A Message from the Director

I want to thank you for taking the time to review this important information about safety at Warner Pacific University. This 2020 Annual Security and Fire Safety Report is required by law and provides three years of crime statistics for the campus and for fires reported in residence halls, information about emergency preparedness and procedures, sexual assault, and other important safety policies and programs. The Department of Campus Safety is responsible for preparing this report annually with input from key partners across our campus.

We will continue to strive to improve in our efforts to keep Warner Pacific safe. Everyone on campus can help to make Warner Pacific a safe community by familiarizing themselves with safety and emergency procedures, practicing good personal safety, and reporting crimes or suspicious circumstances right away. We all have a role to play in keeping campus safe, and the support of our students and Warner Pacific Community is key to our success.

To that end, I welcome your questions and comments regarding the information in this report or any issue of safety at Warner Pacific University.

Respectfully,

Daniel Robles
Director of Campus Safety & Emergency Management

Annual Disclosure of Crime Statistics

This Annual Security and Fire Safety Report is prepared annually by the Department of Campus Safety. It includes crime and fire safety data, along with policies pertaining to campus safety and fire safety. The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from the following sources: Department of Campus Safety, Portland Police Bureau, and non-police officials identified by Federal Law as Campus Security Authorities. For Statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

This data is reported to the United States Department of Education via an annual web-based data collection. This Annual Report is published prior to December 31st of year 2020 and distributed to all students and employees of Warner Pacific University via [the Annual Security Report Page on the Campus Safety website](#).

Current students and employees will be notified via Warner Pacific University email of the Annual Security and Fire Safety Report's publication. This Annual Report is also available to prospective students and prospective employees via the Campus Safety website. To obtain a written copy of the report, please contact the Campus Safety Office at (503) 517-1219.

Law Enforcement Authority

Mt. Tabor Campus – Police Authority

Warner Pacific University employs Campus Safety Officers and a dedicated cadre of student employees to patrol Mt. Tabor Campus. Officers are licensed security professionals trained through the State of Oregon Department of Public Safety Standards and Training. Officers of Campus Safety have the authority to ask persons for identification and to determine whether individuals have lawful business on Warner Pacific University campus. They have the authority to enforce Warner Pacific Policies and Standards, issue Exclusion Orders, and also possess citizen's arrest powers, though they do not typically exercise these powers. Campus Safety works in partnership with the Portland Police Bureau, in which the Mt. Tabor Campus of Warner Pacific University resides. Portland Police Bureau Officers have complete police authority and may enforce state and federal statutes on campus and throughout Oregon. If offenses involving University policy are committed by a student, Campus Safety Officers may also refer the individual to the Office of Student Conduct.

The Portland Police Bureau responds and has full authority and jurisdiction on all criminal matters on the Mt. Tabor Campus. The prosecution of criminal offenses, both felony and misdemeanor, are conducted at the Multnomah County Circuit Court.

Administrators from Warner Pacific University meet with officials from the Portland Police Bureau on a regular basis to share information, discuss concerns, and to strategize ways to reduce criminal activity related to Warner Pacific University and students.

Centre 205 Campus – Police Authority

As with the Mt. Tabor Campus, Warner Pacific University employs Campus Safety Officers to patrol the Centre 205 Campus. These officers are licensed security professionals trained through the State of Oregon Department of Public Safety Standards and Training. Officers of Campus Safety have the authority to ask persons for identification and to determine whether individuals have lawful business on Warner Pacific University campus. They also have the authority to enforce Warner Pacific Policies and Standards, issue Exclusion Orders, and also possess citizen's arrest powers.

The Campus Safety Department works in partnership with the Portland Police Bureau, in which the Centre 205 Campus of Warner Pacific University resides. Portland Police Bureau Officers have complete police authority and may enforce state and federal statutes on campus and throughout Oregon. If offenses involving university policy are committed by a student, Campus Safety Officers may also refer the individual to the Office of Student Conduct.

