particular attention to those whose lives are impacted by trauma and/or significant transition. The course will introduce frameworks, skills, and tools for understanding trauma, engaging secondary trauma, and administering self-care in the life of ministry. Students should not expect to become proficient with providing trauma informed care as a result of this course.

CM 311

Ministry Field Ed.: Community Development & Organizing

(3 credits)

In this course, students will learn and practice basic frameworks, skills, and tools for practicing Asset Based Community Development (ABCD) and community organizing in their neighborhoods. This includes assessing community resources and experiences, organizing community members around topics that deeply impact them, creative problem-solving, and moving toward collective action. Throughout the course, students will also reflect on the role of faith communities in the health of neighborhoods. This course is one of a series that include practical field education/internship experiences.

Design Thinking and Entrepreneurship

(3 credits)

In this course, students will learn basic frameworks, skills, and tools of design thinking and entrepreneurship. This includes working collaboratively, empathetic listening, defining questions and problems, ideating for solutions, creating prototypes, testing with community groups, communicating via pitches and other forms, and the processes of observation and reflection. Throughout the course, students will also reflect on the role of faith communities in the collaborative creation of sustainable and equitable change. Prerequisite: CM 311 or COMM 250 or instructor or Division Chair approval.

CM 345

Methods and Practice of Public Communication for Ministry

(3 credits)

(Alternate years 2018-2019)

This is a laboratory style course providing methods, introductory techniques, and opportunities to practice public speaking/presenting in and for ministry contexts. A variety of public communication methods will be engaged looking towards a variety of current public ministry settings. Special attention will be given to connecting biblical narratives with the students' stories and the stories of others. Students will have

opportunities to practice these communication techniques regularly throughout the course with peer and instructor feedback. Prerequisite: Sophomore class standing.

CM 370

Ministry Preparation Internship

(3 credits)

This is an internship class designed to help students preparing for Christian ministry to practice, describe, and assess their callings in and to the world. Each student will participate in a twelve week internship experience connected with his or her vocational interests and the goals and student learning outcomes of the Religion and Christian Ministries Department. This course will engage each student's particular vocational questions and calling as well as the broader and shared call to spiritual engagement, leadership, and love through ministry in the world today. Prerequisites: CM 140, CM 211, CM 212 or instructor consent.

CM 400

Ministry Integrative Capstone

(3 credits)

This is a capstone class for Christian Ministries majors. It consists of collaborative presentations and public speaking opportunities that will articulate the student's integrative educational journey and an emerging value of a contextual approach to ministry. This course is designed for reflection on each student's particular vocational call as well as how that connects to the broader vision and work of participating in the love of God, self, neighbor, enemy, stranger, and the world today. Prerequisites: CM 140, CM 211, CM 212, CM 370 or instructor consent.

CM 501

Evangelism and Leadership in Ministry

(3 credits)

This course is designed to prepare students for entry into Christian ministry. This course covers the specific areas of evangelism and leadership. Students will develop skills in sharing their faith and will learn concepts supporting church growth and church health. Students will develop an understanding of leadership and administration as required in church or religious organizations. Practical ministry experience is a required component of this class.

CM 502

Pastoral Care and the Community of Faith

(3 credits)

This course is designed to prepare students for entry into Christian ministry. This course addresses pastoral care and working in a community of faith. Students will develop skills in ministering with persons, and will explore the ministries of weddings, funerals, baptism, and communion. Students will develop an understanding of corporate culture and conflict. Practical ministry experience is a required component of this class.

CM 531/532

Ministry in an Academic Context I, II

(2, 2 credits)

These courses examine ministry as relevant to a Christian working in higher education, exploring the nature of the call to ministry, spiritual gifts, ordination, spiritual formation, and service in the life of the academic. We will consider a variety of expressions of Christian ministry within and beyond the Church. Applications of ministry might include Christian education, discipleship, evangelism, cross-cultural mission, service and personal care, worship and liturgy, leadership in ministry, and culture/change/conflict. The student will be encouraged to balance professional vocation with personal spirituality, relationships with family, and service to the church and world.

CM 545

Methods and Practice of Public Communication for Ministry (3 credits)

(Alternate years 2018-2019)

This is a laboratory style course providing methods, introductory techniques, and opportunities to practice public speaking/presenting in and for ministry contexts. A variety of public communication methods will be engaged looking towards a variety of current public ministry settings. Special attention will be given to connecting biblical narratives with the students' stories and the stories of others. Students will have opportunities to practice these communication techniques regularly throughout the course with peer and instructor feedback.

CM 546

Communication in Ministry and Homiletics (4 credits)

This course examines basic communication theory and practical skills with application to public speaking in an academic classroom and in preaching.

CM 570

Graduate Integrative Experience in Christian Ministries (1-3 credits)

An integrative internship experience in a local church or church agency, in which the student will be expected to express the Biblical, theological, and pastoral insights gained at Warner in relevant and practical ways. With departmental supervision, the intern will write his/her emerging approach to Christian ministry.

CM 571

Master Thesis or Project (3 credits)

The Master of Religion student may elect one of the following options: 1) a formal researched thesis; or 2) a religious or ministry project that offers the student a significant educational experience. The course will be individually tailored for the student in consultation with the Director of the M.Rel. program and the student's thesis advisor. Any project must be reasonably equivalent in workload to the formal research thesis. If the student is unable to complete the course within one semester, an "In Progress" contract will be developed and the student must register for CM 572 the following semester. The thesis or project will be graded on a Pass/No Pass basis.

CM 572

Master Thesis Extension (1 credit)

This course is designed to offer the Master of Religion student an extension to complete the thesis project initiated in CM571, with only minimal faculty guidance. Students who have received an "In Progress" in CM 571 must register for this course to remain in the M.Rel. program.

Students must continue the extension sequence until successful completion of the thesis or project (CM 571). These courses are eligible for an "In Progress" contract; however, the student must register for the next extension the following semester. On successful completion of CM 571, all courses listed as "In Progress" will revert to "Pass". If the student is unsuccessful in defending his/her thesis, the policy for "In Progress" will be invoked for all CM 571 and CM 572 courses one year after the last CM 572 course is listed as "In Progress." May be repeated a total of five times.

COLLEGE STUDIES

CLS 100

Strategies for College Success Skills

(2 credits)

This accelerated course is designed to provide first year Act Six students with a basic understanding of college culture, terminology, assessment practices, structure, and student support services. Students successfully completing the course will see themselves as life-long learners, gain self-confidence, improve human relations and a sense of campus community, and learn effective critical thinking, communication, and study skills.

CLS 110

Critical Thinking and Study Skills

(3 credits)

Course examines critical thinking techniques, theories and approaches to knowledge, and strategies for studying in and across academic disciplines. Within this theoretical context, students explore and assess methods to improve their own thinking, reading, writing, studying, and test taking skills. Emphasis is on thematic study and on moving students from rote learning to understanding and application of course content across the curriculum.

CLS 111

Critical Thinking: Designing Your Life

(1 credit)

Critical Thinking: Designing Your Life is a habit-building course. It enlists the work of Stephen Covey's third habit of highly successful people for building good habits of leveraging memory for increased classroom success. It also focuses on identifying pathways to university graduation and career success.

CLS 278

Crossing Cultures: Immersion

(3 credits)

This interdisciplinary course foregrounds cross-cultural learning experiences and service opportunities in order to form students as more engaged members of the Warner Pacific University community, the wider body of Christ and the peoples of the world. Recognizing that diverse experiences and disorienting environments are catalysts for lifelong learning and growth, the course will help students develop a framework for understanding the complexity and variety of cultural contexts in which we find ourselves. Students will be on site for a minimum of 21 days.

COMMUNICATIONS

(Minor described on page 70.)

COMM/EN/FA 150

Creative Writing: Poetry and Fiction

(3 credits)

Principles and strategies of creative writing techniques in the genres of poetry and fiction. Students will become acquainted with local and national writing and publishing resources. For the final project, students will work in one genre (poetry or fiction,) to complete a manuscript for submission to Warner Pacific's art and literary journal, *Rocinante*. Repeatable to a total of six semester credits. Prerequisite: EN 101 or transfer equivalency.

COMM/EN/ FA 151

Creative Writing: Creative Nonfiction

(3 credits)

A workshop approach to the writing of nonfiction articles and other nonfiction forms for periodical magazines. Students will write to foster inquiry into topical issues, writing about lives, places, events, and ideas, whether scientific, ethical/philosophical, or historical. Reading and discussion of models; practice in finding ideas, using storytelling and creative writing techniques, gathering materials, incorporating research, and revising. Repeatable to a total of six semester credits. Prerequisite: EN 101 or transfer equivalency.

COMM/SS 200

Interpersonal Communications

(2 credits)

This course focuses on methods for improving speaking, listening and conflict management skills in personal and professional relationships. Students begin with a self-assessment of personal communication patterns and are provided options and exercises for enhancing interpersonal competence.

COMM/JL 210

Journalism Principles and Techniques

(3 credits)

(Alternate years 2018-2019)

Students in this course will practice the techniques of information gathering and writing in various journalistic styles (news stories, features, editorials/columns). Students will develop a variety of research and interviewing skills, as well as the ability for perceptive observation. Students will learn to write tightly, clearly, and colorfully—and discern how to tailor their writing to different target audiences. Prerequisite: EN 101 or instructor consent.

COMM/JL 211

Copy Editing and Publication Design

(3 credits)

(Alternate years 2019-2020)

An overview of the editorial process and the basic tools and tasks of the copy editor and publication designer. Students will learn to edit print media for clarity, concision, accuracy, grammar and stylebook conventions. Students will also become familiar with the basic design principles for newspapers, magazines, and complete projects using appropriate publications design software. Required for the Communication major. Prerequisite: COMM/JL 210 or equivalent, or instructor consent.

COMM 220

Public Speaking

(3 credits)

Examination of the art of rhetoric with emphasis on ethics of public speaking, types of speeches, organization, language, and delivery. Through study and practice of methods for writing and speaking effectively, students can improve their listening, reading, writing, analytical, critical thinking, and communication skills.

COMM 230

Intercultural Communication

(3 credits)

Students will be introduced to the process of communication between and among individuals from different cultures or subcultures. They will learn the dynamic elements of intercultural communication in order to understand their own and others' cultures more effectively and thereby become more effective and ethical communicators. Prerequisite: EN 95 or placement in EN 101.

COMM 250**Introduction to Digital Media****(3 credits)**

Students will receive a general introduction to the different forms of digital media including text, graphics, photographs, sound, motion, and video. Students will learn how these different media types integrate with one another as well as with social media, websites, and different software applications. Students will learn how technical considerations, aesthetics, storytelling, and culture affect the perception and communication through digital media.

COMM 260**Video Production and Editing****(3 credits)**

Students will learn the process of producing video and the technology utilized in every step from concept to completion. Students will learn to tell stories and understand the different production considerations for experimental, narrative, and documentary films. Students will learn to communicate their vision as individual creators and as teams.

COMM /BUS 261**Organizational Writing and Presentations****(3 credits)**

An overview of organizational communication. Emphasis is placed on the types of messages conveyed to both internal and external audiences and the methods by which they are presented. Topics include knowing the audience, writing and presenting positive/informative, negative, and persuasive messages, resumes and interviews, and preparing/presenting a formal research recommendation report as part of a team. Prerequisite: EN 101.

COMM 265**Introduction to Web Design****(3 credits)**

Students will learn how to design for web and mobile platforms through an understanding of user experience, user interface design, accessibility, content strategy, design systems, cross-browser implementation, and technical tools. Students will be introduced to prototyping and design software (Adobe XD CC) and how it guides the modern front-end development process (HTML, CSS, JavaScript). Students will learn the difference between common project management methodologies including waterfall and agile.

COMM 266**Web Design and Implementation****(3 credits)**

Building upon the tools, technologies, and techniques learned in COMM 265: Intro to Web Design, students will go deeper in front-end web development tools, learn back-end web technologies, and work as teams to create a website project for a community-based project. Prerequisite: COMM 265 or instructor consent.

COMM/HCA 270**The Context and Language of Health Care****(2 credits)**

This course provides an understanding of the philosophy of health care and introduces key words that are crucial to working in the health care environment. Major forms of technological communication will be assessed including social networks.

COMM 280**Motion Graphics and Animation****(3 credits)**

Students will learn how to tell stories and present information with animation and motion design principles. Students will learn the different forms of animation (hand-drawn, stop motion, 2D-motion graphics, 3D animation, and web-based animation with CSS),

the software used to produce animation, and how animation informs the types of stories told. Students will understand the different sub-elements of animation including color, typography, and design.

COMM 300

Communication Theory: Models and Messages

(3 credits)

(Alternate years 2019-2020)

An overview of communication theories—the ethnography of communication, classical and modern rhetorical theory, and theories of how we make meaning, drawn from social psychology. Each class may also choose a set of applications for these theories appropriate to student interests—applications in cross-cultural communication, mass media, professional/organizational communication, etc. Prerequisites: EN 200 and six credits of additional courses listed in the Communications Minor.

COMM 301/CM 312

Design Thinking and Entrepreneurship

(3 credits)

In this course, students will learn basic frameworks, skills, and tools of design thinking and entrepreneurship. This includes working collaboratively, empathetic listening, defining questions and problems, ideating for solutions, creating prototypes, testing with community groups, communicating via pitches and other forms, and the processes of observation and reflection. Throughout the course, students will also reflect on the role of faith communities in the collaborative creation of sustainable and equitable change. Prerequisite: CM 311 or COMM 250 or instructor or Division Chair approval.

COMM 310

Writing Across Media

(3 credits)

Students will learn how to write effectively for a variety of communications platforms including print, verbal broadcasts (such as scripting for videos and podcasts) and digital spaces that intersect with print and script. Students will engage in exercises that will help build a solid understanding of how a variety of media introduce opportunities for dynamic storytelling and multi-directional communication. Students will not only create content, but will also learn best practices for becoming careful, creative managers of that content. Prerequisite: EN 101.

COMM/EN/FA 350

Creative Writing: Poetry and Fiction

(3 credits)

Principles and strategies of creative writing techniques in the genres of poetry and fiction. Students will become acquainted with local and national writing and publishing resources. For the final project, students will work in one genre (poetry or fiction,) to complete a manuscript for submission to Warner Pacific's art and literary journal, *Rocinante*. Repeatable to a total of six semester credits. Prerequisites: EN 101, 200 or transfer equivalency.

COMM/EN/FA 351

Creative Writing: Creative Nonfiction

(3 credits)

A workshop approach to the writing of nonfiction articles and other nonfiction forms for periodical magazines. Students will write to foster inquiry into topical issues, writing about lives, places, events, and ideas, whether scientific, ethical/philosophical, or historical. Repeatable to a total of six semester credits. Prerequisites: EN 101, 200 or transfer equivalency.

COMM 381

Social Media and Analytics

(3 credits)

This course will provide students with an understanding of social media, marketing plans and social media analytics. Students will study social media strategies in order to build client profiles on the top social networks. They will engage with audiences and communities and utilize analytical tools to track success. Finally, they will practice communicating strategy and recommendations based on their analytic tools in written and oral form. Prerequisites: BUS 223, MA 342 or instructor consent.

COMM/EN 385

Introduction to Critical Strategies

(3 credits)

(Alternate years 2018-2019)

This introductory course acquaints students with critical lenses through which we perceive various “texts” in our world. Students will learn about critical approaches used prior to the post-modern movement, but the majority of the class time will be spent applying critical strategies promoted within the last fifty years to films and texts—both literary and non-literary. The strategies are broken into three main categories: emphasis on the text, emphasis on the source, and emphasis on the receiver. Prerequisite: EN 101.

COMM/EN 390

Visual Communication

(3 credits)

(Alternate years 2019-2020)

This course begins by introducing basic principles of perception and visual interpretation, then moves into study of the dependent processes of visual communication and rhetoric in media and film studies, cultural studies, art, literature, electronic media, and the public spectacle. Some study will also be dedicated to the design of visual form and visual communication both in traditional and electronic formats. Prerequisite: Two Communications courses.

COMM 400

Digital Media Capstone

(2 credits)

Students create a digital portfolio consisting of at least three digital media forms. They apply knowledge and skills obtained in the major to design a significant project in a collaborative environment. At the end of the semester, they make a formal oral and visual presentation of their project to an audience of faculty, peers, and professionals. Prerequisite: At least two upper-division Digital Media and Communications courses.

COMM/EN 450

Communication Ethics

(3 credits)

This course emphasizes the philosophical roots of theories for reading texts from an ethical perspective, and applies those theories to the issues raised in media communications today. Students will read primary texts of literary critical theory and ethical theory and apply those readings to literary texts. The course also treats issues involved in the ethics of journalistic writing. Grounded in the critical and ethical theory, students will explore questions media professionals confront when writing for publication, such as: What does freedom of the press mean? What is the fourth estate? What constitutes “news” and, once that definition is agreed on, is it ever ethical to withhold news from the public? Students will confront these questions through comprehensive reading, case studies, their own writing, and the sharing of their thoughts through discussion. Prerequisite: Two lower or one upper-division communication classes.

COMPUTER SCIENCE

(Majors begin on page 107.)

CS 100

Intro to Programming

(4 credits)

Students will learn how to setup a web development project with Git version control. They will build web pages with organized and styled content. Then they will use the JavaScript programming language in order to make their web pages interactive. Finally they will take a more complete look at JavaScript as well as object driven software design. Students will participate in the creation and presentation of a team project that demonstrates the web development skills taught in this course. Prerequisite: MA 111 or equivalent. Requires a grade of C to pass.

CS 101

User Interfaces

(4 credits)

Students will create organized and flexible website layouts using CSS. They will sketch, wireframe, and prototype interactive user experiences. Then they will use responsive layout patterns and CSS techniques to support a wide range of screen sizes. Later they will set up a development environment to manage external libraries and improve site performance. Finally they will integrate animations into their experiences in order to inform the user and add expression. Prerequisite: MA 111 or equivalent. Requires a grade of C to pass.

