

# REQUEST TO APPLY COURSE(S) TO CORE

Student Name \_\_\_\_\_

ID# \_\_\_\_\_

The General Education Core Curriculum at Warner Pacific University supports the university mission statement by providing students with a broad-based education in an urban Christian context. There are specific outcomes that students will be able to achieve upon completing the Core Curriculum. In order to apply a course (or set of courses) to meet a core requirement, you need to be able to demonstrate to the Core Studies Committee that you have met ONE of the specified outcomes for the requirement. Please note that you cannot use a course that is already applying to a different core requirement.

**Please list the course (or set of courses) that you are requesting to apply to this core requirement.**

Course	Term	Institution	Credits	Grade

**Which core requirement and outcome do you believe this course should meet? (Select one outcome from the list below)**

Requirement	Outcomes
Spiritual Journey	<i>Must be met by REL 220 or REL 320 at WP.</i>
Holistic World View	<input type="checkbox"/> Outcome C2. Explain foundational beliefs and practices of Christian faith. <input type="checkbox"/> Outcome C3. Articulate and apply the holistic benefits of a healthy lifestyle.
Ethics	<input type="checkbox"/> Outcome C4. Demonstrate an ethical and respectful worldview that promotes stewardship and care for others.
Appreciation of Diversity	<input type="checkbox"/> Outcome D1. Articulate the value of diverse voices and perspectives. <input type="checkbox"/> Outcome D2. Explain the impact of global interdependency on social and cultural systems.
Urban Life	<input type="checkbox"/> Outcome U1. Articulate how human behavior interacts with social organizations and cultural patterns. <input type="checkbox"/> Outcome U2. Identify the opportunities and challenges of urban life.
Written Communication	<i>Must be met by EN 111+112 or an equivalent transfer writing sequence.</i>
Info Literacy & Research	<i>Must be met by an <u>upper-division</u> research and writing course.</i>
Interdisciplinary Thinking	<i>Must be met by HUM 310 or HUM 410 at WP.</i>
Information Technology	<input type="checkbox"/> Outcome L4. Use current technology relevant to a particular field of study.
Scientific Reasoning	<i>Must be met by a college-level science course.</i>
Quantitative Reasoning	<i>Must be met by a college-level math course or equivalent demonstrated math proficiency.</i>
Historical and Cultural Knowledge and Practice	<input type="checkbox"/> Outcome L7. Articulate the historical and/or cultural context of a particular art form. <input type="checkbox"/> Outcome L8. Express oneself through one or more artistic medium. <input type="checkbox"/> Outcome L9. Explain the value of historical context.
Critical Thinking and Strategic Action	<input type="checkbox"/> Outcome L10. Model civil discourse through purposeful dialogue and/or presentations. <input type="checkbox"/> Outcome L11. Apply problem-solving techniques. <input type="checkbox"/> Outcome L12. Utilize critical thinking to assess information. <input type="checkbox"/> Outcome L13. Demonstrate strategies required to create and execute a plan.

**Explanation:** Please attach a typed explanation that outlines how the course meets the stated core outcome. For example, if you want to request to apply a course to the Urban Life section of the core under outcome U2, you should explain how your course taught you to “identify the opportunities and challenges of urban life”.