The Portland Police Bureau responds and has full authority and jurisdiction on all criminal matters on the Centre 205 Campus. The prosecution of criminal offenses, both felony and misdemeanor, are conducted at the Multnomah County Circuit Court.

Investigations & Working Relationship with Law Enforcement Agencies

Campus Safety personnel may complete and conduct selected investigations on Warner Pacific property. All follow-up criminal investigations are completed by Portland Police Bureau (PPB). Crime statistics for Warner Pacific University are contained in this report. These statistics are in compliance with the Department of Education's Student Right to Know Act.

The Campus Safety Department conducts administrative investigations involving University rules and regulations. These investigations may involve students, staff, and visitors on Warner Pacific property. Further review and action may be made to Student Development, Human Resources, or other administrative staff.

Campus Safety Officers and Student Cadets conduct parking enforcement on campus property and issue citations. Parking citations given to students or staff personnel must be paid in a timely manner. Procedures for the collection of fees may be reviewed at the Campus Safety Department.

The Department of Campus Safety operates a safety escort service 24 hours a day, 365 days a year. An escort can be obtained by dialing '2127' from any on-campus phone or at (503) 250-1730 from a cell phone. Escorts are provided only within and between Warner Pacific-owned properties.

The Department of Campus Safety is the official clearinghouse for all property lost or found on University property. Found property is retained by Campus Safety for 90 days. All lost or found property, including bikes, are donated to a local charity at the end of the retention period. If you discover an item of personal property belonging to another or wish to retrieve an item, please contact Campus Safety.

Reporting Crimes

If you are the victim or witness of a crime or suspicious incident, or if you notice a security problem, notify the Department of Campus Safety immediately by calling (503) 250-1730 (dial 2127 from an on-campus phone). You can also call this number in the event of a police, fire, or medical emergency. Campus Safety is available 24 hours a day, 7 days a week. Crimes should be accurately and promptly reported to the Department of Campus Safety or the appropriate policy agency when the victim of crime elects to or is unable to make such a report. Prompt reporting to the Department of Campus Safety helps ensure that Campus Safety can comply with the requirements of the Clery Act, including reviewing these reports for the purpose of including them in the crime log and annual statistical disclosure and assessing them for issuing Crime Alerts (timely warning notices) when deemed necessary.

There are three telephones located on the exterior of Mt. Tabor campus buildings that may be used to report emergencies. A blue light is located above these phones for ease of identification. Bureau of Emergency Communications (BOEC) dispatchers are available at these respective telephone numbers 24 hours a day to answer your calls.

In response to a call, Campus Safety will take the required action, either responding to victim or asking the victim to report to the Campus Safety Administrative Office to file an incident report. All reported crimes will be investigated by the University and may become a matter of public record. All Campus Safety incidents reports involving student conduct are forwarded to the Student Development Office for review and referral to the student conduct process, as appropriate. If assistance is required from PPB or Portland Fire & Rescue (PF&R), Campus Safety will contact the appropriate agency. If a sexual assault or rape should occur, staff on the scene, including Campus Safety, will offer the victim a wide variety of resources.

Confidential Reporting Options

If you are the victim of a crime and do not want to pursue action within the University system or the criminal justice system, you may still want to consider making a confidential report. With your permission, a Campus Safety officer can file a report on the details of the incident without revealing your identity (except to the Title IX Coordinator in the event of a reported sex offense or sexual harassment). The purpose of a confidential report is to comply with your wish to keep the matter confidential while taking steps to enhance the future safety of yourself and others. With such information, Warner Pacific University can keep an accurate record of the number of incidents involving students, employees, and visitors; determine where there is a pattern of crime with regard to a particular location, method, or assailant; and alert the campus community to potential danger. Reports files in this manner are conducted and disclosed in the annual crime statistics for the institution.

Any on-campus crime witnessed by a University student or employee must be reported to the Department of Campus Safety as soon as possible. The Department of Campus Safety is responsible for reporting and follow-up investigation when an incident is reported. All University students, employees, and visitors should exercise responsibility for their own safety while on campus.