CS 102

Ruby

(4 credits)

Students will be introduced to web application concepts using the Ruby programming language. Throughout the course they will write automated tests that are outcome focused to foster good code design and find bugs. They will use the Sinatra web framework to dynamically generate HTML and correctly respond to web requests. Later they will set up a database and use SQL to store and look up structured information. Finally they will use the Active Record library to define database tables, configure their relationships and perform complex queries. Students will demonstrate the skills taught in this course by their creation and participation in a team project. Prerequisite: MA 111 or equivalent. Requires a grade of C to pass.

CS 103

C#

(4 credits)

Students will be introduced to web application concepts using the C# programming language. Throughout the course they will write automated tests that are outcome focused to foster good code design and find bugs. They will use the ASP.NET Core MVC web framework to dynamically generate HTML and correctly respond to web requests. Later they will set up a database and use SQL to store and look up structured information. Finally they will design database tables with related data sets and use SQL to perform complex queries on them. Students will demonstrate the skills taught in this course by their creation and participation in a team project. Prerequisite: MA 111 or equivalent. Requires a grade of C to pass.

CS 104

Javascript(4 credits)

Students will be introduced to front-end web development with the Angular JavaScript framework. They will setup a JavaScript development environment that runs automated

tests and detects problems. Throughout the course the students will use modern language features and specify data types so that their code is easier to read and maintain. They will build programs that request data from a remote web service and use the response to populate a user interface. They will practice separating code that does data retrieval from code that renders a user interface. Finally they will explore the features of the Angular framework and use them to create well-structured JavaScript applications. Students will demonstrate the skills taught in this course by their creation and participation in a team project. Prerequisite: MA 111 or equivalent. Requires a grade of C to pass.

CS 105

React

(4 credits)

Students will explore advanced concepts in front-end web development with the React JavaScript library. They will setup a development environment that runs tests and loads code changes into a browser automatically. Then they will build responsive and well-structured user interfaces with React. Later they will use the Redux JavaScript library to simplify state management in dynamic and interactive websites. Finally they will learn how to programmatically persist application state for later use with local browser storage and remote web services. Students will demonstrate the skills taught in all their Epicodus courses by creating and presenting a capstone project. Prerequisite: MA 111 or equivalent. Requires a grade of C to pass.

CS 106

Rails

(4 credits)

Students will explore advanced concepts in full-stack web development with the Ruby on Rails framework. They will add account creation and sign in functionality to a Rails application. Then they will build a fully functional e-commerce site with a shopping cart. Finally they will create a Rails web service that responds to requests from remote software clients. Students will demonstrate the skills taught in all their Epicodus courses by creating and presenting a capstone project. Prerequisite: MA 111 or equivalent. Requires a grade of C to pass.

DRAMA

DR/EN 220

Introduction to World Theatre

(3 credits)

(Alternate years 2019-2020)

An overview of theatre practices and cultural differences as reflected in theatre around the world. Includes viewing plays on and off campus. Prerequisite: EN 95 or placement in EN 101.

DR/EN 250/349

Understanding Film and Its Forms

(3 credits)

(Alternate years 2018-2019)

Introduces students to the historical, technical and aesthetic development of film, with special emphasis on examining the mythology underlying various genre, and learning how to determine a film's thematic statements in light of its worldview. 300-level is available by consent of instructor and requires an additional major project.

DR 310

Drama for the Classroom

(3 credits)

(As needed)

Reading and hands-on projects related to the production of children's theater/literature. Low budget scenery, costumes and creative dramatics for the classroom teacher. This class is also recommended for those interested in Youth/Children's Ministry.

DR 316

Theater for Social Justice

(3 credits)

Students study and practice significant theatrical approaches to examining social issues. Students further develop knowledge, skills, and convictions to create social change around relevant issues affecting their lives and the lives of their neighbors. Prerequisite: Sophomore class standing.

DR/EN 360

Shakespeare

(3 credits)

(Alternate years 2019-2020)

A broad study of selected sonnets and major plays of Shakespeare, including comedy, tragedy and history. Shakespeare's life and the historical context of his work are integral. Required of English Language Arts majors. Prerequisite: One Literature course of consent of instructor.

ECONOMICS

EC 203

Economics

(3 credits)

If economics is the study of scarcity; then one must know how to properly allocate scarce resources. In this course students will explore Microeconomics how individuals, households, and firms make allocation decisions associated with these resources. The student will also learn about Macroeconomics and the philosophical reasons for choosing the above allocations. In this course we will study supply and demand, equilibrium, as well as many other economic theories. Prerequisite: EN 95 or placement in EN 101.

EC/URB 420

Microenterprise Development

(3 credits)

(Alternate years 2019-2020)

This course introduces students to the microenterprise principles of economic development in urban communities; in other words, job creation. It discusses how key assumptions of the standard economics discourse don't always hold for neighborhoods at an economic tipping-point. It utilizes a systematic method of analyzing the role of community organizations in the economic turn-around of neighborhoods, through job creation and how microenterprise principles interplay with social forces to shape the economic development of urban neighborhoods. Prerequisite: URB 140.

EDUCATION

(Major and Minor described on pages 102-103.)

ED 240

Integrating Educational Technology in the Classroom

(3 credits)

This course addresses the application of learning technologies in the K-12 classroom, focusing on new media and technology to foster creative and divergent thinking. Emphasis will be on the incorporation of technologies in the teaching and learning process.

ED 250**Introduction to Education with Practicum (30 hours) (2 credits)**

Taken prior to admission into the Teacher Education Program, this course explores teaching as a career choice and includes an examination of the historical, theoretical, philosophical, and sociological foundations of education. It includes current issues, practices, roles of school personnel, and federal and state laws related to education. A concurrent 30-hour practicum is required.

ED 260**Human Development and Learning Theory****Implications for P-12 (4 credits)**

The course is an integrated approach to foundational work in learning theory and human development and their application in educational settings. The course approaches the study of the mental, physical, emotional, interpersonal, and spiritual development of a person from birth to death. Understanding and addressing learner similarities and differences is a recurrent issue throughout this course. Classical and contemporary theories of learning and instruction shall be applied to a variety of classroom situations. Self-concept, cognitive and affective potential, lesson planning, and learning hierarchies shall be addressed. While issues across the life span will be addressed, the school-age years (early childhood, elementary, middle school, and high school) will be emphasized.

ED 281**Curriculum Planning and the Role of the Teacher (3 credits)**

This is a course that assists students in writing and developing lesson plans and designing individualized and group curricula through application of developmentally appropriate practices for standards based learning in the early childhood and elementary classroom. This course is required for Teacher Education program admission. Prerequisite: Sophomore class standing or consent of the instructor.

ED 305/405**Independent Study (1-3 credits)**

Independent Study involves original research and writing in an area agreed upon by the professor and the student. Consent of the instructor and Junior class standing is required for Independent Study in education.

ED 334**Teacher as Manager with Practicum (30 hours) (2 credits)**

This course guides students in understanding the need for and developing the skills of management of various classroom, building, community, and parental issues and activities. Areas covered include classroom management, communication skills with community and parents, public policy and school law, classroom diversity issues, and community influences and resources. This course is required for Teacher Education program admission. Prerequisite: Sophomore class standing, or consent of the instructor.

ED/EN 341**Literature for Children (3 credits)**

This course is an introduction to literature for children. It is designed to develop an understanding of genre, literacy characteristics, evaluation techniques, and selection guidelines for literature. Prerequisites: EN 200, Sophomore class standing.

ED/EN 343**Literature for Adolescents and Young Adults (3 credits)**

This course is an introduction to literature for adolescents and young adults. It is designed to develop an understanding of genre, literacy characteristics, evaluation techniques, and selection guidelines for literature. Prerequisites: EN 200, Sophomore class standing.

ED 370**Art and Music Methods in the Classroom (2 credits)**

This is a seminar and laboratory course that offers basic content, methods, and materials for teaching music and art. The focus will include developmentally appropriate practices at the early childhood and elementary levels. Students will learn to assess, plan and implement activities for learner centered classrooms. Prerequisites: Sophomore class standing and Education major declaration.

ED 371**Physical Education Methods in the Classroom (2 credits)**

This is a seminar and laboratory course that offers basic content, methods, and materials for teaching health and physical education. The focus will include developmentally appropriate practices at the early childhood and elementary levels. Students will learn to assess, plan and implement activities for learner centered classrooms. Prerequisites: Sophomore class standing and Education major declaration. Prerequisite: EN 101

ED 372**Literacy Methods in the Classroom with Practicum (50 hours) (4 credits)**

This course with practicum prepares students to develop reading and language arts skill, including speaking, listening and writing for age three through grade eight. It includes an emphasis on reading readiness, emergent literacy, assessment, methods, materials, recent research, and theoretical sound practices for improvement and instruction of reading and language arts skills. Students are responsible for fees associated with licensure including ORELA and any additional licensure assessment fees required by TSPC. Prerequisites: ED 260, ED 281, and admission to the Teacher Education program.

ED 373**Math Methods in the Classroom (2 credits)**

This course will enable students to master developmentally appropriate, differentiated teaching techniques in the PK-8 mathematics curriculum and to correlate lessons to the national and the Common Core State Standards Prerequisites: ED 260, ED 281, and admission to the Teacher Education program.

ED 374**Science Methods in the Classroom (2 credits)**

This course will enable students to master developmentally appropriate, differentiated teaching techniques in the PK-8 science curriculum and to correlate lessons to the national and the Common Core State Standards. Prerequisites: ED 260, ED 281, and admission to the Teacher Education program.

ED 375**Social Studies Methods in the Classroom (2 credits)**

This course is an introduction to curriculum development, standards, learning outcomes, materials, resources, instructional strategies, and assessments for PK-8 social studies instruction. An emphasis is placed on concept development through scope and sequence planning and integration with other content areas. Prerequisites: ED 260, ED 281, and admission to the Teacher Education program.

ED 376**ESOL Methods in the Classroom****(2 credits)**

This course examines current curriculum models, materials, teaching approaches, assessment techniques, and cultural factors that maximize the academic achievement of English language learners. It emphasizes strategies related to planning, implementing, and managing instruction that enable students in different proficiency levels to access the core curriculum and develop language skills. Prerequisites: ED 260, ED 281, and admission to the Teacher Education program.

ED 430**Development and Administration of Early Childhood Programs (3 credits)****(As needed)**

This course emphasizes the functions of programs for young children. Content focuses on philosophy, policy and ethics, parent involvement, fiscal management, staffing issues, health and safety and program evaluation. Advocacy issues are included. The course requires off campus visitations and/or field experience. Prerequisite: Valid first aid card or consent of instructor.

ED 481/482/483**Professional Development Seminar****(2 credits)**

The course supports the pre-service teacher in learning and refining professional expertise while student teaching. Course content includes the role of the teacher as a member of a learning community, classroom management, professional responsibilities, presentation, accountabilities, and commitment to lifelong learning and professional development. This course is taken in conjunction with ED 495 Student Teaching II in the final semester of the student's program. Prerequisite: Full admission to the Teacher Education program, ED 250, ED 281, ED 334, ED 491.

ED 489**Administration and Implementation of Reading Programs****(3 credits)**

This course is required for a reading interventionist endorsement. Knowledge of the administration and implementation of classroom and school-wide reading is included. Emphasis will include theory of instruction; materials for the reading curriculum; environments of reading instruction; personnel; evaluation of students and the program; and prevention, correction and remediation of reading difficulties. A major emphasis is upon research and current trends and practices. This course is taken in conjunction with a 100-hour practicum (ED 493). Prerequisites: ED 281 and ED 372, or consent of instructor.

ED 491**Student Teaching I (100 hours)****(2 credits)**

This clinical experience meets requirements for hours in the classroom and the initial work of edTPA. The configuration of this experience may vary to accommodate the schedule and requirements of both the cooperating school site and the student. Offered on a Pass/No Pass basis. Prerequisite: Full admission to the Teacher Education program, ED 250, ED 281 and ED 334. Students are responsible for fees associated with licensure and any additional licensure assessment fees required by TSPC. Additional fees for fingerprinting and the state Civil Rights exam are required.

ED 492**Endorsement Practicum****(2 credits)**

This practicum experience meets requirements for demonstration of authorization and content competence in an endorsement. Offered on a Pass/No Pass basis. Prerequisite: Admission to the Teacher Education Program.

ED 493**Practicum for ED 489 (100 hours)****(2 credits)**

This practicum experience meets requirements for demonstration of authorization and content competence in the reading interventionist endorsement. It is taken concurrently with ED 489 Administration and Implementation of Reading Programs. The practicum will include observation, interviewing and participation in several existing public school reading programs. Offered on a Pass/No Pass basis.

ED 495**Student Teaching II****(14 credits)**

This clinical experience includes full-time student teaching for the entire 15-week semester at the teacher candidate's primary authorization level. It is taken concurrently with ED 481. Each candidate will produce an edTPA and integrated unit. Offered on a Pass/No Pass basis. Students are responsible for fees associated with licensure including edTPA and any additional licensure assessment fees required by TSPC. Prerequisites: ED 491 and full admission to the Teacher Education Program.

An awareness of the cultural context will be explored and appropriate moral responses to professional concerns will be honed. The ethical expectations of a professional in American society will be sharpened. Major types of professionals in health care will be explored. This course will include an experiential component exposing students to issues faced in the workplace. Prerequisite: Sophomore class standing.

HCA/REL/SOC 352

Society, Health Care, and Bioethics

(3 credits)

(As needed)

This course provides an overview of the American health care system with awareness of the social, bioethical, and business practices of those organizations. A history of Jesus' ministry and Christian health care will be offered. Other major world-wide systems will all be reviewed. Avenues of health care reform will be explored. Alternative medical practices will be reviewed. Prerequisite: Sophomore class standing.

HCA 402

Finances and Budgeting of Health Care Organizations

(3 credits)

(As needed)

In this course students will study the fundamentals of financial management in health services, with emphasis on the financial environment, payment systems, discounted cash flow analysis, risk, financial statements, capital investments, capital budgeting, and

Medicare & Medicaid regulations. These concepts are explicated in the light of decisions made by health care organizations by using accounting and finance theories, principles, and concepts most important to managers in the health care industry. Contemporary case studies will be used to illustrate the relationship between finance theory and organizational policy, including those for non-profit health care institutions. Prerequisite: Junior class standing.

HCA 403

Public Policy, the Law and Ethics in Health Care

(3 credits)

(As needed)

This course introduces the student to the demands on health care of laws and regulations ranging from patient rights to corporate responsibilities. It covers concepts such as public policy, risk management, fraud and abuse, as well as a discussion of the Healthcare Administrator's role in organizational compliance, licensing, and accreditation. Health care regulatory agencies and state and federal agencies are examined as well as their impact on the operation of health care organizations. Prerequisite: Junior class standing.

HCA 404

Introduction to Public Health Administration

(3 credits)

(As needed)

This course explores community and public health services in the well-being of a population. Regulatory mandates promoting public and community health are explored. The interface among community and public health services and the overall health care industry is explored. Legal and ethical imperatives emergent in public health services are discussed. Financing options are explored recognizing the role of categorical fiscal resources. Health care promotion and prevention strategies are explored in concert with the role of health care institutions and the public sector. Health information data is utilized in the planning of a community and/or public health project. This course will include an experiential component exposing students to issues faced in the workplace. Prerequisite: Junior class standing.

HCA 412

Health Care Ethics

(3 credits)

(As needed)

This course identifies ethical issues in health care. It is designed to encourage the student to clarify their personal ethics in as related to the field of health care. The various responsibilities involving the managing of individuals and groups whose ethics may be divergent are explored. The course encompasses a study of the Christian world view as it is applied to leadership situation. Prerequisite: Junior class standing.

HCA 450

Critical Issues in Health Care

(3 credits)

(As needed)

This course serves as the capstone course which includes a project that provides the learner the opportunity to explore a self-selected critical issue in health care. The project may be problem focused in which the learner identifies a health care problem or issue and conducts research on the topic culminating in a proposed solution. The students will be expected to incorporate the concepts learned in prior coursework, specifically the health care ethics course, in their final project. Prerequisite: Junior class standing.

(3 credits)

(Alternate years 2019-2020)

A study of research methods, writing skills, interpretative analysis, and the philosophies of major historians. Prerequisite: Successful completion of six semester credits in history.

HIS 495

Historical Research and Writing

(3 credits)

Guided work in original historical research and writing toward the production of a scholarly paper. The research topic is to be agreed upon by each student and supervising faculty member. Prerequisite: 6 upper-division credits in history.

HUMAN DEVELOPMENT

(Majors/Minor described on pages 85, 89.)

HD/SW 330

Life Span Human Development (3 credits)

A course for Social Work and non-majors in Human Development, Psychology and Human Development and Family Studies. This course analyzes theories of human behavior in the social environment from a lifespan developmental approach. The study of the mental, physical, emotional, interpersonal, and spiritual development of an individual from birth to death is explored through the life stages and transitions of infancy; childhood; adolescence; early, middle, and late adulthood; and death and dying. This course examines the complexities of human development and behavior of individuals, families, communities, groups, and organizations, as well as the interaction of the biological, psychological, and social factors that shape experiences. The course provides a broad understanding of how humans develop within the family system and within the social context. Prerequisites: EN 101, PSY 140/141.

HD 311

Prenatal through Early Childhood Development (3 credits)

A study of human development from conception through early childhood utilizing developmental theories and current research in assessing children's cognitive, social, emotional, physical and spiritual domains and socio-cultural contexts. Attention is given to developmentally appropriate practices for parents and teachers. Prerequisites: PSY 140/141, EN 101.

HD 312

Mid-Child through Adolescent Development (3 credits)

A study of physical, cognitive, social, emotional, and spiritual development of school age children through adolescence utilizing current research and developmental theories. Attention is given to cross-cultural and sub-cultural variations in home situations, parenting styles, and peer groups in enhancing social competence and morality. Prerequisites: PSY 140/141, EN 101.

HD 313

Adult Development, Aging and Dying (3 credits)

A study of the physical, mental, social, emotional, and spiritual adjustments of healthy adult life from young adulthood through the retirement years. Attention will be given to the variations in self-expectations rising from physical aging, continuing socialization, and environmental change. Anticipation of retirement, loss of friends and loved ones, changing roles in the family, workplace, and in social life will be discussed. Also explored will be issues of transition, loss, death, and dying. Prerequisites: PSY 140/141, EN 101.

