The BSN Degree Program has specific prerequisite and general education core courses needed for consideration. Students will not be considered for admission if these prerequisites are not completed before the April 15 or October 15 deadlines.

For the following prerequisite courses, list when (term & year) you took the course, credits for the course, the type of credits (quarter or semester), and the grade you received. If a science course was taken more than once, list the first two times it was taken and the grade. Note: The title of the course you took may be different from what is listed below, but should be similar.

In addition to the prerequisite courses, BSN applicants must meet the Warner Pacific University Core Requirements. The courses that might meet these requirements will be evaluated upon receipt of official transcripts.

If you are not able to fill out the form in its entirety, please wait to apply for the BSN Degree Program, as your application will not be reviewed by the BSN Degree Program if it is deemed incomplete.

If you are able to fill it out, please proceed to completing a BSN Degree Program application of April 15 (for Fall semester consideration) or October 15 (for Spring semester consideration).

Please note:

RN LICENSURE PROCESS

Warner Pacific (WP) University's Division of Nursing follows the RN licensure statute required by the Oregon State Board of Nursing (OSBN) (Oregon Nurse Practice Act - Division 21). BSN students who have completed all program requirements are eligible to sit for the NCLEX-RN; however, program and NCLEX-RN success do not guarantee eligibility for RN licensure. In particular, the OSBN may not license certain individuals related to prior criminal histories.

If concerned about the impact of health-related diagnoses or findings on a criminal background check, the student is encouraged to contact the OSBN or the board of nursing in the state in which the licensure application will be submitted. The OSBN reviews situations on a case-by-case basis but cannot guarantee a student's eligibility for RN licensure.

WP's BSN Degree Program provides students with information regarding the application process for RN licensure and the NCLEX-RN in the last semester of their baccalaureate program. OSBN provides necessary related steps: (a) students apply to the OSBN and pay required fees; (b) after all final grades have been posted, the BSN Degree Program's Nurse Administrator (Dean) submits the date of graduation through the OSBN portal; (c) still eligible graduates receive an email from Pearson-Vue that includes an Authorization to Test with a proposed testing date/site. OSBN resolves any licensure issues after all steps have been completed."