Confidential Reporting

Victims or witnesses may report crimes on a voluntary, confidential basis to Campus Safety for inclusion in the annual security report by requesting to make a confidential report for statistical purposes only when contacting Campus Safety. Pastoral and professional counselors are encouraged to refer persons they are counseling to report crimes to Camps Safety on a voluntary, confidential basis for inclusion in the annual security report by following this procedure.

Crime Log

Campus Safety keeps statistics and daily crime logs of all crimes reported to the Campus Safety Department. This log includes the date the crime was reported, the nature of the crime, the date and time the crime occurred, the general location of the crime, and the current disposition of the complaint. Updates to the log are made within two business days from when a crime is reported or there is a change in the disposition of a complaint except when the disclosure is prohibited by law or would jeopardize the confidentiality of the victim. Information may be temporarily withheld from the log when it would jeopardize an ongoing

investigation, jeopardize the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence.

A printed log of all crimes reported to Campus Safety as having occurred within the past 60 days on and around University property is available to the public at the Campus Safety office. A log of crimes reported to Campus Safety prior to the past 60 days will be made available within two business days of the request.

Citizen Complaints

Complaints regarding security personnel should be forwarded to the Director of Campus Safety & Emergency Management. All such complaints will be fully investigated and appropriate corrective action taken.

Security and Access to Warner Pacific Facilities

Warner Pacific University is private property. All persons who enter onto property owned or leased by Warner Pacific University should be able to demonstrate a legitimate reason to be present on campus. When practical, University students and employees should accompany their guests or visitors while on campus. Permission to enter onto University property is revocable at any time. Persons not having a legitimate purpose to be on campus may be asked to leave by Campus Safety personnel. All vehicles parking on campus must display a valid parking permit. Vehicles without permits should stop at Campus Safety office to obtain a one-day temporary permit. Temporary permits for longer than one day may also be obtained at the Campus Safety office during business hours, Monday-Friday 8:00am – 4:30pm.

Exterior doors to the campus residence halls are locked and secured on a 24-hour basis. Residence halls are accessible by residents and authorized University personnel. Guests of residential students must be accompanied by the student within residence halls. If a student is locked out of his or her residence hall they should contact Campus Safety at (503) 250-1730 (dial “2127” from an on-campus phone). If a student is locked out of his or her residence hall room, the student should check with the Residence Life staff of his or her hall prior to contacting Campus Safety. A picture ID may be required for a room unlock. All residents are provided with copies of the community regulations and policies associated with living in the residence halls. These policies are available from Residence Life.

The goal of the access control systems is to provide building access outside of normal operating hours while ensuring the safety of faculty, staff, and students. Access control uses a proactive approach to enhance campus security for crime prevention.

Building access is requested by submitting an “ID Card Access Request or “After-hours Building Access Request” form. Requests are generally processed within seven business days. Requests at the start of the semester will take longer and will be processed in the order they are received. All requests are subject to a security review. It is important to note that just because an employee or student worker works in a specific building, they do not automatically have after-hours access into that building.

The Department of Campus Safety retains a copy of the University access list, and individual' on the list should contact Campus Safety for officer assistance with access to doors/buildings not equipped with a card reader as needed. Individuals who have been granted permission to access buildings controlled by card reader use their university ID cards for entrance.

During normal business hours, the administrative facilities at Warner Pacific are open and accessible to students, staff, faculty, and visitors of the University. Academic facilities are accessible to students, staff, faculty, and authorized guests while building is open. After hours and during breaks, these facilities are locked and only accessible to authorized individuals.

Security of Campus

Campus Safety Officers conduct routine patrols of campus buildings, residence halls, and other areas to monitor security-related matters. Campus Safety Officers observe and report suspicious activity, and control access to campus during nighttime hours when staffed. Student Cadets patrol campus to conduct parking enforcement, conduct unlocks/lockups of buildings, and to observe and report suspicious circumstances or activity.