HD 314

Parenting Through the Life Cycle (3 credits)

This course is a participatory learning experience for parents, those planning on being parents, and those who will teach parents to understand and gain the needed skills and responsibilities of being a parent. Students will learn, through a number of sources and projects, about parenting through the life span, various parent education strategies, and parenting dynamics in a diverse culture and with various family types and issues. Prerequisites: Sophomore class standing. Prerequisites: PSY 140/141, EN 101.

HD/HE 320

Human Sexualities

(3 credits)

This course is a study of human sexuality addressing biological, social, emotional, cognitive, and spiritual aspects. Sexuality, encompassing all that we are as females and males, will be taught from a holistic framework. The overall goal of the course is that students be more knowledgeable with the content, more aware of the problematic issues, more ready to discuss sexuality, better able to live intentionally as a healthy sexual being and more available to help others who need information and resources. Prerequisites: Sophomore class standing. Prerequisites: PSY 140/141, EN 101.

HD 480

Family Resource Management

(2 credits)

This course provides students with knowledge and experience in understanding and planning resources for both individuals and families. Emphasis will be placed on the roles of values, goals, attitudes, and decision-making in the process of managing resources and other commodities. Prerequisites: PSY 140 or 141, or SOC 140.

HUMANITIES

HUM 210

Humanities Colloquy: Science in Society

(3 credits)

(As needed)

An interdisciplinary approach to questions about the relationship between science and society. Students will explore the nature of both the individual's and society's responsibility in the understanding and application of science with reference to ethics, technology and social justice. Readings in foundational perspectives in moral philosophy are applied to current issues such as the role of science in: world health issues, race and gender, and art and creativity. Students will pursue a project that focuses on ethical aspects of a selected topic. Prerequisite: EN 200.

HUM 211

Humanities Colloquy: War and Peace

(3 credits)

An interdisciplinary approach to questions about war and peace, human aggression, conflict resolution, and the variety of Christian approaches to these issues. Readings in foundational philosophical perspectives are applied to issues involving war and peace. Discussion of the nature of human life is integral to the course. Prerequisite: EN 200.

HUM 212

Humanities Colloquy: Earthkeeping

(3 credits)

An interdisciplinary approach to understanding the cultural and scientific aspects of ecological and environmental issues through developing a common ecological vocabulary bridging disciplines; examining the scientific, religious, and cultural debates that surround the concept of deep ecology; describing how theories of nature and of human nature relate to current ecological issues; and examining globalization and commodification in an effort to understand how human societies relate to natural systems. Prerequisite: EN 200.

HUM 213

Humanities Colloquy: Politics and People of the Book

(3 credits)

"Politics and the People of the Book" asks the central question: what is the proper role of religion in politics? By reading the most significant contributions of Christian thinkers

to the question from the Western tradition, being exposed to responses from the Christian non-West, and seeing parallels in the Jewish and Islamic traditions, students will see the breadth and complexity of the question and its various answers. Prerequisite: EN 200.

HUM 310

Humanities Colloquy: Faith, Living and Learning (3 credits)

An interdisciplinary consideration of the relationship of the Christian faith to aspects of the human condition. Students will be challenged to infuse a personal theological perspective into their thinking about self, society, the world, the cosmos, and the like. Prerequisite: EN 200.

HUM 385

Critical and Cultural Theory (3 credits)

This course introduces students to contemporary interdisciplinary cultural interpretation and critique, relevant to literary, historical, and cultural studies. Students will learn how to understand or read culture through various “texts” in our world and to apply critical lenses to cultural artifacts. Readings and activities will focus on a variety of related approaches which re-assess cultural notions of meaning, identity, power, representation, production and consumption. Prerequisite: Upper division course in Literature, History, or Philosophy.

HUM 391, 392, 393

Humanities Internship (2-5 credits)

Student works and learns under supervision in an approved internship with an agency, program, or institution. Application and integration of interdisciplinary knowledge, theory, and understanding. Prerequisites: Junior class standing, 2.8 GPA, consent of instructor and department chair. Pass/No Pass grade. (Generally, students need to plan schedules so as to spend a concentrated amount of time [at least six hours/week, preferably 10-15 weeks] in a semester or summer placement. [45 hours of consultation, travel, and internship activities = one credit.]) Must be prearranged one term in advance of placement.

HUM 410

Senior Humanities Seminar (3 credits)

An exploration from a humanities perspective of personal, social, ethical, and religious issues related to selected disciplines in the student’s liberal arts experience. Student produces a formal paper that 1) identifies an issue constant to the human condition and 2) examines that issue via synthesis through the lenses of at least three academic disciplines. Prerequisites: EN 200 and HUM 310 or consent of seminar director. Students who are required to take 200-level and 300-level Humanities series courses must complete those courses before entering HUM 410.

INFORMATION TECHNOLOGY

(Majors begin on page 107.)

IT 101

IT Fundamentals (4 credits)

This course offers a broad survey of topics relevant to the Information Technology field, including computer hardware, software, networking, programming, databases, and information security. Students will develop the basic foundational knowledge required for today’s increasingly technology driven world. After completing this course, students will

have a better understanding, and appreciation of how various information technologies work together to deliver solutions for organizations and individuals.

Prerequisites: MA 111 or equivalent, EN 101 or equivalent.

IT 201

Cybersecurity Foundations

(16 credits)

This course is designed to provide students with an understanding of the multiple technologies and information security concepts entry-level cybersecurity specialists need to protect an organization's critical assets. Students will learn to securely deploy and manage computer workstations and servers, configure and troubleshoot wired and wireless networks and write and maintain scripts to automate administrative tasks. The courses will use an immersive, problem-based, scenario-driven format, simulating real-world experiences. In addition to developing technical skills, students will also engage in teamwork, and demonstrate professional communications skills throughout the course.

Prerequisite: IT 101.

SEC 202

Cyber Defense Infrastructure and Analysis

(12 credits)

This course focuses on the specific defensive tools and techniques used by cybersecurity professionals. Students will learn to configure and manage Firewalls, Intrusion Detection/Prevention Systems (IDS/IPS) and Vulnerability Scanners. Students will collect and analyze log files, packet captures and other data sources to identify potential attacks. Students will also learn how to respond to security incidents and perform basic forensic procedures. This course will provide students a realistic experience of working in a Security Operations Center (SOC), where they will need to combine technical knowledge with deep analytical skills to detect and defend systems from a variety of threats.

Prerequisite: IT 201.

JOURNALISM

(Communication Major, Minor described on page 65, 70.)

JL/COMM 210

Journalism Principles and Techniques

(3 credits)

(Alternate years 2018-2019)

Students in this course will practice the techniques of information gathering and writing in various journalistic styles (news stories, features, editorials/columns). Students will develop a variety of research and interviewing skills, as well as the ability for perceptive observation. Students will learn to write tightly, clearly, and colorfully,—and discern how to tailor their writing to different target audiences. Prerequisite: EN 101 or instructor consent.

JL/COMM 211

Copy Editing and Publication Design

(3 credits)

(Alternate years 2019-2020)

An overview of the editorial process and the basic tools and tasks of the copy editor. Students will learn to edit print media for clarity, concision, accuracy, grammar and stylebook conventions, and will also become familiar with the basic design principles for newspapers, magazines, and newsletters. Prerequisite: COMM 210 or equivalent, or consent of instructor.

MATHEMATICS

(Mathematics Minor described on page 81)

MA 90

Elementary Algebra

(3 credits)

Elementary algebra is the first course in the algebra sequence. This course will cover simplifying expressions, solving linear equations and inequalities, and solving linear systems of equations. Following the successful completion of this course, students may enter MA 95 or MA 104, depending on major area and skill level. Graded P/NP. Does not fulfill General Education Core Studies requirements for math.

MA 95

Intermediate Algebra

(3 credits)

This course covers concepts and skills of algebra including linear equations, functions, graphs, polynomials, factoring, rational expressions, radicals and other topics. This course is appropriate for students who do not yet feel prepared to take MA 111 College Algebra or another higher level math course. Graded P/NP. Does not fulfill General Education Core requirements for math.

MA 104

Math for Liberal Arts

(3 credits)

A course devoted to topics for liberal arts students emphasizing problem-solving. Topics covered may be sets and set logic, series and sequences and their application, graph theory, geometry, mathematics of finance, probability and statistics, number theory, or decision theory. Three or four of these topics will be covered during a semester. Meets General Education Core Studies outcome L8. Prerequisites: A minimum of two years of high school math, including one year of algebra and one year of geometry or two years of integrated math, and EN 95 or placement in EN 101. An appropriate course for students who are not required to take any other math for their majors.

MA 111

College Algebra

(3 credits)

College Algebra is a study of functions including linear and non-linear functions, inverse functions, and systems of equations. Graphing calculators are used to present topics and help solve problems throughout the course. Meets General Education Core Studies outcome L8. Prerequisite: MA 95 or two years of algebra in high school or three years of integrated math in high school and a grade of A or B in the last math class taken. Credit cannot be earned for both MA 111 and MA 115.

MA 115

Precalculus

(4 credits)

Precalculus is the study of functions: polynomial, rational, exponential, logarithmic, and trigonometric. Functions are examined through problem solving, graphing, and application (with the aid of graphing calculators). Meets General Education Core Studies outcome L8. Prerequisite: MA 95 or two years of algebra in high school or three years of integrated math in high school and a grade of A or B in the last math class taken. Credit cannot be earned for both MA 111 and MA 115.

MA 211

Fundamentals of Elementary Mathematics I

(3 credits)

A course for prospective elementary and middle school teachers with a focus on problem solving. Topics include the development of number systems, from whole numbers to real numbers. Meets General Education Core Studies outcome L8. Prerequisites: MA 95 or

two years of algebra in high school or three years of integrated math in high school and a grade of A or B in the last math class taken, and EN 95 or placement in EN 101.

MA 212

Fundamentals of Elementary Mathematics II (3 credits)

A course for prospective elementary and middle school teachers with a focus on problem solving. Topics include geometry, measurement, statistics, and probability. Prerequisites: MA 95 or two years of algebra in high school or three years of integrated math in high school and a grade of A or B in the last math class taken, and EN 95 or placement in EN 101.

MA 251

Calculus I (4 credits)

This course is an introduction to differential and integral calculus. Topics include limits and continuity, applications of the derivative, and the fundamental theorem of calculus. Graphing calculators are used to present topics and help solve problems throughout the course. Meets General Education Core Studies outcome L8. Prerequisite: MA 115 or equivalent.

MA 252

Calculus II (4 credits)

(Alternate years, 2019-2020)

Topics include the application of integration, the calculus of exponential, logarithmic, trigonometric, and hyperbolic functions, integration techniques, improper integrals, polar coordinates, parametric forms, and infinite series. Prerequisite: MA 251.

MA 253

Calculus III (4 credits)

(Alternate years, 2019-2020)

This course includes topics in vector calculus such as lines, planes, and space curves in vector form, partial differentiation, multiple integration, and vector analysis. Prerequisite: MA 252.

MA 342

Statistical Methods (4 credits)

An introductory course in descriptive and inferential statistics, including the practice of hypothesis testing, linear regression, and analysis of variance. Meets General Education Core Studies outcome L8. Prerequisite: MA 95 or equivalent; EN 95 or placement in EN 101.

MA 343

Linear Algebra (3 credits)

(Alternate years, 2020-2021)

Topics in matrix algebra, including vector spaces, determinants, systems of linear equations, eigenvalues, eigenvectors, linear transformations, and proof. Prerequisite: MA 251 with grade of C or better.

MA 356

Discrete Mathematics (3 credits)

(Alternate years, 2020-2021)

Introduction to the mathematical analysis of finite collections, data structures and algorithms. Topics include set theory, logic, methods of proof, combinatorics, sequences, recurrence relations, and graph theory. Prerequisite: MA 251 with grade of C or better.

MISSIONS

MIS 240

Introducing Cross-Cultural Ministry

(3 credits)

(Alternate years 2018-2019)

This course is designed to provide an introduction to cross-cultural ministry. As such, biblical, theological, strategic, and cultural perspectives of Christian missions in the world will be addressed. Emphasis will be placed on the cross-cultural worker, missionary adjustment and other issues related to the task of cross-cultural ministry.

MIS 335

Discipleship in a Cross-Cultural Context

(3 credits)

(Alternate years 2018-2019)

A course aimed at developing leadership in the practice of person-to-person and corporate communication of the Gospel to the end that followers of Jesus Christ are secure and led in the process of becoming fully devoted disciples: thinking, acting, and relating in a Christian manner. Particular attention will be given to how this process is facilitated in a cross-cultural context. Prerequisite: Sophomore class standing.

MIS 370

Ministering in a Cross-Cultural Setting

(3 credits)

(Summer semester)

This course will focus on practical exploration of ministry in a cross-cultural setting. Guided and supervised cross-cultural missions experiences are designed to provide student the opportunity to increase cross-cultural understanding and adaptation, explore of ministry skills implementation and competency, and engender servant-hearted leadership. The exploration will be done under the supervision of a qualified professional Christian mentor. This five-week cross-cultural internship provides the student the opportunity to merge theoretical knowledge with hands-on experience in a cross-cultural setting. NOTE: Because of the intensive, immersion nature of this course it is only offered in the summer. Prerequisites: MIS 240, MIS 335, SS 335, REL 310.

MIS 410

Biblical Theology of Missions

(3 credits)

(Alternate years 2019-2020)

An examination of the biblical story as it appears in both Old and New Testaments with an intent to discover the undergirding missiological themes, concepts, principles, and mandates that define and shape the people of God and that propel them into obedient witness and service among the nations. The Christocentric nature of the missionary method, message, and task will be stressed. Prerequisite: Junior class standing.

MIS 450

Current Issues in Christian Missions

(3 credits)

(Alternate years 2019-2020)

An overview and exposure to various theological and biblical issues confronting the missionary enterprise of the church today. The focus of the course, however, will deal with the practical issues confronting the missionary as global citizen, church representative, and evangel of Christ. Topics such as social action versus evangelism, development, contextualization, globalization, and missionary recruitment, retention, and care will be addressed. Prerequisite: Junior class standing.

MUSIC

(Minor see page 71.)

MUS 100G

Class Guitar

(2 credits)

Techniques of guitar playing: chords, method, fingerpicking accompaniment, flatpicking style, and strumming rhythms. Elementary sight reading of music and guitar tablature, introduction to music theory for transposing, transcribing, and editing church music from piano/organ music to guitar music.

MUS 100P

Class Piano Level One

(2 credits)

Instruction in elementary sight reading, rhythm, fingering, and pedaling. Open both to majors with no keyboard experience and to non-majors. Available on a Pass/No Pass basis. Requires three hours per week of private practice.

MUS 100V

Class Voice

(2 credits)

Techniques of singing: tone production, breathing, diction, performance skills, appropriate repertoire, and song interpretation, as well as sight reading skills.

MUS 101-104/201-204/301-304/401-404

Applied Music

(1 credit)

Private lessons in respective areas of voice, keyboard, guitar, strings, wind, brass, or percussion instruments. Students pay the university for the cost of academic credit and a fee for individual lessons. Performance in a Friday Arts program is expected, unless excused by applied instructor in writing. Stated level repertoire must be satisfied through jury evaluation before advancement to next level can be achieved.

MUS 111

Understanding Music

(3 credits)

A hands-on introduction to the fundamental facts and skills of music, geared specifically to the non-major. Examination of rhythmic and pitch notation, and the ways in which they are combined to make music. Students will learn to read music, to listen to it for more understanding and pleasure, and to be familiar enough with the keyboard for basic note reading. No previous background required. Available on a Pass/No Pass basis.

MUS 112

Intro to Song Writing

(2 credits)

An introduction to the primary elements of Music Theory with a particular focus on application to song writing.

MUS 114/314

Concert Choir

(1-2 credits)

Study and performance of representative sacred and secular choral literature. Prerequisites: Audition and commitment to annual tour. Course may be repeated.

MUS 115/315

Wind Ensemble

(1-2 credits)

Study and performance of representative concert band literature. Open to all students with previous instrumental experience. Prerequisites: Audition and commitment to annual tour and full-year participation. Course may be repeated.

MUS 116/316**Chamber Ensemble****(1 credit)**

Study and performance of representative chamber ensemble literature. Membership selection is based on the particular instruments needed to form ensembles and by audition. Course may be repeated.

MUS 117/317**Jazz Band****(1 credit)**

A performance ensemble for musicians wishing to develop their jazz playing and improvisation. Course may be repeated.

MUS 118/318**Warner Chorale****(1-2 credits)**

Select group of mixed voices chosen from membership of Concert Choir. Prepares and performs selected choral chamber literature and representative sacred ensemble literature. Performs 1-2 concerts per month for community organizations and churches, in addition to annual tour with Concert Choir. Prerequisite: Audition. Course may be repeated.

MUS 119/319**Vocal Jazz Ensemble****(1 credit)**

Study and performance of representative vocal jazz charts. Course may be repeated.

MUS 120/320**Warner Concert Chorale****(1 credit)**

Designed for adult learners and evening students, this course emphasizes the participation of students in a choral experience suitable for its membership. May combine with Concert Choir for performances of larger choral works. Course may be repeated.

MUS 121, 122**Theory I, II****(3, 3 credits)**

Study, analysis, and application of the basic materials of Western music through seventh and secondary dominant chords. Includes introduction to counterpoint. Usually taken concurrently with MUS 121B, 122B.

MUS 121B, 122B**Aural Skills I, II****(1, 1 credit)**

Development of aural acuity through sight singing and intervallic, melodic, rhythmic, and harmonic dictation. Meets twice weekly. Usually taken concurrently with MUS 121, 122.

MUS 205/305/405**Independent Study****(1-4 credits)**

Involves original research and writing on a topic or project agreed upon by the instructor and the student. A form for petition of Independent Study must be completed and approved by the instructor and Department Chair.

MUS 221, 222**Theory III, IV****(3, 3 credits)**

Continuation of MUS 122 Theory. Secondary dominant chords, sequence, extended chords, modulations, Neapolitan 6th, augmented 6th chords, and other chromatic chords are covered. Also includes study of modal polyphony and twentieth century compositional techniques. Usually taken concurrently with MUS 221B, 222B.

