Warner Pacific University 2.5-Year Degree Plan

This sample curriculum is designed to show you how a program may be constructed for a transfer student to complete the major in 2.5 years (two years of major coursework plus a semester of full-time student teaching). **This plan assumes you have successfully completed the following college-level coursework that has been approved for transfer to WPU:**

- **At least 42 semester credits of transfer credit**
- **All lower-division core requirements** for Warner Pacific University through one of the following options:
 - Successful completion of an Associate of Arts for Oregon Transfer (AAOT) degree
 - Successful completion of a Washington Direct Transfer Agreement (DTA) associate degree
 - Successful completion of all required individual courses for lower-division core

If you lack any of these requirements, you will need to add them to your degree plan and may require more than 2.5 years for completion. You should work with your academic advisor to design a personalized program of studies.

This program includes multiple courses that are offered every 2 years on a rotating basis. Course offerings will vary depending on the date of your entry into the program.