Security Considerations Used in the Maintenance of Campus Facilities

Warner Pacific University maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. Parking lots and pathways are illuminated with lighting. Campus Safety works closely with Facilities Management to address locks or other physical conditions that enhance security. Other members of the University community are helpful when they report equipment problems to Campus Safety or to Facilities Management.

Emergency Phones

There are several telephones located on the exterior of campus buildings that may be used to report emergencies. A blue light is located above these phones for ease of identification.

Crime Alerts

The Department of Campus Safety will issue Crime Alerts for crimes occurring on Warner Pacific Clery Geography (On Campus, Public Property and Non-Campus Property) that present a serious or continuing threat to the campus community, as required by the timely warning notice requirements of the Clery Act to aid in the prevention of similar occurrences. Crime Alerts will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

Individuals on campus should notify the Department of Campus Safety of crimes as soon as possible.

The Department of Campus Safety will gather all pertinent information about the nature of the crime from the reporting person and other available sources (these may include, but are not limited to: other witnesses, the University video camera system, the University card access system, and Portland Police Bureau).

- i. Based on the information available, the Director of Campus Safety or his designee shall determine whether the crime presents a serious or continuing threat to the campus community. Crime Alerts are typically issued for the following Uniform Crime Reporting Program (UCR/National Incident-Based Reporting System (NIBRS) crime classifications:
 - a. Murder/Non-Negligent Manslaughter
 - b. Aggravated Assault (cases involving assaults among know parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger Warner Pacific University community)
 - c. Robbery involving force or violence (cases including pickpocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case-by-case basis)
 - d. Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the Director of Campus Safety, or designee). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no longer the opportunity to distribute a Crime Alert as a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Crime Alert.
 - e. Major incident of Arson

Crime Alerts be issued for other Clery crimes as determined necessary by the Director of Campus Safety, or designee in absence. Notices for other crime classifications and locations, even though not required by the law, may be issued as Campus Safety Advisories.

Warner Pacific University is not required to issue a Crime Alert for crimes reported to pastoral and professional counselors because these reports may be made confidentially, however pastoral and professional counselors are encouraged to refer persons they are counseling to report crimes to Campus Safety on a voluntary, confidential basis for the purpose of allowing a Crime Alert to be distributed.

- ii. Based on the information available, the Director of Campus Safety or designee shall determine the content of the Crime Alert, the method by which to disseminate the warning to the campus community, and will issue/initiate the distribution of the Crime Alert.
- iii. Crime Alerts will typically be issued to current students and employees via email blast to all Warner Pacific University assigned email accounts. Crime Alerts may also be issued using some or all of the following methods of communication: Social Media, the campus news posts, and the main University website. The content of the Crime Alert may include but is not limited to the nature of the crime, the area where the crime occurred, a description of the suspect(s), and safety tips. It is the responsibility of the Director of Campus Safety or designee to determine whether a crime presents a serious or continuing threat to the campus community and issue a Crime Alert if necessary.

The Director of Campus Safety's designee may include: Campus Safety Supervisor, Marketing Content Manager, Director of Information Technology, Campus Safety officers, and CFO.

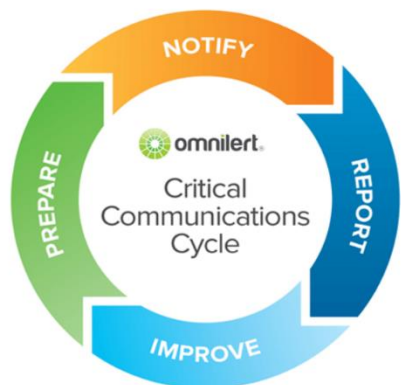

Emergency Response and Evacuation

The purpose of this policy is to establish emergency response and evacuation procedures for Warner Pacific University, as required by the Higher Education Opportunity Act of 2008. This policy applies to all students and employees of Warner Pacific University.