MUS 221B, 222B

Functional Keyboard Skills I, II

(1, 1 credit)

Development of a functional use of tonal harmony through keyboard applications. This class constitutes the final preparation for the required exam in keyboard proficiency required for every music major. Meets twice weekly. Usually taken concurrently with MUS 221, 222.

MUS 240

Introduction to Worship Arts Leadership

(2 credits)

An introductory course to worship arts leadership for those interested in participation in music ministry and worship leadership, as well as a beginning course for students considering the Worship Arts Leadership major. Designed to be a practicum type of learning experience to prepare for congregational worship leadership, in addition to the study of the role of music in worship, worship resources, and consideration of appropriate music resources and techniques.

MUS 241

Introduction to Music Literature

(2 credits)

(As needed)

Development of understanding and thoughtful enjoyment of music through the study of its elements, forms, and historical styles.

MUS/FA 242

Global Worship through the Arts

(3 credits)

An overview of arts in worship related in biblical, historical, and cultural stories, MUS 242 explores the various ways in which the global and gathered worshipping church interacts with God. Music, dance, theatre arts, painting, sculpture, architecture, and symbols are studied in ancient, contemporary, and emerging contexts. The student will rediscover worship as a beautiful and diverse expression and design his or her own theologically informed approach toward the use of art in Christian worship today.

MUS 250

Introduction to Audio Recording

(2 credits)

Study of and experience in basic skills related to the art of recording sound.

MUS 260/460

Jazz Improvisation

(2 credits)

(As needed)

Introduction to improvisational techniques through ear training, rhythmic drills, scale studies, and chord progressions with application to tunes. Additional requirements for 460 level.

MUS 280/380

Music Leadership

(3 credits)

Students learn to lead music in a variety of settings (education, worship, rehearsals, etc.). Students learn basic conducting skills and rehearsal technique.

MUS 283

Vocal Techniques

(2 credits)

Basic techniques for teaching vocal music in the schools. Concentration on methods of vocal development and suitable range, repertoire, and literature, from young child through adult.

MUS 300

Music Performance Consortium

(2 credits)

The Music Performance Consortium invites auditioned musicians to select, arrange, rehearse, present, and assess creative musical selections in contemporary styles. Extremely collaborative, and highly visible via bi-weekly performances at local venues, the Consortium moves the students from ideas to performance and explores not only the production of music, but various relational and business requirements for industry success. The Consortium works together as a whole and encourages the formation of smaller musical ensembles drawn from its members.

MUS 301C, 302C, 401C, 402C, 403C, 404C

Applied Music: Composition

(1 credit)

Composing of original compositions for choral, instrumental, and/or mixed media. Both music major and non-major students pay the university for the cost of academic credit and a fee for individual lessons. Requires performance of at least one student composition in a Composers Forum. Prerequisite to MUS 301C: MUS 202V/I/P (voice, instrument, or piano).

MUS 301T

Applied Music: Woodwind Techniques

(1 credit)

Basic techniques for teaching woodwind instruments in the schools. Both music major and non-major students pay the college for the cost of academic credit and a fee for individual lessons.

MUS 302T

Applied Music: Brass Techniques

(1 credit)

Basic techniques for teaching brass instruments in the schools. Both music major and non-major students pay the university for the cost of academic credit and a fee for individual lessons.

MUS 303T

Applied Music: String Techniques

(1 credit)

Basic techniques for teaching string instruments in the schools. Both music major and non-major students pay the university for the cost of academic credit and a fee for individual lessons.

MUS 304T

Applied Music: Percussion Techniques

(1 credit)

Basic techniques for teaching percussion instruments in the schools. Concentrated study on snare drum with an introduction to other members of the percussion family. Both music major and non-major students pay the university for the cost of academic credit and a fee for individual lessons.

MUS 322

NURSING

(Major described on page 104.)

NURS 210

Interprofessionalism in Nursing

(3 credits)

This didactic course socializes BSN students from the cornerstone of a liberal arts education to interprofessionalism within professional nursing practice according to an organizing framework. The framework features WPU core themes, nursing metaparadigm concepts, essentials of nursing education, and standards of professional nursing practice. The course explores nursing as a theory-driven discipline and values-based profession whose members collaborate with other professionals to improve health outcomes for diverse recipients of care across the lifespan, including at end of life. Prerequisites: Completion of General Education Core and Pre-Nursing Courses with a GPA of > 2.5.

NURS 301

Pathophysiology

(3 credits)

Description: This didactic course focuses on concepts of pathophysiology essential to understanding diseases and disabling conditions that can affect body systems across the lifespan. Provision of holistic, patient-centered care depends on an understanding of pathophysiology. Prerequisites: Completion of General Education Core and Pre-Nursing Courses with a GPA of > 2.5.

NURS 302

Pharmacology

(3 credits)

Description: This didactic course examines pharmacotherapeutic agents used in the treatment of illness and the promotion, maintenance, and restoration of wellness in diverse individuals across the lifespan, including at end of life. Content emphasizes principles of pharmacokinetics, pharmacodynamics, and pharmacogenetics/genomics in the treatment of prevalent illnesses and pain management. The course includes concepts of safe drug administration and monitoring of the effects of selected pharmacotherapeutic agents. Content also addresses clinical prevention through principles of “farmacology” (organic and whole food approaches). Prerequisites: Completion of General Education Core and Pre-Nursing Courses with a GPA of > 2.5.

NURS 336

Health Assessment and Health Promotion

(4 credits)

This didactic and skills development course provides students with further application of the nursing process and critical thinking skills integral to nursing interventions for primary, secondary, and tertiary prevention. In a laboratory setting and building on knowledge from the liberal arts, students will expand and refine the observational and psychomotor skills required for assessing the health status and needs of patients across the lifespan, with a focus on the health of adult men and women and older adults. Pre- or Co-requisites: Completion of General Education Core and Pre-Nursing Courses with a GPA of > 2.5 and NURS 210.

NURS 340

Medical-Surgical Nursing I: Providing Care

(5 credits)

This didactic, skills development, and clinical course introduces medical-surgical nursing practices in the provision of care for diverse adults and older adults, including at end of life. The course examines and applies convictions, knowledge, skills, and attitudes arising from a liberal arts foundation, professional standards, evidence-based practice guidelines,

and interprofessionalism to patient care. A key topic is pain management. Prerequisites: NURS 210, NURS 301, NURS 302, and NURS 336.

NURS 350

Diversity, Equity and Advocacy

(3 credits)

This didactic course examines the importance of cultural intelligence and advocacy in the processes of increasing quality of care, decreasing cost of care, increasing access to care, and improving interprofessional communication and collaboration on behalf of diverse recipients of care. Concepts of various socio-cultural, economic, educational, and cultural communication patterns, as well as geographical location, are examined as influences in healthcare processes for both patient and care provider. Equitable frameworks of health care are examined to develop strategies of patient and provider advocacy, to address access to quality care, and to create healthcare environments where patients and interprofessional providers are valued for their unique cultural backgrounds, empowered to engage in healthcare processes, and supported to achieve their healthcare goals. Prerequisite: NURS 210.

NURS 370

Research, Statistics and Evidence-Based Practice

(3 credits)

This didactic course serves as an introduction to the research process and its integration into professional nursing practice. Students learn how to discern between quantitative and qualitative research, how to locate and critically analyze nursing research, and how to identify their role in the research process as professional nurses. Statistical methods used in nursing research are introduced and applied in the context of reading current nursing research. Students will apply the steps of the research process to address a patient care problem identified in clinical practice. Students will also analyze and evaluate nursing research literature and various evidence-based practice models for their effect on healthcare equity and accessibility. Prerequisites: NURS 340 and NURS 350.

NURS 380

Maternal & Neonatal Health Nursing

(3 credits)

This didactic, skills development, and clinical course extends the art and science of nursing and the various roles of the nurse as they apply to diverse and self-identified childbearing families. Students use the nursing process and QSEN competencies to relate to biophysical, psychosocial, cultural, and spiritual principles that have an impact on the childbearing family. Best evidence forms the basis for nursing care and management. The course also addresses family theories and dynamics and emphasizes a family-centered approach during antepartum, intrapartum, postpartum, and neonatal clinical experiences. Prerequisites: NURS 340 and NURS 350.

NURS 390

Elective Externship

(2-3 credits)

This pass/fail elective externship is a clinical immersion for nursing students who have completed their junior year. Participating students, under the preceptorship of a registered nurse, provide direct patient care in selected health care settings. The clinical practicum of 24-36 hours per week focuses on the nursing process, critical thinking, organizational skills, clinical competency, and decision-making in the practice setting. A clinical agency may offer a paid practicum, which is negotiated with individual students at the time of application. Supporting seminars, held every other week during the externship, bring students together with course faculty to discuss ethical, legal, and professional practice issues through the lens of the program's organizing framework. All students and preceptors are in communication with the course faculty or clinical Instructor through site visits and weekly conferences. Prerequisites: NURS 340 and NURS 350.

NURS 400

Child and Adolescent Health Nursing

(3 credits)

This didactic and clinical course focuses on the art and science of providing ethical, evidence-based nursing care to diverse children and adolescents within ANA standards, National Patient Safety Goals, and the QSEN Institute's quality and safety framework. Utilizing current patient care technologies and practice guidelines, the course emphasizes the understanding of pathophysiology unique to pediatric and adolescent populations in the provision of quality nursing care. For each developmental level, course content holistically addresses relevant anticipatory guidance, health promotion, and developmentally appropriate communication strategies. In addition, the course examines health care policy, finance, and regulatory environments affecting diverse children and adolescents. Prerequisites: NURS 340 and NURS 350.

NURS 410

Family and Community Health Nursing

(3 credits)

This didactic and clinical course introduces students to the extension of nursing to a patient's family, to health of diverse families in a larger geographic community, and to community-based health care and prevention topics, with an emphasis on social justice and equity. Students develop an understanding of the history of community health nursing, along with the various roles, delivery systems and models, and stratification of services that form the foundation of community health nursing. Students practice the role of a community health nurse with public and home health care systems, with an emphasis on reflecting increased cultural intelligence (competence and humility). Building on existing skills, students will assess health needs, plan, and implement appropriate primary, secondary, and tertiary prevention interventions for diverse and vulnerable population groups in a variety of community settings, emphasizing safe and ethical practice. Evaluation of political processes related to emergency preparedness, local community health funding, and equitable patient/family/community access to healthcare is included. Prerequisites: NURS 340 and NURS 350.

NURS 440

Medical-Surgical Nursing II: Managing Care

(5 credits)

This didactic, skills refresher, and clinical course presents the nurse's advanced roles of designer, manager, and coordinator of care in relation to human responses to alterations in health. The course provides students with skills to balance the maintenance of optimal health for adult and older adult recipients of care, equitable access to care, and resource management with a focus on persons' autonomy in care decisions. Content focuses on pathophysiology, corresponding medical-surgical nursing management, and the application of nursing process in the provision of holistic care for diverse adults and older adults. Content is organized around improved health outcomes and evidence based practice models. The focus of clinical practice is continuing development of organizational skills, priority setting, critical thinking, clinical reasoning, and problem solving as the student continues to assimilate the roles of the professional nurse in complex clinical settings. Prerequisites: NURS 340 and NURS 350.

NURS 460

Leadership I: Epidemiology, Prevention & Informatics

(3 credits)

This didactic course extends a foundation in the liberal arts to application of a systems-based ecological model as a framework for understanding determinants of health in diverse populations. Senior students embrace responsibility and accountability for clinical leadership related to clinical prevention and population health. The course expands the nurse's role in stewardship of holistic human health and healing through

principles of epidemiology and biostatistics, clinical prevention and harm reduction, and use of informatics to mitigate error and improve interprofessional communication and collaboration. Pre- or co-requisites: NURS 370 and NURS 410.

NURS 470

Mental Health Nursing

(3 credits)

This didactic and clinical course addresses the principles and techniques of therapeutic communication and interprofessional collaboration as applied to working with patients who present with symptoms of mental health disorders in acute care and community-based settings. Contemporary issues in the field of mental health nursing are explored from a liberal arts foundation to attend to psychosocial, spiritual, cultural, emotional, and biophysical alterations as well as economic, legal, and ethical environments of recipients of care. Based on ANA standards of practice, the role of the nurse focuses on health promotion, disease prevention, and management for patients with mental health conditions across the life span. Students apply theoretical concepts of compassionate care and emotional support in clinical areas while working with diverse individuals, families, groups, communities, and vulnerable populations with varying levels of complexity. Prerequisites: NURS 340 and NURS 350.

NURS 480

Leadership II: Caring, Safety and Leadership

(3 credits)

This didactic and clinical leadership course focuses on the nurse as a change agent and coordinator of human, fiscal, and material resources in the health care delivery system. Clinical judgment and beginning application of management knowledge will support the establishment of priorities for nursing care and improved health outcomes. Strategies and skills of clinical reasoning necessary for the “Healing Trinity” of caring, safety, and leadership are explored and analyzed in relation to the nursing process, performance standards, and QSEN Competencies. Content emphasizes analysis and use of outcome measures to promote quality care, patient safety, and systems leadership in healthcare delivery systems. Leadership of nursing and interprofessional teams utilizing both formal and informal power to promote quality, person-focused care is explored, with a focus on the influence of cultural and spiritual factors on decision-making for diverse recipients of care. Prerequisite: NURS 460.

NURS 490

Leadership III: Leadership and Management Capstone

(6 credits)

This pass/fail capstone seminar and clinical course builds on existing knowledge and skills, focusing on the application of leadership strategies and skills necessary for the role of the nurse as a manager of care, including reflective practice, conflict management, and cultural intelligence (competence and humility). Emphasis is on development and refinement of leadership skills, collaborative care, conflict resolution, effective interprofessional communication techniques, and resource utilization and management. Students’ clinical logs will emphasize their nursing actions to establish a nurse-patient relationship, improve health outcomes, promote patient safety, and demonstrate leadership as they fulfill a capstone clinical experience as an “RN Proxy.” Prerequisites: NURS 440 and NURS 480.

PASTORAL MINISTRIES

PM/URB 410

Urban Ministry

(3 credits)

(Alternate years 2019-2020)

The role of ministry in the urban context, through both church-based and para-ecclesiological organizations, is examined sociologically with the purpose of understanding the city and how the church can engage in ministry relevant to society. Topics such as multicultural ministry, an urban audit, ministry to diverse population groups, the role of the Internet in ministry, and the church as a social service agency, are some of the topics addressed. Prerequisite: URB 140 or consent of the instructor.

PM/MUS/REL 443

Planning and Leading Worship

(3 credits)

(Alternate years 2019-2020)

An exploration of the crafting, rehearsing, and implementing of the Christian worship event. Attention will be given to seven primary roles required of the effective worship arts leader. Supervised guidance will be given to students as they prepare, produce, and present a gathered worship experience. Prerequisite: MUS 242.

PM 510

Urban Ministry

(3 credits)

(Alternate years 2019-2020)

The role of ministry in the urban context, through both church-based and para-ecclesiological organizations, is examined sociologically with the purpose of understanding the city and how the church can engage in ministry relevant to society. Topics such as multicultural ministry, an urban audit, ministry to diverse population groups, the role of the Internet in ministry, and the church as a social service agency, are some of the topics addressed.

PM 511

Christian Leadership

(3 credits)

(As needed)

An overview and exposure to leadership theories and styles with particular attention given to leadership in the Church. This is a capstone course for majors.

PM 535

Evangelism and Discipleship

(3 credits)

(Alternate years 2018-2019)

A course aimed at developing leadership in the practice of person-to-person and corporate communication of the Gospel to the end that followers of Jesus Christ are secured and led in the process of becoming fully devoted disciples: thinking, acting and relating in a Christian manner.

PM/ REL 543

Planning and Leading Worship

(3 credits)

(Alternate years 2019-2020)

An exploration of the crafting, rehearsing, and implementing of the Christian worship event. Attention will be given to seven primary roles required of the effective worship arts leader. Supervised guidance will be given to students as they prepare, produce, and present a gathered worship experience.

PHILOSOPHY

(Minor described on page 71.)

PHIL 201

Introduction to Philosophy

(3 credits)

The course introduces the beginning student to the discipline, vocabulary, and principal issues of philosophy. The course places emphasis on philosophy as a timeless process and practice. It uses the writings of both classic and contemporary philosophers to illustrate the historical movement of thought. Prerequisite: EN 95 or placement in EN 101.

PHIL 211

Introduction to Logic

(3 credits)

(Alternate years 2019-2020)

A study of the structures of good and orderly reasoning. Students learn to avoid fallacious reasoning and to evaluate the rhetoric of others when dealing with everyday problems. The course is designed to help students think clearly and to appreciate the complexity of language. Prerequisite: EN 200.

PHIL/SRM 250

Sports Ethics

(3 credits)

This course is designed to prepare students to make decisions in sports based on professional ethics and standards of practice. Topics will include issues across age ranges and skill levels as well as issues within the private sector. Prerequisite: EN 95 or placement in EN 101.

PHIL 300

Ethics

(3 credits)

Introduces students to philosophical exploration of some of the major themes in western ethical theory. It identifies key issues evoking and informing western ethical theory and influential frameworks within which these issues have been addressed. The course involves a close reading of texts to deepen our understanding of life as an ethical pilgrimage. Prerequisites: Sophomore class standing, EN 200.

PHIL 350

History of Western Philosophy

(3 credits)

(As needed)

The course surveys the significant figures, movements and ideas of Western Philosophy within its cultural contexts. Beginning with three major Greek philosophers the course then looks at strands of Christian influence in late antiquity and the medieval period, attends to the influence of the Renaissance and the major philosophers of modernity. The course concludes by considering the philosophical seeds of post-modernity in significant figures in the nineteenth century. Prerequisite: EN 200.

PHIL 379

Major Philosophers

(3 credits)

Intensive study of the writings of a major philosopher, giving attention to the historical setting within which the individual worked and his/her significance for contemporary thought, including multi-disciplinary influence. Philosophers studied are determined year to year by faculty with student input. Prerequisite: PHIL 201 or 300, or consent of the instructor.