The Emergency Response Team is comprised of representatives from the following Warner Pacific University Departments: Information Technology, Student Development, Facilities Management, Finance, Human Resources, Legal Counsel, Student Health Center, Parent Relations, Warner Pacific Counseling Center, Enrollment, Marketing, Purchasing, Emergency Management, and Campus Safety.

For the purposes of this policy, a significant emergency or dangerous situation involves an immediate threat to the health or safety of students or employees occurring on campus. In the event of an emergency, Warner Pacific University will initiate and provide, without delay, immediate notifications to the appropriate segment(s) of the University community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employees and visitors.

An emergency notification is a notification to all Warner Pacific University students and employees who have registered their emergency notification information or any subgroup thereof, informing them of a significant emergency or dangerous situation occurring on campus.

For the purposes of this policy Warner Pacific University's emergency notification system is Omnilert. This emergency notification system allows authorized University personnel to send an email or text message to cell phone numbers or email addresses of registered students and employees. Authorized personnel may access the Omnilert system for the purpose of sending an emergency notification. If the Omnilert system fails or the University deems it appropriate, in person communication may be used to communicate an emergency.

Procedures for Designation of Emergency Notification Information

Students and employees may [update their personal info on MyAccount](#) at any time to designate a cell phone number to receive text messages sent by Warner Pacific University's emergency notification system. A designation will remain in effect until changed or revoked by the student or employee. This information will be maintained confidentially and will be accessible only to authorized University officials, and will not be disclosed except to law enforcement personnel as necessary during an emergency or the investigation of a crime. All current students and employees are provided instruction to receive email messages sent by the emergency notification system. Campus Safety verifies students and employees are registered maintains list.

Official Emergency Notification Procedures

Any individual on campus who has information about an emergency or dangerous situation that may affect the Warner Pacific University campus must notify the Department of Campus Safety as soon as possible.

Warner Pacific University will initiate and provide, without delay, emergency notifications to the appropriate segment(s) of the Warner Pacific community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employees and visitors occurring on the campus.

Warner Pacific University Department of Campus Safety is responsible for confirming emergencies, in conjunction with Warner Pacific management, local first responders, and/or the National Weather Service that may warrant the distribution of an emergency notification to Warner Pacific community.

Emergency notification for incidents that may pose an immediate threat to health and safety will be made, without delay, unless issuing a notification will, in the professional judgment of responsible authorities and taking into account the safety of Warner Pacific community, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The following officials have been designated the authority to authorize emergency notifications to provide an alert, warning and safety or protection instructions:

- The Director of Campus Safety
- Marketing Content Manager
- Director of Information Technology
- Campus Safety Administrator Operations Supervisor
- Campus Safety Officers
- CFO

These positions will be collectively referred to as “authorized Campus Safety personnel” for purposes of this Communication Procedure. In reference to any of these positions, in the absence of the referenced individual, their designee will have the authority.

Authorized Campus Safety personnel will typically be responsible for developing the content and distributing the notifications as described in this procedure. If the emergency is limited to a particular segment or segments of the campus, the authorized Campus Safety personnel will typically determine the segment or segments of the community to receive the emergency notification.

Notification will be made by using some or all of the following methods depending on the type of emergency: Omnilert which contains capabilities for text message alerts and email notification, an announcement via public address system. In addition, Warner Pacific may also use the following methods of communication if the Omnilert system fails or the University deems it appropriate: announcement via public address system, a blast email to all Warner Pacific University email addresses, and/or in-person communication.

The content of the message will vary depending on the situation. At a minimum, the messages will describe the emergency, provide basic instructions to the community and will direct them to where they can receive additional information.

When issuing emergency notifications Warner Pacific University is not required to issue a Crime Alert for the same circumstances. Warner Pacific University will issue adequate follow-up information as needed.

Follow-up information will be distributed using some or all of the identified communication systems (typically text message and email via Omnilert).

The local news media may be utilized to disseminate emergency information to members of the larger community, including neighbors, parents and other interested parties. The larger community can also access emergency information via the Warner Pacific University webpage. Enrollment, Marketing and Communication

may also distribute information to parents, using other systems available in those offices, such as social media sites and/or emails directly to parents who have provided an email address.