PHYSICAL EDUCATION

PE 100

Varsity Athletics

(1 credit)

Participation in a varsity athletic activity. Students who participate in more than one varsity sport per year will receive credit for each varsity sport in which they compete. Does not meet General Education Core Studies outcomes. Sports eligible for credit in fall semester: M/W Soccer, M/W Cross Country, Volleyball. Sports eligible for credit in spring semester: M/W Basketball, M/W Track and Field, M/W Wrestling, Softball. Offered on a Pass/No Pass basis.

PE 101

Weight Training and Conditioning

(1 credit)

Instruction in proper technique, methods, and safety involved in weight training. Establishment of training goals and training program for overall conditioning. This course partially fulfills General Education Core Studies outcome C3; the student should take HE 150 or HE 220 to complete fulfillment of C3.

PE 103

Golf

(1 credit)

(As needed)

Beginning knowledge and skill is assumed. This course is a more thorough study of golf skills and techniques.

PE 104

Racquet Sports

(1 credit)

(As needed)

Basic skills of badminton and tennis, including rules and history of each sport.

PE 106

Team Sports

(1 credit)

(Alternate years 2020-2021)

Basic skills, rules, and history of selected team sports.

PE 107

Tennis

(1 credit)

(As needed)

Assumes beginning level skill. This course is designed to increase proficiency in skill technique and strategy such that the game can be enjoyed as a player and/or spectator.

PE 109

Wellness Activities

(1 credit)

(As needed)

This course provides a variety of activities designed to promote a condition of wellness. Emphasis on flexibility, cardiovascular conditioning, muscle strength and endurance.

PE 110

Futsal

(1 credit)

Beginning skill and knowledge in futsal or soccer is assumed. This course is designed to increase proficiency in skill, technique and strategy as to increase enjoyment of the game whether as a player and/or spectator. This course partially fulfills General Education Core Studies outcome C3; the student should take HE 150 or HE 220 to complete fulfillment of C3.

PE 111**Martial Arts****(1 credit)**

(As needed)

This is an activity course involving techniques in self-defense. There is an assumption of beginning level skill. Martial arts techniques and strategies will be explored, including combative maneuvers, controlled attack situations, and defense against assailants.

PE 112**Jogging / Walking****(1 credit)**

Instruction in jogging/running skill, safety, shoe selection, and flexibility. Emphasis is on individual goals and exercise prescription. This course partially fulfills General Education Core Studies outcome C3; the student should take HE 150 or HE 220 to complete fulfillment of C3.

PE 113**Hiking****(1 credit)**

This course provides essential knowledge and practice in hiking technique and theory. This course partially fulfills General Education Core Studies outcome C3; the student should take HE 150 or HE 220 to complete fulfillment of C3.

PE 118**Yoga****(1 credit)**

This course aims to provide students with a fundamental knowledge of the holistic practice of yoga with a primary focus on yoga asana, in its diverse forms. This course is appropriate for students new to the practice of yoga, and for those who already practice yoga. This course will introduce students to using yoga practice to enhance one's own spirituality. This fundamental knowledge of Yoga and its practice will equip students with confidence as they consider integrating yoga as lifelong wellness activity. This course partially fulfills General Education Core Studies outcome C3; the student should take HE 150 or HE 220 to complete fulfillment of C3.

PE 119**Urban Adventures****(1 credit)**

This course provides opportunities to engage in a variety of physical activities in the city of Portland. Emphasis is placed on those activities unique to Portland. This course partially fulfills General Education Core Studies outcome C3; the student should take HE 150 or HE 220 to complete fulfillment of C3.

PE 300-309**Professional Activities****(2 credits each)**

A battery of courses designed to provide adequate preparation in the techniques of performance and instruction of activities essential to the physical education curriculum. Emphasis is placed on instructional methods and analysis of skilled movement, unit and lesson plan construction, and class organization. Included is a consideration of the physiological, psychological, and sociological implications of each activity. A beginning level of proficiency in each activity is assumed. Prerequisites: ED 250 (These courses do not meet General Education Core Studies requirements.)

PE 301**Professional Activities: Conditioning Methods****(2 credits)**

(As needed)

PE 304
Professional Activities: Individual and Dual Sports (2 credits)
(As needed)

PE 306
Professional Activities: Team Sports (2 credits)
(As needed)

PE 307
Professional Activities: Elementary P.E. Methods (2 credits)
(As needed)

PE 309
Professional Activities: Wellness (2 credits)
(As needed)

PHYSICAL SCIENCE

(Major described on page 77.)

PHS 101
Introduction to Physical Science (4 credits)
(Alternate years 2020-2021)

An introduction to the principles of physics, chemistry, and earth sciences. This course is specifically designed for non-science majors who want to fulfill General Education Core .Studies outcome L7. Lecture and laboratory. Lab fee required.

PHS 105
Introduction to Environmental Science (4 credits)
(Alternate years 2019-2020)

A general introduction to the basic concepts of physics, inorganic and organic chemistry, and ecology. These are analyzed with respect to the environment that surrounds human society and its activities. The developments of new chemical products, old and new sources of energy are also discussed as an important aspect of socio-economic well-being of humanity. Meets General Education Core Studies outcome L7. Lecture and laboratory. Lab fee required.

PHS 111
Introduction to Chemistry (4 credits)

Examines the elements of general chemistry. Basic atomic theory will be developed and applied to the study of chemical reactions. Systems of gases, liquids, solids and solutions will be a focus. Applications will include acid-base chemistry, electrochemistry, chemical equilibrium and reaction kinetics. This chemistry course will be especially useful to persons planning a career in nursing or other health-allied fields. Lecture and laboratory. Meets General Education Core Studies outcome L7. Prerequisite: MA 90 or higher. Lab fee required.

PHS 205
Independent Study (1-4 credits)

Independent Study involving original research and writing in an area agreed upon by the professor and the student. Consent of the instructor is required for Independent Study. A special study petition must be completed before consent is granted.

PHS 211

General Chemistry I

(4 credits)

Chemistry of the elements and their compounds: atomic structure, bonding, and stoichiometry. Lecture and laboratory. Meets General Education Core Studies outcome L7 or L6. Prerequisites: MA 115 or equivalent; EN 95 or placement in EN 101.

PHS 212

General Chemistry II

(4 credits)

Chemistry of the elements and their compounds: solutions, kinetics, equilibrium, electrochemistry, carbon compounds, and radioactivity. Lecture and laboratory. Prerequisites: PHS 211; EN 95 or placement in EN 101. Lab fee required.

PHS 221

General Physics I

(4 credits)

(Alternate years 2019-2020)

A comprehensive physics course emphasizing problems from classical physics. This will include a discussion of mechanics. The course will be presented without the use of calculus; however, a calculus background will be to the student's advantage. Lecture and laboratory. Prerequisite: MA 111 or equivalent. Lab fee required.

PHS 222

General Physics II

(4 credits)

(Alternate years 2019-2020)

A comprehensive physics course emphasizing problems from classical physics. This will include a discussion of thermal physics, wave motion, optics, electricity and magnetism. An introduction to atomic physics, nuclear physics, quantum theory and relativity will also be included. The course will be presented without the use of calculus; however, a calculus background will be to the student's advantage. Lecture and laboratory. Prerequisite: PHS 221. Lab fee required.

PHS 230/330

Geology

(4 credits)

(Alternate years 2019-2020)

An introduction to the principles of historical and physical geology as observed in land forms, fossils, rocks, minerals, and the chemical and physical processes that produce and alter them. Lecture and laboratory. Meets General Education Core Studies outcome L7. Lab fee required.

PHS 301

Organic Chemistry I

(4 credits)

Topics include the structure, bonding and reactivity of organic compounds with special emphasis given to the mechanisms of organic chemistry. Lecture and laboratory. Prerequisites: PHS 211, 212. Lab fee required.

PHS 302

Organic Chemistry II

(4 credits)

Topics include organic spectroscopic techniques as well as the structure, bonding and reactivity of alcohols, amines, and carbonyl compounds. The laboratory includes the synthesis, purification and identification of such compounds. Lecture and laboratory. Prerequisite: PHS 301. Lab fee required.

PHS 310**Elements of Physical Chemistry****(3 credits)**

(As needed)

Examines the three traditional areas of physical chemistry. First, modern thermodynamics is developed from “first principles.” Second, transport processes and kinetics are examined. Third, quantum chemistry is developed and applied to simple chemical systems. Finally, these ideas are tied together with a discussion of statistical thermochemistry. Prerequisites: PHS 211, 212.

PHS 321**Analytical Chemistry****(4 credits)**

(As needed)

Current analytical techniques are examined. Lectures are strongly tied to laboratory techniques involving quantitative chemical analysis. Traditional “wet” chemical techniques as well as the theory and practice of modern instrumental methods are examined. Lecture and laboratory. Prerequisites: PHS 211, 212. Lab fee required.

PHS/BIO 412**Biochemistry I****(4 credits)**

(Alternate years 2019-2020)

PHS/BIO 412 examines the structure and function of proteins, carbohydrates and lipids. Enzyme kinetics and structure are studied and metabolic pathways are examined. Lecture and laboratory. Prerequisites: BIO 212, PHS 301, 302. Lab fee required.

PHS 413**Biochemistry II****(4 credits)**

(As needed)

PHS 413 examines the structure and function of proteins, carbohydrates and lipids. Enzyme kinetics and structure are studied and metabolic pathways are examined. Lecture and laboratory. Prerequisites: PHS 301, 302, 412. Lab fee required.

PHS/URB 450**Urban Resources and Sustainability****(3 credits)**

(As needed)

This is a senior seminar on how to create the “green city” through sustainable urban development that moves cities from centers of excess and waste to models of environmental stewardship. Successful models of 21st century urban planning for alternate forms of energy development will be examined for urban socioenvironmental change. Meets General Education Core Studies outcome U2. Prerequisite: Junior class standing.

PHS 491, 492**Senior Thesis I, II****(2,2 credits)**

Original research, thesis completion, and oral presentation of selected topic chosen in consultation with major advisor. Prerequisite: Senior standing and consent of science faculty advisor. Offered as Pass/No Pass only.

POLITICAL SCIENCE

(Minor described on page 90.)

PS 140

American Government

(3 credits)

An introductory course in psychology involving the study of human behavior, psychological issues, and experimental concepts with implications for the general conduct of life. Specific areas of focus will include the following: critical thinking, learning, memory, cognition, language, intelligence, personality, motivation, emotions, social psychology, stress and health. Prerequisite: EN 90.

PS 200

Foundations of the American Legal System

(3 credits)

This course introduces students to the laws and the legal system in the United States through analysis of Constitutional law, civil and criminal law, torts, contracts, and property. Students will learn about the judicial systems at the federal and state levels, consider the difference between ethics and law, discover how to read court cases, and evaluate challenges of equity and equality in the judicial system. Prerequisite: EN 101 (concurrent enrollment allowed)

PS/BUS 303

Business and Employment Law

(3 credits)

This course is designed to enable learners to prepare for leadership and management positions in both private and public sectors, by improving their competencies in the areas of employer and employee legal rights in the workplace. By comprehending and applying basic legal concepts and decisions, case studies, class exercises, and practical experiences to the workplace, learners will be much better able to lead and manage their employees and to function as employees themselves. Students will explore and discuss relevant concepts and practical application, producing specific learning outcomes. A strong ethics component is integrated in the course as students confronts various types of ethical choices and challenges facing today's leaders and managers. Prerequisite: Sophomore standing or consent of instructor.

PS 315

Government in States and Communities

(3 credits)

(Alternate years 2018-2019)

A course concentrating on the varieties of government and politics in states and communities. Emphasis is upon government and politics in Oregon. The course is required for students seeking to complete an Oregon Social Studies Education Certificate. Prerequisite: Sophomore class standing; PS 140 recommended.

PS/SOC 345

Social Problems and Public Policy

(3 credits)

This course acquaints students with current social problems such as poverty, crime and violence, drug abuse, health care, family break-up, and the public policies devised by the federal government, state governments and local communities to reduce, remedy or ameliorate the problems. Unique solutions utilized by state and local communities will also be emphasized. The social justice and equity of these policies as they affect individuals and groups, especially racial, gender, cultural and ethnic minorities, will be explored particularly within the context of urban environments. Prerequisite: SOC 140 or PS 140 or consent of instructor.

PS/SOC/SS 355

International Relations

(3 credits)

(Alternate years 2019-2020)

A comprehensive survey of the development and practice of international relations and diplomacy during the preceding four centuries. Students will apply the resulting concepts and principles to contemporary problems and overarching issues now facing the United States in the international community. Prerequisite: PS 140 or PSY 140/141 or SOC 140 or consent of instructor.

PS 450

American Government Studies

(3-15 credits)

(As needed)

PSYCHOLOGY

(Major/Minor described on pages 87, 90.)

PSY 140

General Psychology

(3 credits)

An introductory course in psychology involving the study of human behavior, psychological issues, and experimental concepts with implications for the general conduct of life. Specific areas of focus will include the following: critical thinking, learning, memory, cognition, language, intelligence, personality, motivation, emotions, social psychology, stress and health. Prerequisite: Placement in EN 101 or EN 95 co-requisite.

PSY 141

General Psychology

(3 credits)

An introductory course in psychology involving the study of human behavior, psychological issues, and experimental concepts with implications for the biological basis of behavior. Specific areas of focus will include the following: critical thinking, neuroscience, genetics, sensation, perception, states of consciousness, personality, psychological disorders, therapy, stress and health. Prerequisite: EN 90.

NOTE: Either PSY 140 or 141 satisfies the general education requirement in psychology. Both courses are recommended, and one is required as prerequisite to all upper division Psychology and Human Development coursework. Both courses are required for the Psychology major.

PSY 314

Abnormal Psychology

(3 credits)

A study of the development, progress, and treatment of the abnormal behavior patterns. Emphasis is on theory and research relating to the development of these patterns. Prerequisite: PSY 140/141, EN 101.

PSY/BUS 321

Organizational Behavior and Design

(3 credits)

A study of the effectiveness of organizations as related to their structural characteristics (missions, technology, environment, form) and behavioral influences (leadership style, job characteristics, performance goals, work groups, and individual dispositions). SELF course. Prerequisite: Junior class standing or consent of instructor.

PSY 340

Emotional First Aid

(1 credit)

This one-day course will equip students with specific skills for assisting persons immediately following a crisis/tragedy. Students will learn transferable concepts and strategies for providing what is known as “emotional first aid,” including knowledge of how to reach out to someone in crisis, what constitutes “second injury,” and who become forgotten victims. Pass/No Pass grade. Prerequisite: Sophomore class standing.

PSY 341

Trauma Intervention Program Training Academy

(4 credits)

Providing immediate emotional and practical support to persons who become victims of crisis and tragic events involving themselves or loved ones (sudden death, auto accident, domestic violence, crime, fire) will be the main focus of this course. Experiential learning will include learning how to respond when activated at the request of first responders on emergency scenes. Students will be trained to care for the victims so that the emergency responders may continue their service. Prerequisite: Sophomore class standing, intention to complete the TIP training program and volunteer for one year, and consent of the instructor.

Students must pass a mandatory background check and have ready access to a reliable car in order to respond to emergency dispatches. If this course is taken as part of the Trauma Intervention minor, the student must also be registered for a 3 credit internship course (PSY 392/492) concurrently. The student is responsible for paying a \$50 fee for the training manual directly to TIP the first night of the training.

PSY/SOC 350

Social Psychology

(3 credits)

Social Psychology is the systematic study of human behavior and its causes. Students will critically examine how human behavior is influenced by circumstances, other individuals, groups, and by social structures. The course seeks to understand both individual behavior and group behavior, and how individuals impact groups, and conversely how being part of a group shapes individuals. Prerequisites: PSY 140/141 or SOC 140, EN 101.

PSY 392

Junior Internship

(3 credits)

Field work under professional supervision in a social agency, program or institution. Application and integration of knowledge, theory, and understanding; development of skills common to human service professionals. Involves three hours per week, per credit, of social agency experience during the 15-week semester, other brief assignments relevant to the human services field, and a weekly on-campus supervisory seminar. May be repeated to a cumulative maximum of 20 credits for this and other social work/psychology placements/internships. Must be prearranged one term in advance of placement. Prerequisites: Sophomore class standing, consent of instructor.

PSY 401

History and Systems of Psychology

(3 credits)

A concentrated study of psychology’s past, a past that is firmly grounded in the intellectual history of western civilization. This course assumes a historical perspective that focuses on the intellectual development of western civilization and the emergence of psychology as an independent, recognized scientific enterprise. Prerequisites: PSY 140/141, EN 200.

PSY 402

Personality Theory

(3 credits)

This course will survey many of the major theories and theorists in the study of personality. Attention will be given to personal, spiritual, and social applications. Prerequisites: PSY 140/141, EN 200.

PSY 416

Educational and Psychological Testing and Assessment

(3 credits)

This course is designed to introduce the student to the field of educational and psychological testing and assessment. Students will gain knowledge in test construction and appropriate usage. An understanding of the different facets of assessment (personality, intellectual, behavioral, and learning) will be gained. Students will conduct a comprehensive educational and psychological evaluation using volunteer subjects. Students will administer devices, interpret the data, write a summative assessment evaluation of the assessment, and bring that summation to the client. Prerequisites: PSY 140/141, Junior class standing, EN 200.

PSY 430

Counseling

(3 credits)

A study of the various theoretical approaches to counseling. An emphasis is upon the counseling process, establishing and maintaining the counseling relationship, use of diagnosis, testing, referral, and other counseling tasks. Prerequisites: Junior class standing, PSY 140/141, EN 200.

PSY 441

Stress, Crisis, Trauma and Self-Care

(3 credits)

(Alternate years 2020-2021)

This course acquaints participants with basic approaches for understanding and recognizing stress, crisis, and trauma when helping persons, as well as providing opportunity for practicing applied strategies. All students are encouraged to use the concepts and skills personally and in thinking about their relationship networks, as well as the culture in which they live. Prerequisites: Junior class standing, EN 200, PSY 140/141.