Emergency Response and Evacuation Procedures

Warner Pacific University maintains an Emergency Response Plan that outlines the responsibilities of campus units during emergencies. This plan outlines incident priorities, campus organization and specific responsibilities of particular units or positions. The plan is available at the [Campus Safety Emergency Response Procedures webpage](#).

The main goal of the Warner Pacific University Emergency Operations Plan is the preservation of life, protection of property, and the continuity of campus operations. Other objectives include but are not limited to:

- Delegation of responsibility to emergency personnel.
- Coordination of emergency operations with external agencies such as the City of Multnomah Emergency Management, Portland Police Bureau, PF&R, and other applicable agencies and organizations.

The emergency response and evacuation procedures are tested at least twice each year. Students and employees are given information about the locations of the emergency exits in the buildings and are provided with the short-term building evacuation. The Department of Campus Safety does not tell building occupants in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, the location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, Campus Safety staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

Warner Pacific University conducts building evacuation drills in each residence hall twice a year. The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. Warner Pacific University evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

If Evacuation is Required:

- Evacuate to a safe area at least 100-200 feet away from building.
- If possible, go to your designated assembly area.
- As you evacuate your area, assist others.
- Upon evacuating, wait for instructions from Campus Safety or other authorized personnel or for the situation to return to normal.

- Planned and unannounced evacuation drills of all campus residence halls conducted at least once during each of the Fall and Spring semesters.

Testing of Emergency Response and Evacuation Procedures

Tests of the University's emergency response and evacuation procedures may be either announced or unannounced and may include:

- At least one annual test message sent using the University's emergency notification system. This may be done in conjunction with other exercises, such as the annual emergency response drill. In conjunction with other emergency agencies, the University conducts emergency response drills and exercises each year, such as table top exercises, field exercises, and tests of the emergency notification systems on campus. These tests, which may be announced or unannounced, are designed to assess and evaluate the emergency plans and capabilities of the institution. Emergency response and evacuation procedures will be publicized in conjunction with this test.
- An annual emergency response exercise involving the University's Emergency Response Team. This exercise may include scenarios involving students, staff members, and outside agencies, evacuation drills of campus buildings, a test of the University's emergency notification system, or other activities. The University's emergency response and evacuation procedures shall be publicized in conjunction with an annual test (exercise and drill).
- Other tests as decided by the Department of Campus Safety.

The description of each test exercise, the date and time it took place, and whether it was announced or unannounced will be documented by the Department of Campus Safety.

Safety Escort Service

The Department of Campus Safety operates a safety escort service 24 hours a day, 365 days a year. An escort can be obtained by calling 2127 from any on-campus phone or at (503) 250-1730 from a cell phone. Escorts are provided only within and between Warner Pacific-owned properties.

Crime Prevention & Security Awareness Programs

The Department of Campus Safety's crime prevention and security awareness programs exist to eliminate criminal opportunities and encourage students and employees of the University to be responsible for their own security and that of others.

Crime Prevention Programs on personal safety and theft prevention are conducted by the Department of Campus Safety throughout the year. The programs are presented each semester during new student orientation and evacuation drills. Campus Safety conducts annual training for Resident Directors, Resident Coordinators, and Resident Assistants.

Crime Prevention Training is also offered annually at all-staff training seminars, faculty conference and to individual departments. All new faculty members receive training when hired. Crime prevention information can be found on the Campus Safety Crime Prevention webpage and prevention videos can be found on the Campus Safety website.

Speakers are available to give security awareness presentations to your group or department about sexual assault, bystander intervention, theft prevention, violent crimes, domestic and dating violence, alcohol and drugs, personal safety, prevention or awareness, emergency preparedness, and other safety topics.

Security Survey

The Department of Campus Safety may conduct a security survey for departments, work areas, or building upon request.