PSY 492

Senior Internship

(3 credits)

Field work under professional supervision in a social agency, program, or institution. Application and integration of knowledge, theory, and understanding; development of skills common to human service professionals. Involves three hours per week, per credit, of social agency experience during the 15-week semester, other brief assignments relevant to the human services field, and a weekly on-campus supervisory seminar. May be repeated to a cumulative maximum of 20 credits for this and other social work/ psychology placements/internships. Must be prearranged one term in advance of placement. Prerequisite: Consent of instructor.

RELIGION

REL 220

Christian Spiritual Formation

(3 credits)

This course is designed to introduce students to biblical and historical themes and practices of Christian spirituality. Students will engage in reflective processes around

the Bible as sacred texts, the role of Christian community in the spiritual journey, self-discovery, love of neighbor, prayer, etc. The class is highly interactive and experiential and will require both traditional learning activities of required texts and papers and non-traditional learning activities, including personal and corporate outings and regular spiritual practices.

REL/SOC 240

Introduction to Peace Studies

(3 credits)

(Alternate years 2019-2020)

This course is designed to introduce students to the field of Peace Studies which at its core is multidisciplinary, values oriented, committed to preventing overt as well as less visible forms of violence and focused on the peaceful transformation of human conflict. In order to set a historical and philosophical context for peacemaking, the traditions of peacemaking will be explored through the Christian faith, non-Christian religions and secular perspectives. In addition, students will gain a deeper understanding of the means in which violence and conflict can be resolved through alternative strategies that are collaborative, restorative and peaceful. Students will be able to participate in creative thinking about how humankind might build societies based on non-violence, social justice and ecological balance.

REL/HIS 260

History of Religion in the United States

(3 credits)

(Alternate years 2019-2020)

An historical examination of the American religious experiences by looking at the interplay of culture and religion. Available on a Pass/No Pass basis.

REL 291

Religious and Philosophical Foundations of Ethical Practice

(3 credits)

This course involves an examination of religious and philosophical approaches to moral decision making, the development of a refined ethical perspective that takes into consideration care for one's neighbors as well as one's self, and the creation of an action plan for making moral decisions which will have a positive impact on the workplace and society. Available only in the Certificate in Ministry Leadership and Practice program.

REL/SOC 310

Religions of the World

(3 credits)

A study of the beliefs, practices, and effects of major religions of the world. Prerequisite: Sophomore class standing.

REL 320

Spirituality, Character, and Service

(3 credits)

This is a course that invites and facilitates personal discernment about vocation (understood as finding purpose, meaning, and direction in life) within a framework of spirituality, character, care for one's neighbor—and the interconnectedness of each. It offers students opportunities and experiences that invite critical self-reflection in the context of writings, beliefs, and practices of diverse views and contexts and participation in service-learning in the city. Prerequisite: Sophomore class standing.

REL/HIS 330

Church History I: Early and Medieval Persecution, Power, and Peoples

(3 credits)

This course is a study of the development of Christian thought from the apostolic age up to the Reformation. As such, it explores the tensions and influences historical events,

figures, and contexts have contributed to the life and thinking of the Christian Church and the various ways the Church has adapted and responded in the process. Prerequisite: Sophomore class standing.

REL/SS 335

Restorative Justice

(3 credits)

In this course, students will critically examine the values, principles, and practices of restorative justice as it compares to the more familiar U.S. criminal legal system. The course explores the needs and roles of key stakeholders (victims, offenders, communities, justice systems) and identifies challenges and possibilities to the use of restorative justice models. Students will consider secular and religious understandings of justice – including the indigenous and non-western influences. Students will also have the opportunity to learn from individuals engaged in the practice of restorative justice. Prerequisites: PSY 140/141, SOC 140.

REL/TH 351

Christian Thought in American Culture

(3 credits)

This course is an examination of religious themes found in American culture through film, television, music and other media. Prerequisite: Sophomore class standing.

REL/HCA/SOC 352

Society, Health Care, and Bioethics

(3 credits)

This course provides an overview of the American health care system with awareness of the social, bioethical, and business practices of those organizations. A history of Jesus' ministry and Christian health care will be offered. Other major world-wide systems will all be reviewed. Avenues of health care reform will be explored. Alternative medical practices will be reviewed. Prerequisite: Sophomore class standing.

REL 370/HIS 360

Church History II: Holiness, Denominationalism, and Recent Theological Movements

(3 credits)

This course is designed to continue the work begun in REL 330, tracing the development of Christian thought where that course left off, from the sixteenth century reformations and continuing to the present. As such, it explores the tensions and influences historical events, figures, and contexts have contributed to the life and thinking of the Christian Church and the various ways the Church has adapted and responded in the process. It will pay particular attention to the rise and development of various protestant denominations, including those which emerged during the holiness movement as well as the variety of theological movements emerging around the globe during the twentieth and twenty-first centuries. Prerequisite: Sophomore class standing.

REL 379

Selected Topics in Religion

(1-3 credits)

(As needed)

A study of historical developments in selected religions and movements in the history of the world. Offerings will range from travel tours to Israel and other destinations, to a focus on the English Reformation. This class may be taken more than once if the topic differs. Prerequisite: Junior class standing.

REL/SOC/URB 395

Sociology of Urban Religion

(3 credits)

(Alternate years 2019-2020)

This course addresses the nature of religion in the city from a sociological perspective.

It acquaints the student with an understanding of religion as a social phenomenon and its function in the world as both accommodation and protest. It discusses the ways human beings organize their societies around a religious framework to create a semblance of order, meaning and continuity, and to cope with social change. The course explores the dynamics of secularization, conversion, and the growing interest in spirituality in society today. It utilizes a comparative, human development approach to study diverse cultural value systems and their approach to the sacred in society, and how these approaches find an institutional expression. Prerequisite: URB 140.

REL/MUS/PM 443

Planning and Leading Worship

(3 credits)

(Alternate years 2019-2020)

An exploration of the crafting, rehearsing, and implementing of the Christian worship event. Attention will be given to seven primary roles required of the effective worship arts leader. Supervised guidance will be given to students as they prepare, produce, and present a gathered worship experience. Prerequisite: MUS 242.

REL 500

Methods of Research in Biblical and Theological Studies

(2 credits)

(As needed)

This course introduces the graduate student to the MA Program in Biblical and Theological Studies. The Methods of the field of Biblical and Theological Studies will be introduced. The course is designed to advance the required skills of graduate study: research, reading, outlining, writing, editing, and presentation.

REL 520

Master Practicum in Higher Education

(1-3 credits)

(As needed)

Introductory experiences in instructional assistance, and grading and proctoring exams, under departmental supervision.

REL 531, 532

History of Christianity and Christian Thought I, II

(3, 3 credits)

A study of the development of Christian doctrine from the apostolic age to the present; the tensions and influences historical events and non-Christian thought have exerted upon the life and thinking of the church and the contributions they have made to its doctrine. Prerequisite: Sophomore class standing or consent of instructor.

REL/PM 543

Planning and Leading Worship

(3 credits)

(Alternate years 2019-2020)

An exploration of the crafting, rehearsing, and implementing of the Christian worship event. Attention will be given to seven primary roles required of the effective worship arts leader. Supervised guidance will be given to students as they prepare, produce, and present a gathered worship experience. Prerequisite: MUS 242.

REL 571

Master Thesis

(4 credits)

The Master of Arts in Biblical and Theological Studies student must complete a formal thesis to complete the program. The course will be individually tailored for the student in consultation with the Director of the RCM Graduate Program and the student's thesis advisor. If the student is unable to complete the course within one semester, an "In Progress" contract will be developed and the student must register for REL 572 the

following semester. The thesis or project will be graded on a Pass with Distinction/Pass/No Pass basis.

REL 572

Master Thesis Extension

(1-4 credits)

This course is designed to offer the Master of Arts in Biblical and Theological Studies student an extension to complete the thesis initiated in REL 571. Students who have received an “In Progress” in REL 571 must register for this course to remain in the MA program.

Students must continue the extension sequence until successful completion of the thesis (REL 571). This course and any subsequent extensions are eligible for an “In Progress” contract; however, the student must register for the next extension the following semester. On successful completion of REL 571, all courses listed as “In Progress” will revert to the appropriate Pass status. If the student is unsuccessful in defending one’s thesis, the policy for “In Progress” will be invoked for all REL 571 and REL 572 courses one year after the last REL 572 course is listed as “In Progress.” May be repeated a total of five (5) times.

REL 579

Selected Topics in Religion

(3 credits)

(As needed)

A study of historical developments in selected religions and movements in the history of the world. Offerings will range from travel tours to Israel and other destinations, to a focus on the English Reformation. This class may be taken more than once if the topic differs.

SOCIAL ENTREPRENEURSHIP

(Major described on page 99. Minor page 101.)

SE 101

Introduction To Social Entrepreneurship

(3 credits)

This course will introduce the student to the subject of Social Entrepreneurship. Social entrepreneurship differs from traditional forms of entrepreneurship in that the primary goal of the social venture is to address social problems and needs that are as yet unmet. The driving force of such ventures is social value creation. This course will address a broad range of questions, while recognizing how business is a powerful tool for good in the hands of God. This course will allow the student to associate Warner Pacific’s core themes, Urban, Christian, Liberal Arts, and Diversity with future career development, while learning how to make a difference.

SE 295

External Network Development

(3 credits)

This course will introduce students to principles of external network development. Students will focus on navigating the external environment, while learning how to build a business network, both of which is critical to a successful social venture. Students will work in and out of the classroom to see tangible examples of the various forms of entrepreneurship within the community. Each student will observe and learn under supervision in several different expressions of entrepreneurship (private, nonprofit, B-Corp, NGO, government and others) within the Portland Metro area. The student will begin to observe and experience the day-to-day operational activities of organizations. Prerequisites: SE 101, SE 301.

SE 301

Entrepreneurial Enterprise

(3 credits)

This course explores the processes and skills needed to create new enterprises. Students will learn how to take a business idea, assess the idea using proper feasibility tools, and develop an appropriate business model and plan. The course will also explore how to raise financing, and execution/implementations of the business. The student will explore this topic from the perspective of economic and/or social profit. Typically taken during the junior year, students will use the base of knowledge obtained in SE 101 and leveraging their relationship fostered in SE 295. Prerequisites: SE 101, SE 295.

SE 311

Entrepreneurial Leadership within an Urban Context

(3 credits)

Building a business, managing a project, managing a division, leading a consulting engagement, or building a sales force all require you to lead - to lead and influence others. Leadership within the urban context is becoming more prevalent. In this course we will explore many leadership issues including the following: What is leadership? Can you lead? What do leaders do? Can a leader build a successful business and still be a good ethical and moral person? Why should anyone follow you? How do you lead an entrepreneurial setting within an urban context? Prerequisites: SE 101 or BUS 101 and Sophomore class standing.

SE 352

Project Management

(3 credits)

This course is a continuation of SE 301 that will focus on the growth, development and sustainability on the enterprise they initiated in SE 301 or students, who find their original entity “unsustainable”, may pivot to a different entity in this course. This course will also serve as an introductory course to project management with an emphasis in practical understanding and application. The course will cover the role of project management including project and program design, controlling, and planning. Students will apply course theme to scale or introduce additional product offerings. Required: Reliable internet access, Microsoft Project, word processing and spreadsheet experience or coursework in computer applications. Prerequisites: SE 101, SE 301.

SE 364

Entrepreneurial Finance

(3 credits)

This course explores the financial aspects of managing small businesses and entrepreneurial firms (Sole proprietorships, partnership, or small private corporations). During the semester the focus will be on updated financial statement coverage, forecasting definitions and formulas, equipment replacement by using the low-cost model, application of operation techniques to small business examples including capital budgeting and working capital management. Prerequisite: Sophomore class standing.

SE 495, SE 495B

Capstone for Social Entrepreneurs

(1, 2 credits)

The Social Entrepreneurial Capstone is a very important part of the student’s scholarly pursuit, as well as their practical application. Over the course of the student’s senior year, in conjunction with their internship, students will be required to identify a need within the community, and then create a small entrepreneurial business to meet that need. Each student will articulate the need via their proposal, and work with faculty oversight and EAB advice to determine if the idea is scalable, and then create a detailed business plan that will demonstrate how this business will meet the stated need. The student will need to develop a presentation which will be displayed before the EAB. This is an individual

Capstone, but the student will have a team to help develop the plan. Prerequisite: Senior class standing.

SOCIAL SCIENCE

(Major and A.S. described on pages 88, 91.)

SS/COMM 200

Interpersonal Communications

(2 credits)

This course focuses on methods for improving speaking, listening and conflict management skills in personal and professional relationships. Students begin with a self-assessment of personal communication patterns and are provided options and exercises for enhancing interpersonal competence.

SS 201

Seminar in Leadership

(2 credits)

Designed to introduce student leaders to the basic concepts of leadership. This is accomplished by developing an understanding of leadership definitions, theories, and models through self-reflection and evaluation of each student's leadership skills and abilities. May fulfill Core Studies requirements.

SS/SOC 250

Criminology

(3 credits)

This course examines the foundations, including criteria for assessing crimes; theories, from rational choice to social reaction; and types of crime. While focusing upon prevailing criminological wisdom, this course attempts to provide a broader view of criminality through highlighting some less recognized types of crime. These include economic crimes and crimes without victims and victims without crimes. Other issues will include guns, homicide, drugs, gangs, media, race, gender, and white collar crimes. Students will also consider how one's faith influences one's approach to crime and the criminal. Prerequisites: SOC 140 or PSY 140/141, EN 95.

SS/REL 335

Restorative Justice

(3 Credits)

In this course, students will critically examine the values, principles, and practices of restorative justice as it compares to the more familiar U.S. criminal legal system. The course explores the needs and roles of key stakeholders (victims, offenders, communities, justice systems) and identifies challenges and possibilities to the use of restorative justice models. Students will consider secular and religious understandings of justice – including the indigenous and non-western influences. Students will also have the opportunity to learn from individuals engaged in the practice of restorative justice. Prerequisites: PSY 140/141 or SOC 140, junior class standing.

SS 350/450

Overseas Study

(3-15 credits)

(As needed)

SS 351

Cultural Anthropology

(3 credits)

A study of the theories of origin and aims of human society, including comparative examination of cultural patterns, growth, and change through analysis of selected primitive and advanced societies including the impact of the physical environment, social structures, religion and language development. Prerequisites: PS 140 or PSY 140/141 or SOC 140, EN 101 or consent of instructor.

SS 353

Cultural Diversity

(3 credits)

This course will assist the pre-service teacher in preparation of a culturally mediated learning environment. The course content will facilitate learning in a culturally responsive classroom through experiences in valuing a climate of inclusion, engaging in cultural self-reflection, facilitating the dynamics of difference, acquiring cultural knowledge, adapting to the diversity and the cultural contexts of the students, families, and communities served, and supporting actions which foster equity of opportunity. Prerequisite: Sophomore class standing.

SS/PS/SOC 355

International Relations

(3 credits)

(Alternate years 2021-2022)

A comprehensive survey of the development and practice of international relations and diplomacy during the preceding four centuries. Students will apply the resulting concepts and principles to contemporary problems and overarching issues now facing the United States in the international community. Prerequisites: PS 140 or SOC 140, EN 101 or consent of instructor.

SS/BUS 380

Conflict: From Theory to Action

(3 credits)

This course will focus on conflict management theory and practice. Strategies for resolving interpersonal, group and organizational conflicts productively will be explored with applications in prevention, effective communication, problem solving and negotiating. Opportunities for conflict assessment and intervention will also be provided. Prerequisites: PSY 140/141 or SOC 140, sophomore class standing or consent of instructor.

SS 393

Research Methods and Applied Statistics

(4 credits)

The fundamentals of research methods and applied statistics, including qualitative and quantitative approaches. The course will emphasize the use of descriptive and inferential statistics using Excel statistical software package. Prerequisite: MA 104 or MA 342 or other college-level math equivalent.

SS/URB 403

Grant Writing and Fundraising

(3 credits)

This focus of this course is to consider the nature and role of grant writing and fundraising within the context of urban programs and organizations, private or public, for-profit or non-profit. Special consideration is given to strategic planning, budget preparedness, grant prospects, the letter of inquiry, and grant proposal artisanship as well as the process of planning and successfully executing a fundraising event or special project. Prerequisites: Junior class standing, EN 200.

SS/SW 420

Addictions, Mental Health, and Trauma

(3 credits)

(4 credits)

The biblical and historical foundations of the previous courses will be used to develop the appropriate moral knowledge and action of the Christian. A comparison of one's own tradition with the Wesleyan and Anabaptist heritage will be offered. A biblical, historical and theological understanding of love will be developed. The student will be expected to activate Christian love into a practical setting of Social Concern.

TH 555

Christian Theologians

(3 credits)

(As needed)

A study of persons as well as theological movements and developments that have made significant theological contributions to the thought and practice of the Christian Church. This class may be taken more than once if the topic differs.

URBAN STUDIES

(Minor described on page 91.)

URB 140

Introduction to the City

(3 credits)

This is an introduction to the discipline of Urban Studies, the study of the city and urban life. It acquaints the student with an understanding of the nature of the city. In this course the city is the “textbook” and students will spend much of the time in on-site field visits exploring the various aspects of urban life.

URB/FA 235

The City and the Arts

(3 credits)

(Alternate years 2018-2019)

In what way is the city “a theater of social action”, as Lewis Mumford declared it to be? This course examines the role of the arts and cultural expression in the development of urban culture. Students will explore the role of formal and informal theater, music, dance, including mime in the shaping of the city, with the City of Portland as a case study.

URB/EN 245/345

Urban Literature

(3 credits)

(Alternate years 2019-2020)

This introductory literature course is an exploration of the city in fiction, poetry, and essay. It focuses primarily on American literature, on both the majority and minority experience of the city, including Hispanic, African American, Asian American, and Native American literature, though some non-American pieces will offer contrasts. Themes of community, isolation, diversity, utopia, and dystopia will be examined in print and film. What is and is not “the city” in its modern American conceptualization? The modern metropolis, its complex representations, and its diverse cultures will be of special interest to Business, Social Science, and Education students. The course meets the TSPC requirements for multi-cultural awareness. Prerequisite: EN 101; may be taken concurrently. 300 level by consent of instructor; upper division credit available for students who complete a major project.