Printed Materials

Crime Prevention brochures and other printed materials are available in the Campus Safety Administrative Office and on the Campus Safety webpage. These materials give safety tips and recommended procedures to help students and employees be responsible for their own security and the security of others.

Alarm Systems

Almost all campus buildings have fire alarms that are monitored by Campus Safety personnel and maintained by Facilities Management.

Self-Defense Training

The Portland Police Bureau offers FREE self-defense training classes monthly through a program called WomenStrength. They offer Introductory, Intermediate, and Refresher classes.

Introductory classes are taught in three hour evening sessions once a week for three weeks and are taught by volunteers, most of whom have gone through the program themselves.

Intermediate classes are offered quarterly and are for women who have taken the introductory class within the last six months and are interested in continued training. Intermediate classes are scheduled on a Saturday and are a 7.5 hour class.

Refresher classes are offered quarterly and are for women who have taken the introductory class and would like to practice the skills that they have learned.

For registration information and other resources, call (503) 823-0260, see the WomenStrength website at <http://www.portlandoregon.gov/police/35911>, or visit the Student Life Center.

Missing Students

The purpose of this policy is to establish procedures for Warner Pacific University's response to reports of missing students, as required by the Higher Education Opportunity Act of 2008. This policy applies to students who reside in campus housing.

For purposes of this policy, a student may be considered to be a "missing student" if the student's absence is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student's welfare.

In the event a student under 18 years of age and not emancipated, Warner Pacific University must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student. For all missing students, Warner Pacific University will notify the local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing.

Official Notification Procedures for Missing Residential Students

Any individual on campus who has information that a residential student may be a missing student must notify the Department of Campus Safety as soon as possible by calling (503) 250-1730 (dial 2127 from an on-campus phone). If members of Warner Pacific community believe that a student has been missing for 24 hours, it is critical that they report that information to Campus Safety.

Note: When a non-resident and/or commuter student is believed to be missing, the reporting person should immediately notify local law enforcement authorities. The Department of Campus Safety will assist external authorities with these investigations as requested.

The Department of Campus Safety will gather all essential information about the residential student from the reporting person and from the student's acquaintances (description, clothes last worn, where student might be, who student might be with, vehicle description, information about the physical and mental wellbeing of the student, an up-to-date photograph, class schedule, etc.). Appropriate University staff (including but not limited to Residence Life, Facilities Management, and Information Technology staff) will be notified to aid in the search for the student.

If the above actions are unsuccessful in locating the student or it is apparent immediately that the student is a missing person (e.g., witnessed abduction), no later than 24 hours after the Department of Campus Safety determines that a residential student is missing for 24 hours:

- Contact will be made to the missing person contact, if contact information has been provided, within twenty-four (24) hours of the determination that the student is missing by Campus Safety.
- Regardless of whether the student has identified a confidential contact person, is above the age of 18, or is an emancipated minor the Director of Campus Safety or designee shall contact the appropriate local law enforcement agency to report the student as a missing person (unless the local law enforcement agency was the entity that made the determination that the student is missing) and the local law enforcement agency will take charge of the investigation; and
- The Dean of Students or designee shall work in conjunction with the Director of Campus Safety or designee to notify the confidential contact (for students 18 and over) or the confidential contact and the parent/guardian (for students under the age of 18 who are not emancipated) that the student is believed to be missing.

Campus Communications about Missing Students

All communications with outside media regarding missing students will be handled by Warner Pacific University's Media Relations Department in consultation with the Director of Campus Safety and the Dean of Students or their designees.

All information provided to any individual or department at the University about a missing student shall be referred to the Department of Campus Safety without delay. The Department of Campus Safety shall gather all the necessary information and refer such information to the appropriate law enforcement authorities.

For the purposes of complying with the requirements of this section and any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

How to Be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911 (if on campus, call Campus Safety at 503-250-1730). This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Involvement of Law Enforcement and Campus Authorities

Although the University strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement. Student Development personnel can assist students with making a report to Campus Safety. The University Campus Safety Department will assist any victim with notifying external law enforcement if the victim so desires. Portland Police Bureau may also be reached directly by calling 503-823-3333 or in person at 737 SE 106th Ave, Portland, OR 97216.