URB/SOC 360

Urban Sociology

(3 credits)

(Alternate years 2019-2020)

This course focuses on the socio-historic development of cities and how urbanites “experience” the city in both in the United States and in the Two-Thirds World. It explores the process of urbanization and urbanism and their impact on interpersonal social life. Methodologies of studying the city will be examined. The course will devote time to a discussion of the cities of the 21st century. Prerequisite: URB 140 or SOC 140.

URB/HIS 370

History of the American City

(3 credits)

(Alternate years 2018-2019)

Traces the evolution of urban centers from the colonial period to the present. Focuses on the developing systems of cities, on growth within cities, and on the social formations that have grown up within and around urban centers. Particular attention is given to the industrial and modern eras, the history of Portland, and living in cities of the future. Prerequisite: Sophomore class standing.

URB/SOC 390

Poverty in the Urban Context

(3 credits)

(Alternate years 2018-2019)

This course addresses the root causes of poverty in all its social and spiritual dimensions. The meaning of powerlessness will be examined along with theoretical and practical steps for the elimination of poverty, and the cultural and political factors that inhibit its eradication. The course will study poverty as a global urban and rural phenomenon. It is designed to grapple with theological issues related to poverty and development. The student will explore various theoretical debates on poverty, ethics of development, liberation theologies and evangelical reflection on social action to understand assumptions about poverty. The course will explore case studies for transforming poverty in less developed countries. Prerequisite: URB 140 or SOC 140.

URB/SS 403

Grant Writing and Fundraising

(3 credits)

This focus of this course is to consider the nature and role of grant writing and fundraising within the context of urban programs and organizations, private or public, for-profit or non-profit. Special consideration is given to strategic planning, budget preparedness, grant prospects, the letter of inquiry, and grant proposal artisanship as well as the process of planning and successfully executing a fundraising event or special project. Prerequisite: Junior class standing.

URB/PM 410

Urban Ministry

(3 credits)

(Alternate years 2019-2020)

The role of ministry in the urban context, through both church-based and para-ecclesiological organizations, is examined sociologically with the purpose of understanding the city and how the church can engage in ministry relevant to society. Topics such as multicultural ministry, an urban audit, ministry to diverse population groups, the role of the Internet in ministry, and the church as a social service agency, are some of the topics addressed. Prerequisite: URB 140 or SOC 140 or consent of the instructor.

URB/EC 420

Microenterprise Development

(3 credits)

(Alternate years 2019-2020)

This course introduces students to the microenterprise principles of economic development in urban communities; in other words, job creation. It discusses how key assumptions of the standard economics discourse don't always hold for neighborhoods at an economic tipping-point. It utilizes a systematic method of analyzing the role of community organizations in the economic turn-around of neighborhoods, through job creation and how microenterprise principles interplay with social forces to shape the economic development of urban neighborhoods. Prerequisite: URB 140 or SOC 140.

AFROTC PROGRAM

Under a cooperative agreement with the University of Portland, Warner Pacific University students may participate in the Air Force Reserve Officers Training Corps (AFROTC) program offered on the University of Portland campus. The purpose of the program, which is administered by the Aerospace Studies faculty at the University of Portland, is to select and train students to serve as officers in the United States Air Force. AFROTC is available to qualified men and women on a competitive basis.

Scholarships are available in two, three or four-year lengths to qualified students. In-college scholarship selection boards are held in March and July of each academic year. The applicant must be attending the university fulltime to be considered. Interested students should contact the AFROTC Program Counselor several months in advance to obtain nomination materials. Additional scholarships, including a Pre-Health scholarship for medical school, are also available. More information can be found on-line at www.up.edu/afrote, email rotc695@up.edu or call (503) 943-7216.

ACADEMIC SUCCESS

Academic Success provides Christ-centered academic support to students from diverse backgrounds who are majoring in a wide array of liberal arts disciplines by helping them engage in their studies. Academic Success provides students with a tutoring/writing center, academic mentoring, a disabilities resource center, and a career services center.

1. Tutoring and Mentoring Services

- Academic Course Tutoring – Course tutoring at the Academic Success Center provides assistance in the mastery of new material and study techniques for different courses. Tutors are recommended by professors based on their understanding of the subject and hired because they like to help others.
- Writing Resources – Because good writing skills are a key component of success in almost every job, the Academic Success writing specialist provides strategically targeted support that systematically cultivates these skills.
- Online Writing Helpdesk – Very popular for commuters and students with busy schedules, the Online Writing Helpdesk supports students seeking to write their best papers. Students have enjoyed the convenience of emailing papers to our trained writing tutors for feedback. Please remember it does require 24-72 hours for feedback to be returned, so plan ahead.
- Academic Assistance – Individual meetings are available to help students strategize ways to achieve their academic goals (setting academic goals, establishing good study habits, developing time management strategies, and test taking, note taking, and other academic skills). Academic Success also provides resources to support classroom success.
- Academic Mentoring – Studies have shown that mentors can play a significant role in student success. Academic mentors are trained members of the Warner Pacific staff who provide support, accountability, and help demystify the college world.
- Supplemental Instruction – The academic success coordinator will join designated

courses for the entire semester and learn right alongside incoming students. The tutor will then offer services which may include a weekly time to process notes and practice selecting main ideas from lectures, support students in creating study guides, help with papers provide in class support working on skill building, and/or provide presentations practice feedback.

- Brain Food – a very popular lunch time tutoring program. Located between the cafeteria and Tabor Grind, Brain Food offers support for both commuters having their sack lunches or residential students picking up their lunch.
- Study Tables – Study tables may be used by a class group, team, or required by a professor or department. Students or coaches who organize study tables at public, on-campus locations may contact the Academic Success Center to seek a tutor's support at the event.
- Courses in study skills and critical thinking (CLS110 and CLS111).

2. Disabilities Resource Center

Support for students with diagnosed disabilities is provided by Warner Pacific and is consistent with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act (ADA). Appropriate academic assistance, classroom and housing accommodations are available to students who have been diagnosed with a qualifying disorder. Students seeking **academic** or **residential** accommodations should contact the Disabilities Resources Coordinator or the Director of Academic Success to arrange an appointment to discuss academic or housing challenges and to develop an accommodation plan. In order to draft a plan, **current** assessment records will need to be submitted.

3. Career Services

Warner Pacific Career Services is a place dedicated to supporting students as they identify their interests, talents, and skills as they explore potential career paths.

- Career and Calling Counseling – Career counseling is an integral part of a student's education. As students are able to more fully understand their values skills and interests, they are better prepared to translate them into meaningful career and life plans. Individualized career counseling, vocational assessments, a career library can be scheduled through the Student Life office.
- Workshops – Available to all Warner Pacific students, Career Services offers workshops covering a wide variety of topics such as resume building, cover letters, and interviewing techniques to assist them in finding fulfilling work in today's competitive job market.
- Weekly Employment Opportunities – Daily updates of the latest jobs, internships, volunteer opportunities, and local career fairs are posted to WPU's Handshake (warnerpacific.joinhandshake.com)
- Resume and cover letter support – Appointments can be scheduled through Handshake (warnerpacific.joinhandshake.com)
- Online Resources and Career Exploration Tools – Career exploration can be conveniently done at the location of your choice with new online resources. Contact the Career Center for more information.

CERTIFICATE PROGRAMS

Several certificated training opportunities are available to students who do not wish to pursue a full degree program. Students may elect to complete either a credit-bearing **Certificate of Mastery** or a non-credit bearing **Certificate of Training**. The courses

required for the two programs are the same; students will be required to meet the established participation requirements for their level of enrollment to be eligible to earn the program certificate.

CERTIFICATE OF MASTERY (COM)

- Students must apply for admission to the university (including submission of high school and/or college transcripts as appropriate) and meet all course prerequisites within the program.
- Students will be expected to complete all course requirements (and meet course outcomes) as detailed in the course syllabus.
- Students will earn regular university credit for the courses completed.
- All course requirements for the COM must be completed in residence at WP.
- Each course within the COM program must be completed with a minimum grade of “C-“.
- Students must earn a COM program GPA of at least 2.75.
- Upon completion of the program requirements, students will receive a Certificate of Mastery, which will be posted to the official WPU transcript record.
- Credits earned may be counted as electives toward WPU degree requirements. Students who wish to pursue a major or minor in the area of an already-completed COM program will agree that the certificate will be revoked when the completed courses are applied toward the major or minor requirements.
- Tuition in the COM program will be the same as that charged of students in the degree-seeking program.
- Students may elect to change from the COM program (Credit status) to the Certificate of Training (COT) program (Audit status) no later than the last day to withdraw for the course. Any applicable refunds will be calculated based on the regular refund schedule for the course. Once a decision has been made to move from the COM to the COT program, the decision cannot be revoked.
- Requirements for the COM must be completed within five years of beginning the program.

CERTIFICATE OF TRAINING (COT)

- Students must complete a non-degree seeking application for admission to the university.
- All courses for the COT must be taken in residence at WP.
- Students will register with audit status for the courses within the COT program.
- Students must attend at least 75% of class sessions to receive audit credit that applies toward the COT.
- Students will attend and participate in class lectures, discussions and activities, but will not be expected to complete exams, out-of class assignments or projects required of students taking the class for university credit.
- COT students may complete out of class assignments if they choose, but should not expect the instructor to grade their work. Under no circumstances will a student registered with audit status receive a letter grade for the course.
- A combination of audit and university credits may be applied toward completion of the COT.
- Students may elect to change from Audit to Credit status no later than the last day to add the course. Additional charges will be applied.

- ❑ Upon completion of the program coursework, students will receive a Certificate of Training. The COT will not be posted on the student’s official WP transcript record.
- ❑ Requirements for the COT must be completed within five years of beginning the program.
- ❑ Students will be charged a reduced tuition rate within the COT program.

EARLY CHILDHOOD EDUCATION: TEACHING AND WORKING WITH FAMILIES OF YOUNG CHILDREN

Warner Pacific University offers two paths to becoming a teacher of young children.

FAMILY WORK/NON-LICENSED PRE-KINDERGARTEN TEACHING OPTION

A graduate with a Human Development Family Studies major and an Early Childhood minor is well prepared to be a teacher of young children and to work with families. Graduates may assume teaching roles in programs that do not require an Oregon teaching license. Graduates who apply to the Oregon Early Childhood Professional Development Registry meet Level IV requirements.

EARLY CHILDHOOD LICENSURE OPTION

A graduate with a major in Early Childhood and Elementary Education who is admitted to the Teacher Education Program and meets the Early Childhood Authorization requirements is licensed to teach children in Oregon public schools age three through grade four. Students completing the Elementary Authorization at the same time are licensed to teach through the 8th grade.

NURSING PROGRAM

(See also page 103, 185.)

ADMISSION TO THE NURSING PROGRAM

The prelicensure BSN Degree Program has established the criteria for admission that it believes will best position students to be successful and in accordance with common academic nursing requirements.

The application approval process includes:

1. Verification through transcript analysis by WPU's Records Office for completion of the following prerequisite courses (science courses within the past seven years):
 - a. Human Anatomy & Physiology series (not introductory), equivalent to two semesters
 - b. 1 course in Microbiology with lab
 - c. 1 course in Chemistry with lab
 - d. 1 college level Math course (>100 level)
 - e. 1 course in General Psychology
 - f. 1 course in General Sociology
 - g. 1 course in Life-Span Human Development
 - h. Junior standing with an advisor-approved plan to complete general education core requirements not scheduled within the BSN Degree Program
2. Verification through transcript analysis by WPU's Records Office of a cumulative grade point average (GPA) of 2.5 or higher from all previous college coursework.
3. Verification through transcript analysis by WPU's Records Office of a cumulative GPA of 2.5 or higher on all prerequisite science courses taken within the past seven years. Note: For science courses taken more than once in the past seven years, the Records Office will use the higher GPA of the first two attempts for this calculation.
4. Submission of required Department of Nursing secondary application materials. These secondary application materials may include items such as essay responses to selected questions, a description of your experience in the healthcare field, and contact information for references. Detailed instructions regarding the current required secondary application materials (including requested nursing program-specific application materials) will be sent when applicants initiate interest in applying to the nursing program.

Priority admission to the BSN Degree Program:

1. Prospective students: Apply to Warner Pacific University, completing all elements (WPU essay, official transcripts, FAFSA if you are planning to file one, etc.).
2. Current and prospective students: When you have met prerequisite and general education core requirements (or are completing these in the current academic term or have an approved plan), submit your completed BSN Degree Program application electronically for items 4 through 6, by the published deadline.
3. The Department of Nursing reserves the right to request an interview (virtual or face-to-face) to determine fit with the BSN Degree Program.

The Department of Nursing will make decisions by published deadlines, and will notify accepted students by phone and email. Those accepted into the BSN Degree Program will have until a designated date, to submit a \$200 tuition deposit to secure their spot.

NOTE TO STUDENTS ABOUT FINANCIAL AID

For students not planning to use Federal Financial Aid: WPU's Student Financial Services Department requires students to file a FAFSA waiver and meet with a representative to discuss payment options.

MAINTAINING GOOD STANDING IN THE NURSING PROGRAM

In order to maintain good standing and eligibility to earn a BSN Degree, students who have been admitted to the Nursing Major must:

1. Maintain a cumulative grade point average of 2.0 or higher and a minimum GPA of 2.5 in Nursing courses. Each course in the major must be passed with a minimum grade of "C-".
2. Declare and document any subsequent reportable behavior (as gathered in a background check) after program admission.

OFF-CAMPUS STUDY (OCS) PROGRAMS

Warner Pacific offers several opportunities for off-campus study through a partnership with the Council for Christian Colleges and Universities (CCCU).

APPLICATION ELIGIBILITY

- Minimum of one semester full-time attendance at WPU before application to OCS
- Proof of a cumulative GPA of 2.75
- FAFSA/waiver on file with Student Financial Services (if applicable)
- Junior or Senior class standing during OCS term

APPLICATION PROCESS

All students interested in any off-campus study program need to complete the WPU OCS Process before applying to an off-campus study program. The WPU OCS Process consists of the following:

1. Forms: Completion and submission of the following forms to the Records Office by the defined deadline:
 - WPU OCS Standards Form
 - WPU OCS Application Form
 - WPU OCS Faculty/Advisor Reference Form
 - WPU OCS Pre-Application Checklist Form
2. Go to www.BestSemester.com to research chosen program and begin the Best Semester application process (done concurrently with the WPU OCS process).
3. Interview: All applicants will be interviewed by the WPU OCS Selection Committee
4. Selection: Successful applicants will be notified of their eligibility to apply directly to their target OCS Programs with ample time to meet the individual application deadlines of their selected OCS Programs
 - Currently, a maximum of four (4) students per academic year are selected by the WPU OCS Selection Committee to represent WPU at Off-Campus Study Programs. These four students are eligible to have their WPU financial aid applied to the costs of their off-campus study term. Students participating in an off-campus study program may be subject to additional charges.
 - Students must be approved by both the WPU OCS Selection Committee and the Best Semester selection process to be eligible for full OCS benefits..
 - Students who participate in an OCS Program without being selected need to check with Student Financial Services as there is no guarantee of any WPU financial aid for the off-campus study term.

Contact the Records Office for information and forms about the WPU OCS Process.

CCCU OFF-CAMPUS STUDY SEMESTER PROGRAMS

The Council for Christian Colleges and Universities (CCCU), an association of 113 members and 73 affiliate institutions in 23 countries, offers the following semester and summer programs to students of its member institutions. The programs offer a unique opportunity for students to make the world their classroom, going beyond the confines of the traditional learning environment. These interdisciplinary learning opportunities are available to juniors and seniors, while some programs also accept second-semester sophomores. American Studies Program (ASP)

Since 1976, the American Studies Program has served as an experiential learning laboratory for students committed to connecting their faith to public affairs. Nearly

500 of ASP's 3,000+ alumni have returned to work in the DC metro area in a variety of professional fields—private and public, for-profit and non-profit. Each student enrolls in the program's two practicum courses: **Internship and Professional Development Practicum**. In addition, students apply to either the **Public Policy track** or the **Strategic Communication track**. The Public Policy track equips and supports students in their analysis of a pressing public policy issue. Each student produces original research by engaging area experts and practitioners off-site and in the classroom as they investigate the local, national and global factors that influence policy-making in Washington, D.C. The Strategic Communication track engages Washington, D.C.-based organizations and communication professionals to explore the role of strategic communication in achieving organizational goals. Field-work activities explore current best practices in communicating critical organizational messages to key internal and external constituents and stakeholders. Students compare how different types of organizations set strategic direction, develop and evaluate messages, choose appropriate communication channels and tactics, and measure output and impact outcomes. *ASP students earn 15–16 semester credits.*

Australia Studies Centre - (ASC)

The Australia Studies Centre (ASC) is offered in partnership with Christian Heritage College (CHC), a CCCU affiliate member in Carindale, a suburb of Brisbane, Queensland. The ASC is designed to integrate the firsthand observation and study of Australian culture, history, religion, politics and indigenous cultures together with experiential service learning and formal instruction in Christian Studies, Business Ministries, Social Sciences and Education, and Humanities. Every student is required to take “The View from Australia: Issues in Religion, Politics, Economics and Cultural Values” and “Australian Aboriginal Cultures.” Additionally, students choose electives from CHC offerings in the School of Christian Studies, Business, Education & Humanities, Ministries, and Social Sciences. Included in the elective offerings, students may select an **internship** through the School of Social Sciences. Students who register for an internship will still take the two core courses, as well as a Social Science co-requisite course based on the internship placement. Each internship student completes **100 hours of placement and receives a professional mentor**. Students live with Australian families and volunteer with local community service providers. Trips vary from semester to semester but may include excursions to the Australian Outback, Aboriginal Communities, and New Zealand. *ASC students earn 16 semester credits.*

Contemporary Music Center (CMC)