Annual Fire Safety Report for Warner Pacific University 2017-2019

Fire Log

Campus Safety keeps a daily fire safety log of all reported fires at on-campus student housing facilities. This log includes the date the fire was reported, the nature of the reported fire, the date and time the reported fire occurred, and the general location of the reported fire. Updates to the log are made within two business days from when a fire is reported to Campus Safety.

All employees and students of the University must report any fire occurring in an on-campus student housing facility to Campus Safety, regardless of whether or not the fire has been extinguished. Fires should be reported to the Campus Safety by calling (503) 250-1730 (or extension 2127 from any campus phone).

A written log of all fires reported within the past 60 days at on-campus student housing facilities is available to the public at the Campus Safety Administration office. A log of fires reported to Campus Safety prior to the past 60 days will be made available within two business days of the request.

Regular, Mandatory, Supervised Fire Drills in Student Housing Facilities

In conjunction with the Department of Residence Life, Campus Safety conducts one evacuation drill during the Fall and Spring semesters for every residence hall, and one in Summer for the summer housing residence hall (three drills annually) to educate students in how to respond to a fire. These drills may be announced or unannounced. Fire safety information is provided to new student residents during new student orientation.

Fire Statistic Reporting

For the purposes of including a fire in the statistics in the annual fire safety report, students and employees must report all incidents of fire occurring on campus to the Department of Campus Safety.

Fire Safety Education and Training Programs for Students, Faculty, and Staff

Students, faculty, and staff are provided education on fire safety and information on how to report a fire, or evidence of a fire, to whom, and procedures to be followed for non-residential buildings on campus when a fire alarm signals.

All employees are encouraged to become familiar with the escape routes for all buildings and floors and the locations of fire extinguishers, hoses and alarms. In the event of a fire or evacuation, every employee should follow the fire safety evacuation route and vacate the premises until the officials in charge declare the premises safe to enter. Exits and areas around fire extinguishers must be kept clear at all times. Periodic fire safety inspections and drills are held to test equipment and procedures.

In these programs, procedures that students and employees should follow in case of a fire are reviewed and include the following:

Fire Evacuation:

- In the event of a fire, alert others and GET OUT. Move everyone away from area of fire; close (but do not lock) all doors behind you as you leave, in order to slow down spread of fire.
- Remain calm.
- Walk, do not run. Keep noise to a minimum. Walk carefully to avoid tripping.
- Do not use elevator.
- On stairways, use handrails and keep to right.
- Check all doors for heat (top and bottom) with back of hand. If hot, do not open.
- Assist people with disabilities (refer to section on persons with disabilities).
- If you are caught in smoke, drop to hands and knees and crawl; breathe shallowly through nose and use blouse, shirt, or jacket as filter.
- Assist those leaving the building to move to safe areas away from falling debris.
- If you have relocated away from the building, do not return until you are notified that it is safe to do so.
- If your clothing catches fire, DO NOT RUN. STOP. . . DROP. . . ROLL.

If Trapped By Fire in Room:

- Place (moist, if possible) cloth material around/under door to prevent smoke from entering.
- RETREAT – close as many doors as possible between you and fire. Be prepared to signal from windows, but do not break glass unless absolutely necessary. (Outside smoke may be drawn in.)

Prepare in Advance:

- Thoroughly familiarize yourself now with all possible routes you could take to exit your building during a fire. Practice walking through alternate exit routes. Remember, during a fire, smoke may obscure normally visible exit signs.
- Avoid creating fire hazards. Do not store things in corridors, overload electrical circuits, put up flammable decorations, or prop open doors. Report any problems with smoke detectors, fire alarms, or fire hazards to Campus Safety.

Fire safety education materials and materials for other potential emergencies are available at the Campus Safety Administration office. These materials give fire safety tips and recommended procedures to help students and employees be responsible for their own safety and the safety of others.