The Contemporary Music Center provides students with the opportunity to live and work in the refining context of community while seeking to understand how God will have them integrate music, faith and business. The CMC offers three tracks: Artist, Business and Technical. The **Artist Track** is tailored to students considering careers as vocalists, musicians, songwriters, recording artists, performers and producers. The **Business Track** is designed for business, arts management, marketing, communications and related majors interested in possible careers as artist managers, agents, record company executives, music publishers, concert promoters and entertainment industry entrepreneurs. The **Technical Track** prepares students for careers in live sound, concert lighting and studio recording. Students within each of the tracks receive instruction, experience, and a uniquely Christ-centered perspective on creativity and the marketplace, while working together to mount and execute a **week-long tour** at the end of the semester. Each track includes coursework, labs, directed study, and a practicum. *CMC students earn 16 semester credits.*

Latin American Studies Program (LASP)

Based in San José, Costa Rica, the Latin American Studies Program introduces students to a wide range of experiences through the study of the language, literature, culture, politics, history, economics, ecology and religion of the region. Through **living with local families**, students become a part of the day-to-day lives of Latin Americans. Students also take part in a practicum/internship and travel to nearby Central American nations. Students participate in one of three concentrations: **Latin American Studies**; **Advanced Language and Literature** (designed for Spanish majors); and **International Business** (offered only in fall terms). During the regional travel component, students will visit communities throughout Costa Rica and neighboring Nicaragua. *LASP students earn 16-18* semester credits.*

Los Angeles Film Studies Center (LAFSC)

Founded in 1991, the Los Angeles Film Studies Center trains students to serve in various aspects of the film industry with professional skill and Christian integrity. Each semester, students live, learn and work in one of the primary film and television production centers in Los Angeles. The curriculum consists of two required seminars: **Hollywood Production Workshop** (a film production course) and **Faith and Artistic Development in Film**. Students also choose one elective course in screenwriting, i.e. acting, film production, or independent study. **Internships** in various segments of the film industry provide students with hands-on experience. LAFSC seeks to prepare students for placement in the mainstream Hollywood film industry, ideally in decision-making positions, with a Christ-centered vision to dynamically influence film content, production processes, and interpersonal relationships. In addition, LAFSC aims to develop advocates to advance an informed and discerning approach to understanding the media and an appreciation and support for the work of peers in Hollywood. *LAFSC students earn 16 semester credits.*

Middle East Studies Program (MESP)

Based in Amman, Jordan, this program offers students the unique opportunity to become immersed in the complex and strategically central modern Middle East. Under the guidance of a staff with over 30 years of experience living in the region, students live together in a close-knit community and explore the diverse religious, social, cultural and political traditions of Middle Eastern peoples through interdisciplinary seminars. Students also earn up to 6 credits of advanced **Arabic language** and serve at local organizations with the opportunity to earn intercultural internship/practicum credit throughout the semester. During the program's substantial **travel components** (recently including Israel/Palestine, Islamic Spain, Morocco, and Turkey), students participate in **homestays** and discover the diversity and dynamism of Middle Eastern cultures by experiencing their foods, customs, schools, neighborhoods, and places of worship. At a time of change in the Middle East, MESP empowers and equips students to relate to Muslim, Eastern Christian, and Jewish peoples in a guided and Christ-centered approach. *MESP students earn 15-18 semester credits.*

Northern Ireland Semester (NIS)

The Northern Ireland Semester is a spring-only program located in Belfast, Northern Ireland. NIS students live at Lakeside Manor, a charming 19th century mansion in Belfast, and **travel all over the Irish isle** visiting important cultural and historical landmarks like Saul, the site of St. Patrick's first church in Ireland, the **Cliffs of Moher**, and Dublin Castle. All students take the core course, **Peacemaking and Reconciliation in Northern Ireland**, where they learn about "The Troubles" and the political conflict

that beset Belfast in recent decades. Students then choose an additional 4-5 electives in Irish Art, Culture, Literature, Religion, and History. In addition to their coursework, students will be assigned to an Irish host family for regular visits and weekend outings throughout the semester. A mid-semester break will provide students with the opportunity to explore all the United Kingdom and Europe have to offer. *NIS students earn 15-16 semester credits.*

Oxford Summer Programme (OSP)

The Oxford Summer Programme pairs students with **Oxford University professors** to do intensive scholarship in the oldest university in the English-speaking world. During the four-week programme, students hone their research and writing skills and delve into their chosen disciplines, occasionally **traveling the United Kingdom** to explore the relationship between Christianity and the development of the British Isles. Seminars and tutorials (one-on-one **mentorships sessions** with expert Oxford scholars) feature specialized topics in the areas of English language and literature, history, art, science, philosophy, and theology. The programme is structured for rising college sophomores, juniors, and seniors, as well as graduate and seminary students, non-traditional students, teachers, and those enrolled in continuing education programs. *OSP students earn 6 semester credits.*

The Scholars' Semester in Oxford (SSO)

The Scholars' Semester in Oxford is specifically designed for students seeking an academically rigorous and robust experience. As **official Registered Visiting Students** of Oxford University, students study within Oxford's acclaimed tutorial pedagogy to receive weekly, **one-on-one instruction** from a faculty comprised of widely-published authors, historians, former international ambassadors, and other celebrated scholars. Students choose from hundreds of subjects within the disciplines of Classics, English Language and Literature, History, History of Art, Modern Languages (French, German, Italian, Portuguese, and Russian), Musicology, Philosophy, Psychology, or Theology, and earn access to Oxford's **119 libraries featuring 11 million books** and outstanding electronic resources. SSO students enroll in a primary and secondary tutorial, an independent undergraduate research seminar, and a British core course featuring frequent **travel around the British Isles**. SSO also offers 18 thematic or integrative concentrations including Gender Studies, Film Studies, Philosophy of Science, and more. If choosing to return for a second term, students write a substantial thesis on a topic of their choice. Applicants are generally honors students and must have at minimum a 3.7 GPA to be considered for the programme. *SSO students earn 17 semester credits for a semester and may complete two semesters of the programme.*

Uganda Studies Program (USP)

The Uganda Studies Program immerses students in local communities, Ugandan campus life, and a broad range of cultures and places within Uganda and Rwanda. Students choose to live either with a **host family** for the semester or on campus at Uganda Christian University (UCU), an international affiliate member of the CCCU located 15 miles east of the capital city of Kampala. Students forge meaningful relationships with their Ugandan peers, faculty members, and host families while exploring issues such as poverty, cultural expressions of Christianity and missions, and the reconciliation between the realities of East Africa and their Christian faith. Students enrolled in the **Social Work Emphasis (SWE)** participate in an MSW-guided Junior-level or Senior-level Social Work Practicum (up to 400 practicum hours) at a variety of sites, including Compassion International and locally-founded aid organizations, approved in consultation with the CSWE. **Global Health Emphasis (GHE)** students participate in the Cross Cultural

Practicum at a health-related to engage broader issues of international aid, development, and public health. Other students choose the **General Studies Emphasis (GHE)** and select from a variety of UCU electives including languages, health, religions, literature, and politics, and may also choose to receive practicum credit through service at Cross-Cultural Practicum sites. *USP students earn up to 16-20 credits depending on their selected emphasis.*

**Note: When the possibility of 18 credit hours is indicated, enrollment requires prior approval of the program and home campus.*

OTTO F. LINN LIBRARY

The Otto F. Linn Library is the center of research for Warner Pacific University. The Library offers key learning and research resources, providing information literacy instructions and best practices for information harvesting, searching, sharing and copyright oversight.

The Library holds physical collections of over 60,000 items including periodicals, DVDs, and CDs. The Library has licensed many research and course-related databases including EBSCOhost and eBooks. A long index of free, Open Educational Resource (OER) textbooks and related digital materials are also available. As a member of the Orbis Cascade Alliance, a consortium of 39 libraries in Oregon, Washington and Idaho, the Library has access to over 30,000,000 additional items listed in the Alliance's Summit Catalog. Stakeholders can check out items from any participating libraries in person or order them online. Items requested online are delivered via courier to the home library of the requester within a couple of days.

Library Strategic Plan, 2018-2021 and Strategic Directions

The Otto F Linn Library is leading various university-wide initiatives including the new Faculty Lecture Series to elevate community, faculty and student experience. The strategic roadmap is based on user needs articulated in stakeholder survey results and consultations with partners such as the Department of Leadership Development and Student Programs, and the Academic Success Center.

There are three cornerstones in the Library's Strategic Directions: **Cornerstone #1:** Resource Access Elevation; **Cornerstone #2:** Community Engagement & Transformation; **Cornerstone #3:** Advocacy, Diversity & Inclusion.

Library Mission, Vision, Values

The Otto F. Linn Library leverages integrated library systems, ideas, programs and technology to enrich university stakeholders' pedagogical creativity, life, learning, teaching, research and community.

The Otto F Linn Library aspires to become the center of academic scholarship, student retention and community life.

The Otto F Linn Library values are collaboration, inclusion, radical conversations and divergent solutions for academic success.

PROFESSIONAL AND GRADUATE STUDIES (PGS)

Traditionally, a university education is available only to those who have the time and resources to spend several years away from work and often away from home in order to pursue university studies. The Professional and Graduate Studies program (PGS) offers

a distinctive alternative to a traditional university format. It is specifically designed for adult learners who:

1. Have significant professional or volunteer work experience.
2. Desire to take classes at times that allow employment or other activities during the day.
3. Have responsibilities that may require a non-traditional approach to continuing their education.

Through its Professional and Graduate Studies program, Warner Pacific University serves the needs of adult learners by helping them assess personal values, expand interpersonal skills, and enhance professional competencies. Instructional strategies are based on adult learning theory and honor the experience returning adults bring to the learning environment.

Learners who complete the program cohort study and meet all other university requirements (including possible coursework outside the cohort study) may earn one of the following degrees:

Associate of Arts in General Studies
Associate of Arts in Organizational Dynamics
Associate of Science in Accounting
Bachelor of Business Administration
Bachelor of Health Care Administration
Bachelor of Science in Accounting
Bachelor of Science in Criminal Justice and Criminology
Bachelor of Science in Early Childhood/Elementary Education
Bachelor of Science in Human Development
Master of Arts in Human Services
Master of Arts in Teaching
Master of Business Administration
Master of Education
Master of Science in Management

With the completion of additional Social Science courses, PGS students majoring in Human Development may be eligible for the Family Life Educator Certificate through Warner Pacific's National Council for Family Relations (NCFR) accredited program.

Degree programs are currently being offered in two locations in the Portland area, with the potential of new sites opening in the coming months. Classes are also offered in Vancouver Longview, Washington, and online. Warner Pacific University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Warner Pacific University to offer specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98594-3430 or by email at degreeauthorization@wsac.wa.gov. The transferability of credits earned at Warner Pacific University is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Warner Pacific University will be accepted by the receiving institution. Similarly, the ability

of a degree, certificate, diploma, or other academic credential earned at Warner Pacific University to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at Warner Pacific University will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas or certificates earned.

Complete details about the PGS program including admission requirements, curriculum, financial aid, etc. can be found in the PGS Bulletin. Contact the PGS program at 503-517-1550 or PGS@warnerpacific.edu for more information.

SOCIAL WORK PROGRAM

ADMISSION TO THE SOCIAL WORK PROGRAM

The WPU Social Work Program is accredited by the Council on Social Work Education (CSWE), the national association representing social work education in the United States. The Social Work Program has established the criteria for admission that it believes will best position students to be successful in the field of social work and in accordance with common registration and/or licensing requirements. The Social Work Application Packet is available electronically and in print from the Social Work Program. It is also distributed and discussed during Social Work Information Meetings and as part of SW 200, Exploring Social Work. It articulates the timeframe, academic and other requirements, and expectations for admission, and also includes the Social Work Student Handbook. The application packet contains all necessary forms and instructions. Prior to formal application, students are encouraged to discuss any concerns with their advisor or the Program Director. Students must be admitted to the Social Work Program prior to enrolling in the social work field education courses (SW 491, SW 492, SW 495, and SW 496).

The application approval process includes:

1. Completion of SW 200 Exploring Social Work and achievement of sophomore class standing.
2. A cumulative grade point average (GPA) of 2.0 or higher and a minimum of 2.5 GPA in Social Work courses. Coursework required for the Social Work Major must be completed with a grade of C- or higher. Warner Pacific does not grant Social Work course credit for life experience or previous work experience.
3. Completion of Social Work Program Application .
4. Disclosure of criminal history and/or pending charges. Formal verification may be required by the Social Work Program and/or the Field Practicum site.
5. Submission of two letters of reference: One reference should be from a non-social work WPU faculty or staff person, and one from non-relative source with personal knowledge of the student's character, suitability for the social work profession, and experience.
6. A personal narrative of 750-1000 words in APA style that demonstrates competent and professional writing and communication skills is required of all applicants. It must include:
 - a. A summary of life experiences, perspectives, and motivation that brought the student to the point of application;
 - b. A discussion of personal values and ethics and degree of congruency with the NASW Code of Ethics and the overall purpose of the social work profession;

- c. A personal assessment of strengths and challenges that may impact the student's future career
 - d. A summary of knowledge and experience with diversity, human rights, and justice
 - e. A description of how the student intends to use the Social Work degree
7. Participation in a personal interview with the social work faculty and at least one other non-social work faculty member.

MAINTAINING GOOD STANDING IN THE SOCIAL WORK PROGRAM

In order to maintain good standing and eligibility to earn a Social Work degree, students who have been admitted to the Social Work program must:

1. Maintain a cumulative grade point average of 2.0 or higher and a minimum GPA of 2.5 in Social Work courses. Each course in the major must be passed with a minimum grade of "C-".
2. Report and document any subsequent criminal behavior after program admission.

TEACHER EDUCATION PROGRAM

Teacher Education at Warner Pacific University provides a Christian liberal arts education along with preparation in a teaching specialty. Faculty members will assist and guide the student to attain each individual's educational career goals.

The Teacher Education Program is approved by the Oregon Teacher Standards and Practices Commission. Warner Pacific graduates have established an excellent reputation in the education community and are employed both nationally and internationally. The Teacher Education Handbook guides students who are preparing for a career in education. This handbook is posted on the Education News & Resources page in Moodle.

ADMISSION TO THE TEACHER EDUCATION PROGRAM

Pre-admission to the Teacher Education program requires a formal application and approval procedure including the following:

Undergraduate (ECE/EL) Program

- Successful completion of ED 250
- A personal interview conducted by a Teacher Education Interview Committee
- A personal narrative describing the strengths the applicant would bring to the profession.

Admission to the Teacher Education program is not automatic. It requires a formal application and approval procedure, including the following:

Undergraduate (ECE/EL) Program

1. Pre-admission to the Teacher Education program
2. A cumulative GPA of 3.0 before program admission.
3. Successful completion of ED 250, ED 281, and ED 334 with a grade of "C-" or better.
4. Recommendations from three Warner faculty members and one from an off-campus source

Graduate (ML/HS & K-12) MAT Program

1. A completed application
2. A bachelor degree with a minimum 3.0 GPA
3. Three recommendations
4. An academic paper demonstrating proficient college level writing ability
5. A passing score on the Protecting Student and Civil Rights in the Educational Environment exam
6. A passing score on the ORELA exam in the licensure content area
7. Fingerprint clearance through TSPC
8. Completion of all prerequisite courses with a grade of C or better:
 - a. ED 260 Human Development and Learning Theory Implications for P-12 (4)
 - b. ED353U Curriculum Planning and Instruction (with 50 hours practicum) (3)
 - c. ED 515U Classroom Management (with 30 hours practicum) (2)
9. A personal interview conducted by a Teacher Education Interview Committee

TEACHER LICENSURE

Teacher Education students at Warner Pacific University can pursue an Oregon Preliminary Teaching License in the following areas:

Authorizations:

- Early Childhood (Pre-K - Grade 4)
- Elementary Education (Grades 3-8)
- Middle Level (Grades 5-10)
- High School (Grades 7-12)

Endorsements:

- Biology
- English Language Arts
- Basic Mathematics
- Advanced Mathematics
- Health
- Reading Interventionist
- Social Studies
- Multiple Subjects
- SPED: Special Education
- ESOL: English for Speakers of Other Languages

Students are responsible for fees associated with licensure including ORELA, edTPA, licensure fees, fingerprinting, and licensure assessments as determined by TSPC. Additional information regarding the most up-to-date estimate of fees related to assessment and licensure can be found at <http://www.oregon.gov/tspc/Pages/Testing.aspx> and <http://www.oregon.gov/tspc/Pages/Fees.aspx>.

POST-BACCALAUREATE TEACHER EDUCATION STUDENTS

Students who have already completed a bachelor degree and are considering teaching as a career may qualify for the Early Childhood/Elementary Education teaching license by completing a minimum of three semesters of resident study at Warner Pacific, including the student teaching semester (36 semester credits minimum). After a careful analysis and comparison of the student's transcripts with the Warner Pacific University approved program, a plan of study is developed.

TESTING REQUIRED FOR PROGRAM COMPLETION

In Oregon, a system of multiple measures is used to determine the status of "program completer." One component of this system requires the candidate to pass a battery of subject matter exams, and the Civil Rights and Equity in the Educational Environment

Examination. In the undergraduate program, the subject matter exams and the Civil Rights Exam must be passed prior to Student Teaching I. In the graduate (MAT) program, all exams must be passed before beginning the program.

COMPLIANCE INFORMATION

The following statistical information is provided in compliance with the Higher Education Amendments of 1998:

Test Pass Rates

Because the passage of subject matter tests is required for program completion in Oregon, the state pass rate is 100%. Individuals who do not pass the required tests are not considered to be program completers and are not eligible for Preliminary Teaching Licenses. Warner Pacific University is not classified as a low-performing institution.

edTPA

For Oregon licensure, Teacher Standards and Practices Commission (TSPC) requires that candidates' evidence is nationally evaluated and scored within five dimensions of teaching: planning instruction, and assessment; instructing and engaging student in learning; assessing student learning; analysis of teaching effectiveness; and academic language development. To meet TSPC licensure requirements, successful completion of edTPA and student teaching is required of all teacher candidates in the State of Oregon. Additional information regarding TSPC licensure requirements can be located at www.oregon.gov/tspc/pages/index.asp

Program Information

During the 2016-2017 academic year, 74 students were enrolled in the Teacher Education program. A minimum of 600 hours (40 hours per week for 15 weeks) was required to complete supervised practice teaching; the student to faculty ratio in supervised practice teaching was 3:1.
